

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Isiah Leggett  
County Executive

Robert G. Hoyt  
Director

June 12, 2014

Dear Resident,

You are cordially invited to meet our project team! Here are the details:

WHEN:

**Tues June 17, between 6:30 and 8:00 pm.** (See reverse side for map and approx. times)  
If you are unable to attend this date/time, please let me know and we can work something out.

WHAT:

You will have the opportunity at this time to discuss any questions or concerns you may have about our project and/or work planned on or adjacent to your property.

WHERE:

For this meeting, we are planning to start at Midland Rd and walk down to Randolph, then we will relocate to the intersection of Octagon Ln and Anderson St, and walk north to Randolph. Another meeting will be planned for the property owners south of Octagon Ln in the future as the project progresses.

WHO:

I only invited property owners near planned work and access areas, but others are welcome. Our project team includes me and other Dept of Environmental Protection (DEP) staff, our contractor (Highway Safety Services), our project designer (Charles P. Johnson & Associates), and representatives from the Washington Suburban Sanitary Commission (WSSC) who are coordinating some sewer/manhole improvements with our stream project.

**\*\*Please RSVP to me below by June 16 if possible.** Let me know if you have any specific requests. If I don't hear from you, we may or may not knock on your door when we get to your property. The map on the reverse side shows where we plan to meet and walk. You are also welcome to call my mobile to find out where we are. I hope you can make it!

Sincerely,

A handwritten signature in cursive script that reads "Jennifer St. John".
