20. INSPECTIONS

The County has the right to monitor, inspect and evaluate or test all supplies, goods, services, or construction called for by the contract at all reasonable places (including the contractor's place of business) and times (including the period of preparation or manufacture).

21. INSURANCE

Prior to contract execution by the County, the proposed awardee/contractor must obtain at its own cost and expense the minimum insurance specified in the applicable table (See Tables A and B) or attachment to these General Conditions, with one or more insurance company(s) licensed or qualified to do business in the State of Maryland and acceptable to the County's Division of Risk Management. The minimum limits of coverage listed shall not be construed as the maximum as required by contract or as a limitation of any potential liability on the part of the proposed awardee/contractor to the County, nor shall failure by the County to request evidence of this insurance in any way be construed as a waiver of proposed awardee/contractor's obligation to provide the insurance coverage specified. Contractor must keep this insurance in full force and effect during the term of this contract, including all extensions. Unless expressly provided otherwise, Table A is applicable to this contract. The insurance must be evidenced by one or more Certificate(s) of Insurance and, if requested by the County, the proposed awardee/contractor must provide a copy of any and all insurance policies to the County. At a minimum, the proposed awardee/contractor must submit to the Director, Office of Procurement, one or more Certificate(s) of Insurance prior to award of this contract, and prior to any contract modification extending the term of the contract, as evidence of compliance with this provision. The contractor's insurance must be primary. Montgomery County, MD, including its officials, employees, agents, boards, and agencies, must be named as an additional insured on all liability policies. Contractor must provide to the County at least 30 days written notice of a cancellation of, or a material change to, an insurance policy. In no event may the insurance coverage be less than that shown on the applicable table, attachment, or contract provision for required insurance. After consultation with the Department of Finance, Division of Risk Management, the Director, Office of Procurement, may waive the requirements of this section, in whole or in part.

Please disregard TABLE A. and TABLE B., if they are replaced by the insurance requirements as stated in an attachment to these General Conditions of Contract between County and Contractor.

22. INTELLECTUAL PROPERTY APPROVAL AND INDEMNIFICATION - INFRINGEMENT

If contractor will be preparing, displaying, publicly performing, reproducing, or otherwise using, in any manner or form, any information, document, or material that is subject to a copyright, trademark, patent, or other property or privacy right, then contractor must: obtain all necessary licenses, authorizations, and approvals related to its use; include the County in any approval, authorization, or license related to its use; and indemnify and hold harmless the County related to contractor's alleged infringing or otherwise improper or unauthorized use. Accordingly, the contractor must protect, indemnify, and hold harmless the County from and against all liabilities, actions, damages, claims, demands, judgments, losses, costs, expenses, suits, or actions, and attorneys' fees and the costs of the defense of the County, in any suit, including appeals, based upon or arising out of any allegation of infringement, violation, unauthorized use, or conversion of any patent, copyright, trademark or trade name, license, proprietary right, or other related property or privacy interest in connection with, or as a result of, this contract or the performance by the contractor of any of its activities or obligations under this contract.

23. INFORMATION SECURITY

A. Protection of Personal Information by Government Agencies:

In any contract under which Contractor is to perform services and the County may disclose to Contractor personal information about an individual, as defined by State law, Contractor must implement and maintain reasonable security procedures and practices that: (a) are appropriate to the nature of the personal information disclosed to the Contractor; and (b) are reasonably designed to help protect the personal information from unauthorized access, use, modification, disclosure, or destruction. Contractor's requirement to implement and maintain reasonable security practices and procedures must include requiring any third-party to whom it discloses personal information that was originally disclosed to Contractor by the County to also implement and maintain reasonable security practices and procedures related to protecting the personal information. Contractor must notify the County of a breach of the security of a system if the unauthorized acquisition of an individual's personal information has occurred or is reasonably likely to occur, and also must share with the County all information related to the breach. Contractor must provide the above notification to the County as soon as reasonably practicable after Contractor discovers or is notified of the breach of the security of a system. Md. Code Ann., State Gov't. § 10-1301 through 10-1308 (2013).

B. Payment Card Industry Compliance:

In any contract where the Contractor provides a system or service that involves processing credit card payments (a "Payment Solution"), the Payment Solution must be Payment Card Industry Data Security Standard Compliant ("PCI-DSS Compliant"), as determined and verified by the Department of Finance, and must (1) process credit card payments through the use of a Merchant ID ("MID") obtained by the County's Department of Finance by and in the name of the County as merchant of record, or (2) use a MID obtained by and in the name of the Contractor as merchant of record.

24. NON-CONVICTION OF BRIBERY

The contractor hereby declares and affirms that, to its best knowledge, none of its officers, directors, or partners or employees directly involved in obtaining contracts has been convicted of bribery, attempted bribery, or conspiracy to bribe under any federal, state, or local law.

25. NON-DISCRIMINATION IN EMPLOYMENT

The contractor agrees to comply with the non-discrimination in employment policies and/ or provisions prohibiting unlawful employment practices in County contracts as required by Section 11B 33 and Section 27 19 of the Montgomery County Code, as well as all other applicable state and federal laws and regulations regarding employment discrimination.

The contractor assures the County that, in accordance with applicable law, it does not, and agrees that it will not, discriminate in any manner on the basis of race, color, religious creed, ancestry, national origin, age, sex, marital status, disability, or sexual orientation.

The contractor must bind its subcontractors to the provisions of this section.

26. PAYMENT AUTHORITY

No payment by the County may be made, or is due, under this contract, unless funds for the payment have been appropriated and encumbered by the County. Under no circumstances will the County pay the contractor for legal fees. The contractor must not proceed to perform any work (provide goods, services, or construction) prior to receiving written confirmation that the County has appropriated and encumbered funds for that work. If the contractor fails to obtain this verification from the Office of Procurement prior to performing work, the County has no obligation to pay the contractor for the work.

If this contract provides for an additional contract term for contractor performance beyond its initial term, continuation of contractor's performance under this contract beyond the initial term is contingent upon, and subject to, the appropriation of funds and encumbrance of those appropriated funds for payments under this contract. If funds are not appropriated and encumbered to support continued contractor performance in a subsequent fiscal period, contractor's performance must end without further notice from, or cost to, the County. The contractor acknowledges that the County Executive has no obligation to recommend, and the County Council has no obligation to appropriate, funds for this contract in subsequent fiscal years. Furthermore, the County has no obligation to encumber funds to this contract in subsequent fiscal years, even if appropriated funds may be available. Accordingly, for each subsequent contract term, the contractor must not undertake any performance under this contract until the contractor receives a purchase order or contract amendment from the County that authorizes the contractor to perform work for the next contract term.

27. P-CARD OR SUA PAYMENT METHODS

The County is expressly permitted to pay the vendor for any or all goods, services, or construction under the contract through either a procurement card ("p-card") or a Single Use Account ("SUA") method of payment, if the contractor accepts the noted payment method from any other person. In that event, the County reserves the right to pay any or all amounts due under the contract by using either a p-card (except when a purchase order is required) or a SUA method of payment, and the contractor must accept the County's p-card or a SUA method of

payment, as applicable. Under this paragraph, contractor is prohibited from charging or requiring the County to pay any fee, charge, price, or other obligation for any reason related to or associated with the County's use of either a p-card or a SUA method of payment.

28. PERSONAL PROPERTY

All furniture, office equipment, equipment, vehicles, and other similar types of personal property specified in the contract, and purchased with funds provided under the contract, become the property of the County upon the end of the contract term, or upon termination or expiration of this contract, unless expressly stated otherwise.

29. TERMINATION FOR DEFAULT

The Director, Office of Procurement, may terminate the contract in whole or in part, and from time to time, whenever the Director, Office of Procurement, determines that the contractor is:

- (a) defaulting in performance or is not complying with any provision of this contract;
- (b) failing to make satisfactory progress in the prosecution of the contract; or
- (c) endangering the performance of this contract.

The Director, Office of Procurement, will provide the contractor with a written notice to cure the default. The termination for default is effective on the date specified in the County's written notice. However, if the County determines that default contributes to the curtailment of an essential service or poses an immediate threat to life, health, or property, the County may terminate the contract immediately upon issuing oral or written notice to the contractor without any prior notice or opportunity to cure. In addition to any other remedies provided by law or the contract, the contractor must compensate the County for additional costs that foreseeably would be incurred by the County, whether the costs are actually incurred or not, to obtain substitute performance. A termination for default is a termination for convenience if the termination for default is later found to be without justification.

30. TERMINATION FOR CONVENIENCE

This contract may be terminated by the County, in whole or in part, upon written notice to the contractor, when the County determines this to be in its best interest. The termination for convenience is effective on the date specified in the County's written notice. Termination for convenience may entitle the contractor to payment for reasonable costs allocable to the contract for work or costs incurred by the contractor up to the date of termination. The contractor must not be paid compensation as a result of a termination for convenience that exceeds the amount encumbered to pay for work to be performed under the contract.

31. TIME

Time is of the essence.

32. WORK UNDER THE CONTRACT

Contractor must not commence work under this contract until all conditions for commencement are met, including execution of the contract by both parties, compliance with insurance requirements, encumbrance of funds, and issuance of any required notice to proceed.

33. WORKPLACE SAFETY

The contractor must ensure adequate health and safety training and/or certification, and must comply with applicable federal, state and local Occupational Safety and Health laws and regulations.

THIS FORM MUST NOT BE MODIFIED WITHOUT THE PRIOR APPROVAL OF THE OFFICE OF THE COUNTY ATTORNE

Wage Requirements for Services Contract Addendum to The General Conditions of Contract Between County and Contractor

- A. This contract is subject to the wage requirements of Section 11B-33A of the Montgomery County Code. A County contract for the procurement of services must require the contractor and any of its subcontractors to comply with the wage requirements of this Section, subject to exceptions from coverage for particular contractors noted in 11B-33A(b) and for particular employees noted in 11B-33A(f).
- B. Conflicting requirements (11B-33A(g)): If any federal, state, or County law or regulation requires payment of a higher wage, that law or regulation controls. If any applicable collective bargaining agreement requires payment of a higher wage, that agreement controls.
- C. Nonprofit organizations who are exempt from the wage requirements under 11B-33A must specify the wage the organization intends to pay to those employees who will perform direct, measurable work under the contract, and any health insurance the organization intends to provide to those employees.
- D. A contractor must not split or subdivide a contract, pay an employee through a third party, or treat an employee as a subcontractor or independent contractor, to avoid the imposition of any requirements in 11B-33A.
- E. Each contractor and subcontractor covered under 11B-33A must: certify that it is aware of and will comply with the applicable wage requirements; keep and submit any verifiable records necessary to show compliance; and conspicuously post notices, approved and/or supplied by the County, informing employees of the wage requirements.
- F. An employer must comply with Section 11B-33A during the initial term of the contract and all subsequent renewal periods and must pay an increase adjustment in this wage rate, if any, automatically effective July 1 of each year. The County will adjust the wage rate by the annual average increase in the Consumer Price Index for all urban consumers for the Washington-Baltimore metropolitan area, or successor index, for the previous calendar year and must calculate the adjustment to the nearest multiple of 5 cents.
- G. An employer must not discharge or otherwise retaliate against an employee for asserting any right or filing a complaint of a violation, under the wage requirements.
- H. The sanctions under Section 11B-33(b), that apply to noncompliance with nondiscrimination requirements, apply with equal force and scope to noncompliance with the wage requirements under 11B-33A.
- I. The County may assess liquidated damages for any noncompliance by contractor with the Section 11B-33A wage requirements at the rate of 1% per day of the total contract amount, or for a requirements contract, the estimated annual contract value, for each day of the violation. This liquidated damage amount includes the amount of any unpaid wages, with interest. In the event of a breach of contract under this paragraph, the Contractor must pay to the County liquidated damages noted above, in addition to any other remedies available to the County. Contractor and County acknowledge that damages that would result to the County as a result of a breach under this paragraph are difficult to ascertain, and that the liquidated damages provided for in this paragraph are fair and reasonable in estimating the damage to the County resulting from a breach of this paragraph by Contractor. In addition, the contractor is jointly and severally liable for any noncompliance by a subcontractor. Furthermore, Contractor agrees that an aggrieved employee, as a third-party beneficiary, may by civil action enforce the payment of wages due under the Section 11B-33A wage requirements and recover from Contractor any unpaid wages with interest, a reasonable attorney's fee, and damages for any retaliation for asserting any right or claim under the 11B-33A wage requirements.
- J. The Director may conduct random audits to assure compliance with Section 11B-33A. The Director may conduct an on-site inspection(s) for the purpose of determining compliance.
- K. If the Contractor fails, upon request by the Director, to submit documentation demonstrating compliance with Section 11B-33A to the satisfaction of the Director, the Contractor is in breach of this contract. In the event of a breach of contract under this paragraph, upon request by the County, the Contractor must pay to the County liquidated damages noted in paragraph I. above, in addition to any other remedies available to the County. Contractor and County acknowledge that damages that would result to the County as a result of a breach under this paragraph are difficult to ascertain, and that the liquidated damages provided for in this paragraph are fair and reasonable in estimating the damage to the County resulting from a breach of this paragraph by Contractor.
