The County agrees, and will require the County Licensee to agree to, not keep in or upon the Leased Premises or any part thereof, any article, supplies, or equipment, which may be prohibited by the standard form of fire or hazard insurance policy, or to do any act or thing upon the Leased Premises or in or about the Building which makes void or voidable any insurance on the Leased Premises or the Building. In the event that the County or the County Licensee keeps articles on the Leased Premises that cause any increase in the insurance premiums for the Leased Premises or the Building, the County, or the County Licensee, shall pay the additional premiums as they become due and payable within ten (10) days after notice or demand therefor. The Parties agree that the County's Division of Risk Management or the County Licensee will purchase and maintain any required additional policies. For the purposes of this Section 12, the "County" includes Montgomery County, Maryland and its officers, directors, managers, and officials. This indemnification is subject to the notice requirements and the liability and damage caps stated in the LGTCA. This indemnification shall not be considered to be a waiver of governmental immunity and is not intended to create any rights or causes of action in third parties. Any indemnification by the County is subject to the availability of appropriations from its funding authorities. The County shall not, however, be liable for damage or injury occasioned by the acts or omissions of the Board or its employees or agents, or the Board's failure to comply with its obligations hereunder. Nothing herein shall be construed to abrogate, impair, or waive any defense to liability, damages limitation, or governmental immunity of the County, its officials, officers, employees, or agents pursuant to Maryland law, or otherwise.
- D. The Board agrees to hold harmless and hereby indemnifies the County, from and against any and all claims, actions, damages, liability, and expense (including, reasonable attorneys' fees and court costs) in connection with loss of life, personal injury, or damage to property arising from or out of any occurrence, or occasioned by any negligent act or omission or willful misconduct of the Board or its employees at or upon the Leased Premises, or the occupancy or use by the Board of the Leased Premises. For the purposes of this Section 12, the "Board" includes the Board of Education of Montgomery County and its officials, officers, employees, and agents. This indemnification is subject to the notice requirements and the liability and damage caps stated in the Maryland Education Article of the Annotated Code of Maryland. Any indemnification by the Board is subject to the availability of appropriations from its funding authorities. This indemnification is not intended to create any rights or causes of action in third parties. The Board shall not, however, be liable for damage or injury occasioned by the acts or omissions of the County or the County's Licensee or either of their respective agents, employees, contractors or invitees, or the County's failure to comply with its obligations under this Lease.

- F. The County shall require the County Licensee to provide evidence of insurance coverage for the lease of the Leased Premises (not for services rendered) as follows:
 - i. All liability policies shall contain provisions naming the County and the Board as additional insureds, and shall contain a provision that each said policy shall not be canceled or terminated without thirty (30) days written notice to the County and to the Board per the Notice provisions in Section 30 of this Lease.
 - v. The County will require the County Licensee to provide the Board copies of the County

Licensee's insurance policies upon request and certificates of insurance within thirty (30) days of the execution of the County's license agreement with the County Licensee and on an annual basis thereafter.

- G. All certificates of insurance shall be issued to: The Board of Education of Montgomery County, c/o Montgomery County Public Schools, Department of Facilities Management, 45 West Gude Drive, Suite 4000, Rockville, Maryland 20850.
- H. The County will require the County Licensee to indemnify, defend and hold harmless the County and the Board from all claims, actions, damages, liability, and expenses (including, without limitation, reasonable attorneys' fees, and court costs), arising out of any occurrence or occupancy of the Leased Premises or of the exterior use of the Building arising under any license agreement between the County and the County Licensee.
- I. If a casualty or other occurrence which should be covered by the insurance required by this Lease occurs, the County will require the County Licensee to look solely to its insurer for reimbursement, and the County Licensee shall ensure that such insurance is so written that the County Licensee's insurer waives all rights of subrogation and shall have no cause of action against the County, the Board, or their respective agents, employees, contractors or invitees as a result of such casualty or occurrence. The County will require the County Licensee to waive and release all right of recovery which it might otherwise have against the County or the Board or their respective agents, employees, contractors or invitees by reason of any loss or damage resulting from such casualty or other occurrence.
- J. Notwithstanding anything to the contrary in this Lease, from and after the date hereof, (i) any goods, automobiles, property, or personal effects stored or placed by the County or the County Licensee in or about the Leased Premises shall be at the sole risk of such party, and the County and the County Licensee hereby expressly waive their right to recover against the Board, except to the extent of the Board's negligence or willful misconduct, and subject always to applicable Laws, and (ii) each of the Board and the County acknowledges to the other that neither Party shall be liable to the other for indirect, consequential, incidental or

punitive damages or damages for lost profits, arising out of the loss or damage to any person or property of such Party, or otherwise in connection with this Lease.

13. DESTRUCTION OF LEASED PREMISES: In the event of damage or destruction of the Leased Premises by fire or any other casualty, this Lease shall not be terminated, but the Leased Premises shall be promptly and fully repaired and restored as the case may be by the Board to the extent of the Board's insurance proceeds, provided such repair and or restoration returns the Leased Premises to substantially the same condition prior to such damage or destruction. Due allowance, however, shall be given for reasonable time required for adjustment and settlement of insurance claims, and for such other delays as may result from government restrictions, and controls on construction, if any, and for strikes, national emergencies and other conditions beyond the control of the Board. It is agreed that in the event of damage or destruction, this Lease shall continue in full force and effect, except for abatement of rent as provided herein.

If the condition is such as to make the entire Leased Premises untenable, then the rent which the County is obligated to pay hereunder shall abate as of the date of the occurrence until the Leased Premises have been fully restored by the Board. Any unpaid or prepaid rent for the month in which said condition occurs shall be prorated and credited or paid to the appropriate Party. If the Leased Premises are partially damaged or destroyed, then during the period that the County is deprived of the use of the damaged portion of said Leased Premises, the County shall only be required to pay rent prorated to reflect that portion of the Leased Premises which continues to be tenantable and appropriate for the County's use of the Leased Premises. The Board will proceed at its expense to the extent of its insurance proceeds, and as expeditiously as may be practicable to repair the damage.

Notwithstanding any of the foregoing, the Board shall not be required to expend any funds, other than insurance proceeds, to repair the Leased Premises which have been damaged by casualty. In the event that the Board elects not to repair the damage because of a lack of insurance proceeds, or because the damages are so extensive to make repair economically unfeasible, in which event and at the Board's sole option, the Board may terminate this Lease forthwith, by giving the County a written notice of its intention to terminate within sixty (60) days after the date of the casualty.

No compensation, or claim, or diminution of rent other than as described above will be allowed or paid, by the Board, by reason of inconvenience, annoyance, or injury to business, arising from the necessity of repairing the Leased Premises or any portion of the Building of which they are a part.

14. HAZARDOUS MATERIALS:

- A. For purposes hereof, the term “Hazardous Materials” means Hazardous Material, Hazardous Substance, Pollutant or Contaminant, and Petroleum and Natural Gas Liquids, as those terms are defined or used in Section 101 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, and any other substances regulated because of their effect or potential effect on public health, public safety, or the environment, including, without limitation, PCBs, lead paint, asbestos, urea formaldehyde, radioactive materials, putrescible materials, and infectious materials. The term Hazardous Materials excludes common cleaning and maintenance supplies in sufficient quantities to permit the efficient operation of the childcare center on the Leased Premises, provided that such supplies are stored, contained and otherwise dealt with in accordance with applicable Hazardous Materials Law. The term “Hazardous Materials Law” means any present or future federal, state, or local law, code, rule, regulation, ordinance, order, standard, permit, license, guidance document, or requirement (including consent decrees, judicial decisions and administrative orders) together with all related amendments, implementing regulations and re-authorizations, relating to industrial hygiene, environmental or unsafe conditions and/or the protection, preservation, conservation, or regulation of the environment.

- B. The County will not use or permit the Leased Premises to be used in violation of any Hazardous Materials Laws. The County assumes sole and full responsibility for, and will remedy at its cost, all such violations, by the County or County’s Licensee or any of their respective agents, employees, contractors or invitees, provided that County must first obtain the Board’s written approval of any remedial actions, which approval the Board may not unreasonably withhold. The County will not use, generate, release, store, treat, dispose of, or otherwise deposit, in, on, under or about the Lease Premises, any Hazardous Materials, nor will the County permit or allow County Licensee to do so, without the Board’s prior

written consent; provided however, that the County and its affiliates, including its County Licensee, without the Board's consent, may use toner, ordinary cleaning supplies, and other substances commonly found in educational facilities or used in the normal business operations of a childcare center as long as they are used and stored in compliance with Hazardous Materials Law.

15. BOARD'S RIGHT OF INSPECTION: The Board shall be entitled to visit and inspect the Leased Premises during reasonable hours and with at least 48 hours' prior notice but shall be under no obligation to make any visits or inspections. In the event of fire, property damage, or other emergency, the Board, its employees, or agents may have immediate access to the Leased Premises without the need to provide any notice to the County or the County Licensee to prevent further damage or injury. The Board, with at least 48 hours' prior notice shall have access to the Leased Premises at any other time for the purpose of performing any work required to be performed by the Board, or which the Board considers necessary or desirable, or for any purpose for the reasonable protection of said Leased Premises or of the Building of which the Leased Premises are a part.

16. CONDITION OF LEASED PREMISES: The County agrees to maintain the Leased Premises, including all improvements therein, in good condition and state of repair throughout the Term of this Lease and any Renewal Terms.

17. QUIET POSSESSION: The Board covenants and warrants that it has delivered to the County exclusive possession of the Leased Premises for the purposes set forth in this Lease and, so long as the County complies with all of the County's obligations under this Lease, the Board shall, provided the Lease is in full force and effect, take all necessary steps to secure and to maintain for the benefit of the County and the County Licensee the quiet and peaceful possession and enjoyment of the Leased Premises and all rights appurtenant thereto.

18. NOTICE OF ACCIDENTS AND/OR DEFECTS: The County shall give and shall require the County Licensee to give, prompt written notice to the MCPS DFM of accidents on or about or of damages or defects in the Leased Premises or the Building in which the Leased Premises are a

part.

19. EMINENT DOMAIN: Upon the condemnation or exercise of the power of eminent domain by any applicable governmental authority over the Leased Premises or the Building, the Board is entitled to receive any award from a governmental authority for the fair market value of the land and improvements upon which the Leased Premises are located. Provided that such condemnation or exercise of eminent domain is not a result of the acts or omissions of the County, the County Licensee or any of their respective agents, employees, contractors or invitees, then the County shall not be precluded from claiming, proving, and receiving, in a separate claim filed by the County against the authority exercising the power of eminent domain, such sums to which the County may be entitled as compensation, provided that such a separate claim does not interfere with or reduce the Board's award. The County or the Board may terminate this Lease upon exercise of eminent domain by a condemning authority that renders the Leased Premises unfit for the use set forth in Section 5 herein.

20. EVENT OF DEFAULT AND RIGHTS OF THE PARTIES:

- A. The County shall be in default of this Lease if it fails in the payment when due of any Rent, or any other fee or charge due under this Lease, and such failure continues for ten (10) days from the date the Board delivers the County with written notice of such failure.
- B. The Board or the County shall be deemed to be in default of this Lease if either Party fails to perform any provision, covenant, condition, or agreement of this Lease (other than the payment of Rent) continuing for more than thirty (30) after the defaulting Party receives written notice from the non-defaulting Party stating the manner in which the defaulting Party has failed to perform. The defaulting Party shall be liable for any and all loss or damage resulting to the other Party from any such default to the extent permitted by applicable law.
- C. If the defaulting Party fails to cure the event of default, the non-defaulting Party may, upon giving not less than thirty (30) days' written notice, terminate this Lease and, upon such termination, the Board may re-enter the Leased Premises and have the possession of the

same on the date of termination, or on any later date specified in the notice. Notwithstanding anything to the contrary set forth herein or elsewhere in this Lease, each Party shall have the rights and remedies as set forth in Section 43 of this Lease.

21. WAIVER: No waiver by the Board or the County of any breach of any covenant, condition, or agreement herein contained shall operate as a waiver of the covenant, condition, or agreement itself or of any subsequent breach thereof.

22. ASSIGNMENT AND LICENSING: The County shall not assign this Lease without the prior written consent of the Board, provided that such consent will not be unreasonably withheld, conditioned or delayed. Following the Montgomery County Health and Human Services Re-Bid process and the election of a County Licensee, the County agrees to provide a copy of any proposed license agreement to the MCPS DFM director for approval prior to presentation to a County Licensee. MCPS DFM shall approve or reject the license agreement within 10 days of receipt, in its sole, but reasonable, discretion, and the failure to do so within such 10- day period shall be deemed an approval of the license agreement by MCPS DFM. The above notwithstanding, the Board hereby approves the licensing of the Leased Premises to Montgomery Child Care Association as the County Licensee hereunder, the licensed childcare provider selected by the County for the sole purpose of operating a childcare program in the Leased Premises.

23. SURRENDER OF POSSESSION:

- A. At the conclusion of the Term as set forth in Section 2, or following the termination of this Lease for any other cause, the County must remove, and require the County Licensee to remove, all of its goods and effects from the Leased Premises and return to the Board all keys, locks, and other fixtures belonging to the Board, in good condition and repair, reasonable wear and tear excepted.
- B. The County shall return the Leased Premises to the Board in the same condition as received at the beginning of the Initial Term, in “broom clean” condition, reasonable wear and tear excepted.

C. In the event that the County's property or the County Licensee's property is not removed from the Leased Premises within 72 hours after the termination of this Lease, the property remaining will become the property of the Board. Following termination of this Lease, the County must remove any and all signs erected by or on behalf of the County or the County Licensee and must pay for or repair any damage caused by the installation or removal of such signage. At the time of termination of this Lease, and at the Board's option, the County must participate in a walk-through with the Board's agent or employee to inspect the Leased Premises.

24. HOLDOVER: In the event that the County or the County Licensee shall continue to occupy said Leased Premises or any part thereof after the conclusion of the Term or any Renewal Term, the tenancy thus created shall be deemed to be upon a month-to-month basis and may be terminated by either Party giving the other not less than thirty (30) days' written notice, to expire on the day of the month from which the tenancy commenced. During any month-to-month tenancy, both Parties shall continue to observe all agreements and covenants contained in this Lease.

25. REVIEW OF MSDE RECORDS. The County agrees that its license agreement with its County Licensee shall include a provision that gives the County and the Board written authorization to review relevant records maintained by the (MSDE), Office of Child Care, on the County Licensee's operations, as permitted by law.

26. NON-APPROPRIATION: This Lease shall terminate automatically on July 1 of any year for which the Montgomery County Council does not make an appropriation of funds for the County to pay the obligations stated in this Lease. The County shall give the Board at least thirty (30) days written notice of the lack of appropriation. The County shall not make or to be entitled to make any claims for reimbursement of any kind, except for prepaid items or as otherwise agreed to in this Lease in writing by the Parties.

27. BENEFIT AND BURDEN: All of the covenants, provisions, terms, agreements, and conditions of this Lease shall inure to the benefit of and be binding upon the Board, its successors

or assigns, and upon the County, its successors or assigns.

28. THIRD PARTY BENEFICIARIES: The Parties agree that the County's Licensee is a third-party beneficiary of this Lease. Other than the County Licensee, none of the provisions of this Lease are intended for the benefit of any other third party, and no such other third party shall have the right to enforce the provisions of this Lease.

29. MAILING NOTICES: All notices required or desired to be given hereunder by either Party shall be given in writing and shall be addressed as follows:

The County shall require the County Licensee to comply with all applicable statutes, ordinances, rules, regulations and Board policies and MCPS regulations which

have been provided to the County in writing and that are available for review at www.montgomeryschoolsmd.org/departments/policy/.

31. NON-DISCRIMINATION: The County agrees to comply with and will require the County Licensee to comply with the non-discrimination policies of the Board and all applicable laws regarding discrimination, including employment discrimination. The County agrees that it will not discriminate in any manner on the basis of race, color, religious creed, sex, marital status, national origin, ancestry, disability, sexual orientation, gender identity, or genetic status and to require the County Licensee, other agents, or related parties to follow the same non-discrimination requirements.

32. MARYLAND LAWS REGARDING SEX OFFENDERS AND PERSONS WITH UNCONTROLLED ACCESS TO CHILDREN: Maryland Law requires that any person who enters into a contract with a local school system “may not knowingly employ an individual to work at a school” if the individual is a registered sex offender. Under § 11-722 of the Criminal Procedure Article of the Maryland Code, an employer who violates this requirement is guilty of a misdemeanor and, if convicted, may be subject to up to five year’s imprisonment and/or a \$5000 fine. Effective July 1, 2015, amendments to § 6-113 of the Education Article of the Maryland Code further require that a contractor or subcontractor for a local school system may not knowingly assign an employee to work on school premises with direct, unsupervised, and uncontrolled access to children, if the employee has been convicted of, or pled guilty or nolo contendere to, a crime involving:

- A. A sexual offense in the third or fourth degree under § 3–307 or § 3–308 of the Criminal Law Article of the Maryland Code or an offense under the laws of another state that would constitute an offense under § 3–307 or § 3–308 of the Criminal Law Article if committed in Maryland;
- B. Child sexual abuse under § 3-602 of the Criminal Law Article, or an offense under the laws of another state that would constitute child sexual abuse under § 3-602 of the Criminal Law Article if committed in Maryland; or

C. A crime of violence as defined in § 14–101 of the Criminal Law Article, or an offense under the laws of another state that would be a violation of § 14–101 of the Criminal Law Article if committed in Maryland, including: (1) abduction; (2) arson in the first degree; (3) kidnapping; (4) manslaughter, except involuntary manslaughter; (5) mayhem; (6) maiming; (7) murder; (8) rape; (9) robbery; (10) carjacking; (11) armed carjacking; (12) sexual offense in the first degree; (13) sexual offense in the second degree; (14) use of a handgun in the commission of a felony or other crime of violence; (15) child abuse in the first degree; (16) sexual abuse of a minor; (17) an attempt to commit any of the crimes described in items (1) through (16) of this list; (18) continuing course of conduct with a child under § 3-315 of the Criminal Law Article; (19) assault in the first degree; (20) assault with intent to murder; (21) assault with intent to rape; (22) assault with intent to rob; (23) assault with intent to commit a sexual offense in the first degree; and (24) assault with intent to commit a sexual offense in the second degree.

The County shall require the County Licensee to submit within no later than thirty (30) days after execution of the License Agreement, a letter confirming that its direct employees and those of any subcontractors and/or independent contractors assigned to perform work in the Leased Premises meet the obligations set forth above. Additionally, the County shall require the County Licensee to confirm that it continues to meet this obligation throughout the Term and/or when there are changes in the workforce that the County Licensee and/or its subcontractors use to operate its childcare program in the Leased Premises. The term “workforce” includes all of the County Licensee’s direct employees, subcontractors, and their employees, and/or independent contractors and their employees that the County Licensee uses to operate its childcare program in the Leased Premises.

33. MARYLAND CRIMINAL BACKGROUND CHECK LAW: The County shall require that its County Licensee comply with Maryland laws regarding required criminal background checks. § 5-551 of the Family Law Article of the Maryland Code requires that any local school system or childcare center, and any contractor or subcontractor of a local school system or childcare center, ensure that any individuals in its workforce undergo a criminal background check, including

fingerprinting, if the individuals will work in a school or childcare facility in circumstances where they have direct, unsupervised, and uncontrolled access to children. Upon the execution of the County's license agreement with the County Licensee, the County shall require the County Licensee to:

- A. Implement the background check process in accordance with Maryland law and MSDE childcare licensing requirements as set forth in Code of Maryland Regulations 13A.16.06;
- B. Comply with any determination by MSDE to prohibit the employment of an individual based on the criminal background check;
- C. Ensure that all individuals in the County Licensee's workforce receive training on recognizing, reporting, and preventing child abuse and neglect in accordance with Code of Maryland Regulations 13A.16.06.02; and
- D. Provide all individuals in the County Licensee's workforce with an identification badge to be worn at all times in the Building.

34. PESTICIDES USE IN SCHOOL: The Board has implemented a regulation regarding integrated pest management in schools, labeled ECF-RB, attached hereto and incorporated herein as Exhibit D in accordance with the Annotated Code of Maryland, Agriculture Article. The County agrees to comply with, and will require the County Licensee to comply with, the integrated pest management program established for the Building within its Leased Premises by following the procedures outlined in the regulation.

35. RECYCLING: All public facilities are required by the Montgomery County Government to recycle 50 percent of all solid waste material generated. The Board has implemented a regulation regarding recycling, labeled ECF-RC, attached hereto and incorporated herein as Exhibit E. The County agrees to comply with and will require the County Licensee to comply with the recycling plan for the Leased Premises by collecting recyclable waste material generated by its operation into appropriate receptacles provided by the County or the County Licensee for this purpose.

36. NO BROKERS: The Board and the County each represent and warrant to the other that it has not retained any broker, agent, or finder to solicit or secure this Lease upon an agreement or understanding for a commission, percentage, brokerage or contingent fee.

37. ETHICS REQUIREMENT: The Board assures the County that it shall adhere to its own ethics Policies and regulations as authorized and approved by the State of Maryland pursuant to Maryland Code General Provisions, Title 5, Subtitle 8, Part III. The County assures the Board that it shall adhere to its own ethics policies and regulations pursuant to Chapter 19A and Section 11B-52 of the Montgomery County Code (2014), as amended.

38. NO PARTNERSHIP: Nothing contained in this Lease shall be deemed or construed to create a partnership or joint venture of or between the Board and the County, or to create any other relationship between the Board and the County other than that of landlord and tenant.

39. CERTAIN OBLIGATIONS TO SURVIVE: The provisions set forth in Section 12, Section 14, Section 20, and Section 45, as well as any other of the County's obligations and warranties, which directly or indirectly are intended by their nature or by implication to survive the County's performance, including the County's obligation to pay Rent and any other sums of money due and payable to the Board under the terms of this Lease, shall survive the expiration, cancellation, or earlier termination of the Lease. Section 26, Non-Appropriation, is not affected by this Section 39.

40. FORCE MAJEURE: Neither Party shall be required to perform its obligations under this Lease, nor shall it be liable for loss or damage for failure to do so, where such failure arises from or through acts of God, global pandemic (such as COVID-19), strikes, lockouts, labor difficulties, explosions, sabotage, accidents, riots, civil commotions, acts of war, results of any warfare or warlike conditions in this or any foreign country, fire or casualty, energy shortage, or other causes beyond its reasonable control, unless such loss or damage results from its willful misconduct or negligence. Failure to meet monetary obligations shall not be excused by Force Majeure.

41. INVALIDITY OF PARTICULAR PROVISIONS: If any term or provision of this Lease or the application thereof to any person or circumstance shall, to any extent, be invalid or unenforceable, the remaining terms and provisions of this Lease, or the application of such term or provision to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby, and each term and provision of this Lease shall be valid and enforced to the fullest extent permitted by law.

42. ENTIRE AGREEMENT: This Lease contains all of the agreements and conditions made between the Parties and may not be modified in any manner other than by an agreement in writing duly executed by the Parties or their respective successors in interest.

43. RIGHTS AND REMEDIES: In addition to any and all rights and remedies specifically mentioned in this Lease, the Parties shall have all rights and remedies granted by Law or in equity. Resort to one remedy shall not be construed as a waiver of any other remedy. Failure by the Parties to resort to any or all of their respective rights or remedies shall not be considered to be a waiver of such rights or remedies, nor to be acquiescence of any Party in any action or default.

44. CAPTIONS: The captions, numbers and index appearing herein are inserted only as a matter of convenience and are not intended to define, limit, construe or describe the scope or intent of any Section, nor in any way affect this Lease.

45. GOVERNING LAW: This Lease shall be governed by and enforced under the laws of the State of Maryland.

46. WAIVER OF JURY TRIAL: THE PARTIES HEREBY WAIVE TRIAL BY JURY IN ANY ACTION, PROCEEDING, OR COUNTERCLAIM BROUGHT BY ONE AGAINST THE OTHER WITH RESPECT TO ANY MATTER WHATSOEVER ARISING OUT OF OR IN ANY WAY CONNECTED WITH THIS LEASE, THE RELATIONSHIP OF THE COUNTY AND THE BOARD HEREUNDER, THE USE OR OCCUPANCY OF THE LEASED PREMISES BY THE COUNTY OR ITS COUNTY LICENSEE, OR ANY CLAIM OF INJURY OR DAMAGE, INCLUDING THE TERMINATION OF THIS LEASE OR THE COUNTY LICENSEE'S

EVICTON FROM THE LEASED PREMISES.

Service Animals in Schools

I. PURPOSE

To establish procedures for the use of service animals by Montgomery County Public Schools (MCPS) students, employees, and visitors to MCPS properties

II. BACKGROUND

MCPS acknowledges its responsibility to permit individuals with disabilities to be accompanied by service animals in its facilities, school buildings, in classrooms, or at school functions, as required by the *Americans with Disabilities Act* and the *Americans with Disabilities Act Amendments Act of 2008*.

III. DEFINITIONS

A. *Individual with a disability* is

1. A person with a physical or mental impairment that substantially limits one or more major life activities;
2. A person with a record of such an impairment; or
3. A person regarded as having such an impairment.

B. *Service animal* means any dog, or under specific circumstances, a trained miniature horse, that is individually trained to do work or perform tasks for the benefit of an individual with a disability.

- C. A *service dog in training* is a dog that does not currently meet the definition of “service animal” but is undergoing a process of instruction designed to lead to its employment as a service dog. A service dog in training is owned by an accredited organization that trains dogs for future employment as service dogs, and that organization is responsible for any damages or injuries caused by its dog.

IV. PROCEDURES

A. Access to Public Services, Programs, or Activities

Individuals with disabilities are permitted to be accompanied by their service animals in all areas of MCPS properties, as relevant, where members of the public, students, and employees are allowed to go.

1. When an individual with a disability brings a service animal to an MCPS property, MCPS employees shall not ask about the nature or extent of a person’s disability, but may make the following two inquiries to determine whether an animal qualifies as a service animal:
 - a) If the animal is required because of a disability
 - b) What work or task the animal has been trained to perform
2. MCPS employees shall not make these inquiries of an individual with a disability bringing a service animal to an MCPS property when it is readily apparent that an animal is trained to do work or perform tasks for an individual with a disability.
3. An individual with a disability may not be required to provide documentation such as proof that the animal has been certified, trained, or licensed as a service animal.

B. Requirements

1. The animal must be a dog or, under certain conditions, a miniature horse.
2. The animal must be individually trained to do work or a task for the individual with a disability.
3. A service animal must be under the control of its handler. A service animal must have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or

the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the handler's control (e.g., voice control, signals, or other effective means).

4. MCPS is not responsible for the care or supervision of a service animal.

C. Miniature Horses

1. In assessing whether a miniature horse may be permitted into a specific facility as a service animal, the following factors shall be considered:
 - a) The type, size, and weight of the miniature horse and whether the facility can accommodate these features;
 - b) Whether the handler has sufficient control of the miniature horse;
 - c) Whether the miniature horse is housebroken; and
 - d) Whether the miniature horse's presence in the specific facility compromises legitimate safety requirements that are necessary for safe operation.
2. Sections I through IV of this Regulation shall also apply to miniature horses.

D. Making Arrangements for Service Animals Required by Employees or Students

1. The Office of Human Resources and Development is the resource for MCPS employees who may require service animals and is responsible for assisting employees and schools, as necessary, with making arrangements for service animals required by employees.
2. The MCPS Office of Special Education and Student Services is the resource for parents of students who may require service animals and is responsible for assisting parents, students, and schools with making arrangements for service animals required by students.
3. Employees using service animals and parents of students with disabilities using service animals should proactively collaborate with school staff members to make arrangements for the service animal at school. The

following are examples of arrangements that may be considered, as necessary:

- a) A rest place and rest time for the service animal
 - b) Appropriate areas and times of the day for the service animal to relieve itself
 - c) Information, as needed, for employees and students about the service animal
 - d) Clarification, as needed, of emergency procedures
4. Individuals with disabilities, employees, or parents of students with disabilities, who are assisted by service animals, are responsible for providing supplies and equipment needed by the service animal.

E. Liability and Care

1. Owners of service animals are liable for any harm or injury caused by the animal to other students, staff, visitors, and/or property.
2. Students with service animals are expected to care for and supervise their animals. In the case of a young child or a student with disabilities who is unable to care for or supervise his/her service animal, the parent/guardian is responsible for providing care and supervision of the animal. Issues related to the care and supervision of service animals will be addressed on a case-by-case basis at the discretion of the building administrator.

F. Removal or Exclusion of a Service Animal

A school administrator may ask an individual with a disability or parents/guardians of a student with a disability to remove a service animal from an MCPS property if any one of the following circumstances occurs:

1. The animal is out of control and the animal's handler does not take effective action to control it.
2. The animal is not housebroken.
3. The animal's presence would fundamentally alter the nature of the service, program, or activity.

4. If an animal is properly excluded, MCPS shall give the individual with a disability the opportunity to participate in the service, program, or activity without having the service animal on the premises.

G. Service Animals in Training

1. MCPS permits service dogs in training on school property, under conditions specified below. The training cannot disrupt or interfere with the school's education process. It is not expected that training would normally take place in the classroom during instructional time.
2. No more than one service dog in training is permitted at a particular school at any time.
3. The organization that owns the service dog in training must provide the following:
 - a) Documentation of immunization, proof of liability insurance, and assurances that the dog is housebroken and at least six months old.
 - b) A plan, submitted to the principal, describing how the dog will be managed in the school, including arrangements detailed in section IV.D.3 above.
 - c) A harness, vest, or other appropriate equipment identifying the animal as a service dog in training, which the dog must wear at all times while on MCPS property.
4. A service dog in training may be excluded from an MCPS property as described in section IV.F. above.
5. At the discretion of the school's principal, MCPS may grant access to an MCPS school by a trainer from the organization who is part of a three-unit service dog team and is conducting continuing training of a service dog on school property for school-related business or activities.

Sustainability

A. PURPOSE

To affirm the Montgomery County Board of Education's commitment to sustainability practices, including energy conservation and efficiency

To establish a framework and decision-making priorities for environmentally sustainable practices in Montgomery County Public Schools (MCPS)

To promote effective educational opportunities that allow students and staff to understand the consequences of human-induced environmental change on individual and collective health and well-being and consider the environmental impact and costs of decision making at all levels

To set the expectation for environmentally sustainable practices, equitably deployed across the MCPS system to promote the health and wellness of students and staff

B. ISSUE

MCPS is among the largest school systems in the country, and is the largest in the state of Maryland, in terms of enrollment. MCPS serves a county that encompasses approximately 500 square miles, spanning from rural to urban settings, and whose tributaries feed into the Chesapeake Bay watershed. Due to the number of facilities needed to support our educational mission, MCPS is one of the largest consumers of energy and other natural resources in the county.

MCPS must intentionally, equitably, and progressively reduce its environmental impact and costs, while improving health and wellness, and provide effective environmental and sustainability education.

A comprehensive approach to sustainability and environmental stewardship acknowledges the consequences of human-induced environmental change and the need for local actions

that protect, sustain, and restore the environment. It requires practices that demonstrate responsible use of public funds by prioritizing investments that maximize adaptation, resilience, and mitigation of the effects of climate change as well as efficient, sustainable use of land and resources.

A key component of a sustainable environmental footprint is reducing greenhouse gas (GHG) emissions wherever possible, both to benefit the environment and reduce energy expenses.

The Montgomery County Board of Education (Board) collaborates with federal, state, and local partners and seeks active participation of local school communities in comprehensive efforts to solve regional problems and achieve optimal learning environments and functionality of essential education programs and operations, using effectively and equitably employed sustainability practices and technology.

C. POSITION

1. MCPS will incorporate sustainability priorities into decision-making processes, based on the equitable and strategic deployment of resources to address climate-based impacts on health, safety, and wellness and to achieve more energy-efficient and cost-effective school operations. MCPS supports and will be an active participant in achieving Montgomery County's goal to cut GHG emissions 80 percent by 2027 and 100 percent by 2035, compared with 2005 levels.
2. The Board is committed to innovative and systemwide sustainability to include –
 - a) reducing the generation of GHG;
 - b) reducing systemwide energy use intensity¹ and reliance on nonrenewable resources;
 - c) increasing the generation and production of solar energy and use of other renewable energy sources;
 - d) identifying strategies that equip MCPS with the resources and infrastructure necessary to withstand the impacts of climate change;

¹ The most recent complete data available for MCPS energy use at the time this policy was adopted are from FY 2019–2020, prior to facility shutdowns due to the Covid-19 pandemic. In FY 2019–2020, the school system's Energy Use Intensity (EUI) was 55.4 thousand British thermal units use, per square foot (kBtu/sf). Historically, MCPS had an EUI of 55.5 kBtu/sf in FY 2018–2019, and 57.1 kBtu/sf in FY 2017–2018.

- e) using waste reduction and GHG emissions as criteria in decisions related to purchasing, including, but not limited to, energy, transportation, food services, and other operational areas; and
 - f) improving the quality of MCPS operations and school environments to positively impact building-occupant health and building-system performance.
3. MCPS will comply fully with Maryland State Department of Education requirements for a comprehensive, multidisciplinary environmental literacy program, infused within current curricular offerings and aligned with the Maryland Environmental Literacy Standards that provide developmentally appropriate opportunities for students to investigate environmental issues in order to develop and implement local actions that protect, sustain, and restore the natural environment and understand the environmental impact of human activity; the consequences of environmental change; and individual, collective, and societal responses to environmental change.

D. DESIRED OUTCOMES

- 1. In alignment with its core educational purpose to prepare all students to thrive in the future, MCPS makes sustainability a priority for present-day decisions that impact students' lives.
- 2. MCPS minimizes its environmental impact and operational costs.

E. IMPLEMENTATION STRATEGIES

1. The superintendent of schools/designee will maintain and enhance procedures to promote environmental sustainability at all levels of the school system, which shall include the following practices:
 - a) Develop processes to establish and foster an organizational culture and operational procedures that foster creativity, collaboration, and innovation across departments and at the local school level to implement systemic climate solutions.
 - b) Infuse sustainability concepts across school curricula and professional development to allow students and staff to gain an understanding of individual, collective, and societal responses to human-induced environmental change.
 - c) Provide opportunities for students and staff to engage in actions that contribute to climate solutions, preparedness/adaptation responses, and environmentally sustainable practices, and explore related career paths.
2. The superintendent of schools/designee will identify actions that can be taken immediately and in the longer term to reduce the generation of GHG and consumption of nonrenewable resources and increase efficiency, including, but not limited to, the following:
 - a) Actively manage energy and water consumption by using technology that can be viewed and monitored by building occupants and responsible operational personnel.
 - b) Use a wholesale managed approach for utility procurement and participate in coordinated efforts with federal, state, and local government agencies to establish appropriate resource conservation plans.
 - c) Develop and implement behavior-based sustainability programs at local schools, including strategies to support and increase the number of Maryland-certified Green Schools and other programs.
 - d) Replace MCPS diesel and gasoline vehicles, as appropriate, with electric, hybrid, or other more efficient or cleaner-fuel vehicles.

- e) Promote design strategies and retrofits to make new and existing buildings more sustainable and resilient by designing every construction project to maximize solar production potential and minimize energy-use intensity, considering a balanced facilities and infrastructure portfolio across the system.
- f) Pursue energy-saving infrastructure improvement projects in existing buildings through the use of public-private partnerships and available grants and tax credits.
- g) Where possible, seek to collocate schools to facilitate compact growth, efficient use of public infrastructure, and adjacency to public services and amenities.
- h) Implement other measures to address resiliency and awareness, such as increasing the tree canopy and outdoor educational spaces on MCPS properties and mitigating storm water runoff.
- i) Establish minimum sustainability requirements in MCPS procurement guidelines for –
 - (a) locally sourced products;
 - (b) maximized waste reduction; and
 - (c) reusable or recyclable products and content, where available, at scale, at a fair and reasonable price, across all areas of operations.

F. REVIEW AND REPORTING

1. MCPS will update the inventory of GHG emissions for its facilities at regular intervals, using updates aligned with local reporting requirements.
2. MCPS will develop periodic systemwide reports that outline goals, objectives, and results of sustainability efforts, in alignment with all federal, state, and local requirements.
3. The Board will receive information about sustainability features in construction project updates, and MCPS will implement methods of sharing sustainability features of the MCPS facility portfolio with the public, such as websites and/or local signage.

4. This policy and related documents will be updated and shared in alignment with federal, state, and local requirements.
5. This policy will be reviewed on an ongoing basis, in accordance with the Board's policy review process.
