

Forest Estates Stormwater Controls Field Walk

Saturday, April 16th Rain or Shine

Begins at 9:00 am at the Inwood Avenue Bridge

The Dept of Environmental Protection (DEP) is planning stormwater controls such as rain gardens, bioretention areas, tree boxes, and pervious sidewalks in your neighborhood.

The goal is to reduce runoff, erosion, and pollution by capturing, holding, and treating stormwater close to where it falls. As a follow-up to the March 16th public meeting, we invite you & your neighbors to join us for a project walk to discuss the proposed designs.

See chart & map below for your street meeting time and location.

Also refer to lookup tables on reverse side for meeting locations. Signs will be posted for the event.
