Before Starting the Exhibit 1 Continuum of Care (CoC) Application

HUD strongly encourages ALL applicants to review the following information BEFORE beginning the 2010 Exhibit 1 Continuum of Care (CoC) Application.

Training resources are available online at: www.hudhre.info/esnaps   -   Training modules are available to help complete or update the Exhibit 1 application, including attaching required forms.   -   The HUD HRE Virtual Help Desk is available for submitting technical and policy questions.

Things to Remember

 -   Review the 2010 Notice of Funding Availability for the Continuum of Care (CoC) Homeless Assistance Program in its entirety for specific application and program requirements. -   CoCs that applied in the 2009 competition and selected the bring forward option during CoC Registration must be careful to review each question in the Exhibit 1. Questions may have changed or been removed so the information brought forward may or may not be relevant. Not all questions will have information brought forward. For those questions, you must enter response manually. Be sure to review the application carefully. Verify and update as needed to ensure accuracy. -   New CoCs or CoCs that did not apply in 2009 will not have pre-populated information and must complete all Exhibit 1 forms. -   There are character limits for the narrative sections of the application and the amounts are listed accordingly. It is recommended that CoCs first write narrative responses in Microsoft Word and then cut and paste into e-snaps.

CoC - 1

1A. Continuum of Care (CoC) Identification

Instructions:

The fields on this screen are read only and reference the information entered during the CoC Registration process. Updates cannot be made at this time. If the information on this screen is not correct, contact the HUD Virtual Help Desk at www.hudhre.info.

CoC Name and Number (From CoC Registration): MD-601 - Montgomery County CoC

CoC Lead Agency Name: Montgomery County Department of Health and Human Services

Exhibit 1 2010	Page 2	11/18/2010

CoC - 2

1B. Continuum of Care (CoC) Primary Decision-Making Group

Instructions:

The following questions are related to the CoC primary decision-making group. The primary responsibility of this group is to manage the overall planning effort for the entire CoC, including, but not limited to:
- Setting agendas for full Continuum of Care meetings
- Project monitoring
- Determining project priorities
- Providing final approval for the CoC application submission.
This body is also responsible for the implementation of the CoC's HMIS, either through direct oversight or through the designation of an HMIS implementing agency. This group may be the CoC Lead Agency or may authorize another entity to be the CoC Lead Agency under its direction.

Name of primary decision-making group: Continuum of Care Governing Board

Indicate the frequency of group meetings: Bi-monthly

If less than bi-monthly, please explain (limit 500 characters):

Indicate the legal status of the group: Not a legally recognized organization

Specify "other" legal status:

Indicate the percentage of group members that represent the private sector: (e.g., non-profit providers, homeless or formerly homeless persons, advocates and consumer interests) 75%

* Indicate the selection process of group members: (select all that apply)

Elected:	
Assigned:	X
Volunteer:	X
Appointed:	X
Other:	

Specify "other" process(es):

| Exhibit 1 2010 | Page 3 | 11/18/2010 |

CoC - 3

Briefly describe the selection process of group members. Description should include why this process was established and how it works (limit 750 characters):

Membership in the Montgomery County Continuum of Care (CoC) consists of the leadership of all government, non-profit, private, and faith-based organizations working with individual and family households that are homeless or at-risk of homelessness as well as advocates. Annually, the CoC Governing Board reviews the membership and identifies potential new members who are then invited to participate. This process was developed to ensure that a broad array of stakeholders were engaged in identifying community needs and creating a service delivery system.

* Indicate the selection process of group leaders: (select all that apply):

Elected:	
Assigned:	X
Volunteer:	X
Appointed:	X
Other:	

Specify "other" process(es):

If administrative funds were made available to the CoC, would the primary-decision making body, or its designee, have the capacity to be responsible for activities such as applying for HUD funding and serving as a grantee, providing project oversight, and monitoring. Explain (limit 750 characters):

With additional administrative funding, Montgomery County Government, on behalf of the CoC Governing Board, would have the capacity to apply for HUD funding, serve as a grantee, provide project oversight, and monitor. The County has a successful track record managing federal, state, and local funding to provide integrated services to homeless families and individuals.

Exhibit 1 2010	Page 4	11/18/2010

CoC - 4

1C. Continuum of Care (CoC) Committees, Subcommittees and Work Groups

Instructions:

Provide information on up to five of the CoCs most active CoC-wide planning committees, subcommittees, and workgroups. CoCs should only include information on those groups that are directly involved in CoC-wide planning activities such as project review and selection, discharge planning, disaster planning, completion of the Exhibit 1 application, conducting the point-in-time count, and 10-year plan coordination. For each group, briefly describe the role and how frequently the group meets. If one of more of the groups meet less than quarterly, please explain.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Committees and Frequency

Name of Group	Role of Group (limit 750 characters)	Meeting Frequency
Continuum of Care Governing Board	Provides overall policy making; coordinates Housing First implementation and the Ten Year Plan; monitors overall CoC performance using contract monitoring reports, APRs, and HMIS; coordinates disaster planning with other systems such as Public Health and Behavioral Health and Crisis Services. Other committees such as Adult Homeless Teaming, Family Providers, and other provider groups feed information to the Governing Board and implement policies. The Governing Board is receiving technical guidance from the National Alliance to End Homelessness for Housing First Model.	Bi-monthly
Adult Homeless Teaming Group	Providers of homeless services to individuals meet bi-weekly to promote coordination among non-profit providers. The meetings, chaired by the CoC Lead Agency, MCDHHS, share information about new CoC programs and policy from Governing Board, provide program updates, coordinate with Health Care for the Homeless discharge planning, make policy and implementation recommendations to the CoC Governing Board, present speakers, provide HMIS and mainstream provider trainings, conduct the point-in-time count, and review at least bi-annually the CoC disaster plan for multiple scenarios such as contagious diseases, biological attacks, and storm power outages.	Monthly or more
Family Homeless Provider Team	Providers of homeless services to families with children meet monthly to promote coordination among non-profit providers. The meetings, chaired by the CoC Lead Agency, MCDHHS, share new CoC information and policies, discuss implementation of Housing First program for families, program updates, case reviews, policy discussion and recommendations to Governing Board; and interface with other services that assist with the special needs of homeless children such as education (a public school representative attends), health and mental health care, child care, and child welfare services. Meetings include HMIS and mainstream provider trainings, point-in-time count procedures, and at least a bi-annual review of CoC disaster plans.	Monthly or more

Exhibit 1 2010	Page 5	11/18/2010

CoC - 5

Continuum of Care Allocation Committee	This unbiased decision-making panel is charged by the CoC Governing Board to select the new CoC Permanent Housing Bonus. The panel reviews competing applicant projects and selects the new project based on past McKinney project performance and/or overall program performance in the CoC. Scoring factors are APR and HMIS data for past performance, HUD scoring for leverage, and priority for new beds for the chronically homeless. The panel is updated throughout the year on the NOFA process by the CoC Lead Agency and responds to questions raised by panel members. In addition, the committee will make recommendations to the CoC Governing Board as to the re-allocations of funds for low performing providers.	semi-annually (twice a year)

If any group meets less than quarterly, please explain (limit 750 characters):

The Allocation Committee convenes during the CoC process to select the new projects and make determinations regarding continued funding of existing projects. The Committee meets twice during the year to evaluate performance outcomes and consider the need to re-allocate funds of low performing projects. The Committee provides recommendations of any reallocation to the CoC Governing Board. The Allocation Committee is kept informed of the CoC process, updates, and changes, throughout the year via email and telephone contact.

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:
 - Organization name¿Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership¿Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented¿No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Maryland Department of Health and Mental Hygiene

Type of Membership:
(public, private, or individual) Public Sector

Type of Organization:
(Content depends on "Type of Membership" selection) State government agencies

Role(s) of the organization:
(select all that apply) Committee/Sub-committee/Work Group

Subpopulation(s) represented by the organization:
(No more than two subpopulations) Seriously Mentally Ill, Substance Abuse

Does the organization provide direct services to homeless people? No

Services provided to homeless persons and families:
(select all that apply) Street Outreach, Case Management, Healthcare, Mental health, Alcohol/Drug Abuse

(select all that apply)
a. Unbiased Panel/Review Commitee, e. Consensus (general agreement), d. One Vote per Organization, b. Consumer Representative Has a Vote, f. Voting Members Abstain if Conflict of Interest

Were there any written complaints received by the CoC regarding any matter in the last 12 months?
No

If yes, briefly describe complaint and how it was resolved (limit 750 characters):

No written complaints were received in the past twelve months.

| Exhibit 1 2010 | Page 97 | 11/18/2010 |

CoC - 97

1F. Continuum of Care (CoC) Housing Inventory Count--Change in Beds Available

For each housing type, indicate if there was a change (increase or reduction) in the total number of beds counted in the 2010 Housing Inventory Count (HIC) as compared to the 2009 HIC. If there was a change, please describe the reasons in the space provided for each housing type. If the housing type does not exist in your CoC, please select ¿Not Applicable¿ and indicate that in the text box for that housing type.

Emergency Shelter: Yes

Briefly describe the reason(s) for the change in Emergency Shelter beds, if applicable (limit 750 characters):

Between 2009 and 2010, there was an increase of 2 year-round beds for single females (111 to 113) and 2 year-round beds for households with children (133 to 135) due to an increase in females fleeing domestic violence. There also was a decrease of 14 overflow beds for individuals and 121 beds for households with children in 2010. This decrease was due to reduced demand for shelter and a reduction in length of stay resulting from an expansion of permanent supportive housing within the CoC; implementation of a new family shelter model focusing on assessment and rapid-re-housing with a goal to reduce length of stay to 30 days; and increased resources including HPRP funds to prevent homelessness.

Safe Haven: No

Briefly describe the reason(s) for the change in Safe Haven beds, if applicable (limit 750 characters):

There was no change in Safe Haven beds between 2009 and 2010. The bed count remains 40.

Transitional Housing: Yes

Briefly describe the reason(s) for the change in Transitional Housing beds, if applicable (limit 750 characters):

For individuals, there was a decrease of 11 transitional housing beds between 2009 (156) and 2010 (145) due to the conversion of 5 transitional housing beds in Interfaith Works Community Based Shelter to emergency beds and the conversion of 6 transitional housing beds of the Silver Spring Interfaith Housing Coalition to permanent supportive housing.

For households with dependent children, there was an increase of 30 beds for transitional housing between 2009 (195) and 2010 (225) due to the addition of 7 units with Silver Spring Interfaith Coalition.

| Exhibit 1 2010 | Page 98 | 11/18/2010 |

CoC - 98

Permanent Housing: Yes

Briefly describe the reason(s) for the change in Permanent Housing beds, if applicable (limit 750 characters):

For individuals there was an increase of 102 Permanent Housing beds between 2009 (369) and 2010 (471). The increase is primarily due to the implementation of Dept. of Health and Human Services Housing Initiative Program (HIP) which included 57 new beds and expansion of Montgomery County Coalition for the Homeless (MCCH) Partnership for Permanent Housing, DeSellum House, Jefferson House, and Shelter Plus Care.

For households with dependent children there was a net increase of 276 Permanent Housing beds between 2009 (754) and 2010 (1030) due to the implementation of HIP (237) beds and MCCH Partnership for Permanent Housing (39).

CoC certifies that all beds for homeless persons were included in the Housing Inventory Count (HIC) as reported on the Homelessness Data Exchange (HDX), regardless of HMIS participation and HUD funding: Yes

| Exhibit 1 2010 | Page 99 | 11/18/2010 |

CoC - 99

1G. Continuum of Care (CoC) Housing Inventory Count - Data Sources and Methods

Instructions:

Complete the following items based on data collection methods and reporting for the Housing Inventory Count (HIC), including Unmet need determination. The information should be based on a survey conducted in a 24-hour period during the last ten days of January 2010. CoCs were expected to report HIC data on the Homelessness Data Exchange (HDX).

Indicate the type of data sources or methods used to complete the housing inventory count: (select all that apply)

HMIS plus housing inventory survey

Indicate the steps taken to ensure the accuracy of the data collected and included in the housing inventory count: (select all that apply)

Follow-up, Instructions, Updated prior housing inventory information, Confirmation, Training, HMIS

Must specify other:

Indicate the type of data or method(s) used to determine unmet need: (select all that apply):

Unsheltered count, HMIS data, Other, Housing inventory, Stakeholder discussion

Specify "other" data types:

The CoC used the formula for projecting unmet need for permanent supportive housing described in the following publication by the Corporation for Supportive Housing (CSH):
Burt, M. R., & Wilkins, C. (March 2005). Estimating the need: projecting from point-in-time to annual estimates of the number of homeless people in a community and using this information to plan for permanent supportive housing. CSH Evidence Series. New York: CSH.

If more than one method was selected, describe how these methods were used together (limit 750 characters):

It is the policy of the CoC to expand permanent supportive housing rather than year-round emergency and transitional shelter. (During the winter season, the number of emergency shelter beds is increased to meet the demand to keep people safe.) The Corporation for Supportive Housing methodology was used to determine the need for permanent supportive housing. The stakeholders reviewed the amount of unmet need identified by the CSH calculation and revised this calculation based on data from HMIS, the unsheltered count, and the housing inventory to represent accurately the unmet need for permanent housing in the CoC.

Exhibit 1 2010	Page 100	11/18/2010

2A. Homeless Management Information System (HMIS) Implementation

Intructions:

All CoCs are expected to have a functioning Homeless Management Information System (HMIS). An HMIS is a computerized data collection application that facilitates the collection of information on homeless individuals and families using residential or other homeless services and stores that data in an electronic format. CoCs should complete this section in conjunction with the lead agency responsible for the HMIS. All information should reflect the status of HMIS implementation as of the date of application submission.

 For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Select the HMIS implementation coverage area:	Single CoC
Select the CoC(s) covered by the HMIS: (select all that apply)	MD-601 - Montgomery County CoC
Is the HMIS Lead Agency the same as the CoC Lead Agency?	Yes
Does the CoC Lead Agency have a written agreement with the HMIS Lead Agency?	Not Applicable
Has the CoC selected an HMIS software product?	Yes
If "No" select reason:	
If "Yes" list the name of the product:	ServicePoint
What is the name of the HMIS software company?	Bowman Systems
Does the CoC plan to change HMIS software within the next 18 months?	No
Indicate the date on which HMIS data entry started (or will start): (format mm/dd/yyyy)	10/16/2006
Indicate the challenges and barriers impacting the HMIS implementation: (select all the apply):	None

If CoC indicated that there are no challenges or barriers impacting HMIS implementation, briefly describe either why CoC has no challenges or how all barriers have been overcome (limit 1000 characters).

Exhibit 1 2010	Page 101	11/18/2010

CoC - 101

The CoC has made great strides in increasing training and providing technical support to HMIS providers. Montgomery County Department of Health and Human Services (MCDHHS), the CoC Lead Agency, contracted with Bowman Systems, Inc., the CoC's HMIS vendor, to provide a 0.8 Full-Time Equivalent position to provide ongoing training and support. This position has trained agency HMIS administrators to generate and interpret reports, as well as to review monthly provider reports in order to identify areas for improvement. In addition, this Department IT staff execute 26 daily data quality reports and provides direct feedback to providers as to missing or incorrect information. This has led to a significant improvement in data quality, which enabled the CoC to use HMIS to conduct validation of the 2010 point-in-time data and to the recruitment of Montgomery County by HUD for the Pulse report.

If CoC identified one or more challenges or barriers impacting HMIS implementation, briefly describe how the CoC plans to overcome them (limit 1000 characters).

Exhibit 1 2010	Page 102	11/18/2010

CoC - 102

2B. Homeless Management Information System (HMIS) Lead Agency

Enter the name and contact information for the HMIS Lead Agency. This is the organization responsible for implementing the HMIS within a CoC. There may only be one HMIS Lead Agency per CoC.

Organization Name	Montgomery County Department of Health and Human Services
Street Address 1	401 Hungerford Drive
Street Address 2	5th Floor
City	Rockville
State	Maryland
Zip Code **Format: xxxxx or xxxxx-xxxx**	20850
Organization Type	State or Local Government
If "Other" please specify	
Is this organization the HMIS Lead Agency in more than one CoC?	No

| Exhibit 1 2010 | Page 103 | 11/18/2010 |

CoC - 103

2C. Homeless Management Information System (HMIS) Contact Person

Enter the name and contact information for the primary contact person at the HMIS Lead Agency.

Prefix:	Ms.
First Name	Cherisse
Middle Name/Initial	M.
Last Name	Robles
Suffix	
Telephone Number: (Format: 123-456-7890)	240-777-4818
Extension	
Fax Number: (Format: 123-456-7890)	240-777-1575
E-mail Address:	cherisse.robles@montgomerycountymd.gov
Confirm E-mail Address:	cherisse.robles@montgomerycountymd.gov

| Exhibit 1 2010 | Page 104 | 11/18/2010 |

CoC - 104

2D. Homeless Management Information System (HMIS) Bed Coverage

Instructions:

HMIS bed coverage measures the level of provider participation in a CoC¿s HMIS. Participation in HMIS is defined as the collection and reporting of client level data either through direct data entry into the HMIS or into an analytical database that includes HMIS data on an at least annual basis.

HMIS bed coverage is calculated by dividing the total number of year-round beds located in HMIS-participating programs by the total number of year-round beds in the Continuum of Care (CoC), after excluding beds in domestic violence (DV) programs. HMIS bed coverage rates must be calculated separately for emergency shelters, transitional housing, and permanent supportive housing.

The 2005 Violence Against Women Act (VAWA) Reauthorization bill restricts domestic violence provider participation in HMIS unless and until HUD completes a public notice and comment process. Until the notice and comment process is completed, HUD does not require nor expect domestic violence providers to participate in HMIS. HMIS bed coverage rates are calculated excluding domestic violence provider beds from the universe of potential beds.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Indicate the HMIS bed coverage rate (%) for each housing type within the CoC. If a particular housing type does not exist anywhere within the CoC, select "Housing type does not exist in CoC" from the drop-down menu.

* Emergency Shelter (ES) Beds	86%+
* Safe Haven (SH) Beds	86%+
* Transitional Housing (TH) Beds	86%+
* Permanent Housing (PH) Beds	86%+

How often does the CoC review or assess its HMIS bed coverage?   At least Quarterly

If bed coverage is 0-64%, describe the CoC's plan to increase this percentage during the next 12 months:

N/A - Bed coverage in all areas exceeds 86%

Exhibit 1 2010	Page 105	11/18/2010

CoC - 105

2E. Homeless Management Information System (HMIS) Data Quality

Instructions:

HMIS data quality refers to the extent that data recorded in an HMIS accurately reflects the extent of homelessness and homeless services in a local area. In order for the HMIS to present accurate and consistent information on homelessness, it is critical that an HMIS have the best possible representation of reality as it relates to homeless people and the programs that serve them. Specifically, it should be a CoCs goal to record the most accurate, consistent and timely information in order to draw reasonable conclusions about the extent of homelessness and the impact of homeless services in its local area. Answer the questions below related to the steps the CoC takes to ensure the quality of its data. In addition, CoCs will indicate their participation in the Annual Homelessness Assessment Report (AHAR) for 2009 and 2010 as well as whether or not they plan to contribute data to the Homelessness Pulse project in 2010.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Indicate the percentage of unduplicated client records with null or missing values on a day during the last ten days of January 2010.

Universal Data Element	Records with no values (%)	Records where value is refused or unknown (%)
* Social Security Number	1%	8%
* Date of Birth	0%	1%
* Ethnicity	0%	1%
* Race	0%	0%
* Gender	0%	0%
* Veteran Status	1%	3%
* Disabling Condition	1%	4%
* Residence Prior to Program Entry	1%	4%
* Zip Code of Last Permanent Address	1%	13%
* Name	0%	0%

How frequently does the CoC review the quality of client level data? At least Monthly

How frequently does the CoC review the quality of program level data? At least Monthly

Describe the process, extent of assistance, and tools used to improve data quality for agencies participating in the HMIS (limit 750 characters):

| Exhibit 1 2010 | Page 106 | 11/18/2010 |

CoC - 106

Daily and monthly data quality reports are generated which are designed to assist HMIS administrators in identifying clients with null values in one or more of the eleven assessment based Universal Data Elements (UDEs) required by HUD for programs which serve homeless individuals. The reports are completed and reviewed with the CoC's HMIS Administrator. This review has resulted in resolving over 888 data quality issues within 2010. On a monthly basis, program sites send a year-to-date HUD APR and Client Served reports generated from the HMIS application to the HMIS contractor for review and approval by the HMIS administrator.

Describe the existing policies and procedures used to ensure that valid program entry and exit dates are recorded in the HMIS (limit 750 characters):

On a monthly basis all participating program sites must send a year-to-date HUD APR generated from the HMIS application to the HMIS contractor for review and approval by the CoC HMIS Administrator. The report is reviewed by staff and anomalies with the reports are identified and the data corrected. This report is compared to the Client Served report for data consistency.

Indicate which reports the CoC or subset of the CoC submitted usable data: (Select all that apply)

2009 AHAR, 2009 AHAR Supplemental Report on Homeless Veterans

Indicate which reports the CoC or subset of the CoC plans to submit usable data: (Select all that apply)

2010 AHAR Supplemental Report on Homeless Veterans, 2010 AHAR

Does your CoC plan to contribute data to the Homelessness Pulse project in 2010?

Yes

| Exhibit 1 2010 | Page 107 | 11/18/2010 |

CoC - 107

2F. Homeless Management Information System (HMIS) Data Usage

Instructions:

CoCs can use HMIS data for a variety of applications. These include, but are not limited to, using HMIS data to understand the characteristics and service needs of homeless people, to analyze how homeless people use services, and to evaluate program effectiveness and outcomes.

In this section, CoCs will indicate the frequency in which it engages in the following.

- Integrating or warehousing data to generate unduplicated counts
- Point-in-time count of sheltered persons
- Point-in-time count of unsheltered persons
- Measuring the performance of participating housing and service providers
- Using data for program management
- Integration of HMIS data with data from mainstream resources

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Indicate the frequency in which the CoC uses HMIS data for each of the following:

Integrating or warehousing data to generate unduplicated counts:	Never
Point-in-time count of sheltered persons:	At least Monthly
Point-in-time count of unsheltered persons:	At least Quarterly
Measuring the performance of participating housing and service providers:	At least Quarterly
Using data for program management:	At least Monthly
Integration of HMIS data with data from mainstream resources:	Never

Exhibit 1 2010	Page 108	11/18/2010

CoC - 108

2G. Homeless Management Information System (HMIS) Data and Technical Standards

Instructions:

In order to enable communities across the country to collect homeless services data consistent with a baseline set of privacy and security protections, HUD has published HMIS Data and Technical Standards. The standards ensure that every HMIS captures the information necessary to fulfill HUD reporting requirements while protecting the privacy and informational security of all homeless individuals.

Each CoC is responsible for ensuring compliance with the HMIS Data and Technical Standards. CoCs may do this by completing compliance assessments on a regular basis and through the development of an HMIS Policy and Procedures manual. In the questions below, CoCs are asked to indicate the frequency in which they complete compliance assessment.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

For each of the following HMIS privacy and security standards, indicate the frequency in which the CoC and/or HMIS Lead Agency complete a compliance assessment:

* Unique user name and password	At least Monthly
* Secure location for equipment	At least Monthly
* Locking screen savers	At least Monthly
* Virus protection with auto update	At least Monthly
* Individual or network firewalls	Never
* Restrictions on access to HMIS via public forums	At least Monthly
* Compliance with HMIS Policy and Procedures manual	At least Monthly
* Validation of off-site storage of HMIS data	At least Monthly

How often does the CoC Lead Agency assess compliance with the HMIS Data and Technical Standards? At least Monthly

How often does the CoC Lead Agency aggregate data to a central location (HMIS database or analytical database)? At least Monthly

Does the CoC have an HMIS Policy and Procedures manual? Yes

If 'Yes' indicate date of last review or update by CoC: 03/06/2008

If 'No' indicate when development of manual will be completed (mm/dd/yyyy):

Exhibit 1 2010	Page 109	11/18/2010

CoC - 109

2H. Homeless Management Information System (HMIS) Training

Instructions:

Providing regular training opportunities for homeless assistance providers that are participating in a local HMIS is a way that CoCs can ensure compliance with the HMIS Data and Technical Standards. In the section below, CoCs will indicate how frequently they provide certain types of training to HMIS participating providers.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Indicate the frequency in which the CoC or HMIS Lead Agency offers each of the following training activities:

* **Privacy/Ethics training**	At least Monthly
* **Data Security training**	At least Monthly
* **Data Quality training**	At least Monthly
* **Using Data Locally**	At least Monthly
* **Using HMIS data for assessing program performance**	At least Monthly
* **Basic computer skills training**	Never
* **HMIS software training**	At least Monthly

| Exhibit 1 2010 | Page 110 | 11/18/2010 |

CoC - 110

2I. Continuum of Care (CoC) Sheltered Homeless Population & Subpopulation: Point-In-Time (PIT) Count

Instructions:

Although CoCs are only required to conduct a one-day point-in-time count every two years, HUD strongly encourages CoCs to conduct a point-in-time count annually, if resources allow. The purpose of the point-in-time count is to further understand the number and characteristics of people sleeping in shelters, on the streets, or in other locations not meant for human habitation.

Below, CoCs will indicate how frequently they will conduct a point-in-time count and what percentage of their homeless service providers participate. CoCs are also asked to describe whether or not there were differences between the most recent point-in-time count and the one prior. CoCs should indicate in the narrative which years they are comparing.

How frequently does the CoC conduct a point-in-time count?   annually (every year)

Enter the date in which the CoC plans to conduct its next point-in-time count: (mm/dd/yyyy)   01/26/2011

Indicate the percentage of homeless service providers supplying population and subpopulation data for the point-in-time count that was collected via survey, interview, and/or HMIS.

Emergency Shelter: 100%

Transitional Housing: 100%

Comparing the most recent point-in-time count to the previous point-in-time count, describe any factors that may have resulted in an increase, decrease, or no change in both the sheltered and unsheltered population counts (limit 1500 characters).

| Exhibit 1 2010 | Page 111 | 11/18/2010 |

CoC - 111

Between 2009 and 2010, there was an overall decrease in the sheltered homeless population of 21% (237 people). The number of sheltered homeless individuals decreased by 14% from 594 in 2009 to 511 in 2010 while the number of sheltered households with dependent children decreased 26% from 168 households in 2009 to 138 households in 2010. This decrease can be attributed to the Montgomery County Continuum of Care's (CoC) continued implementation of its Housing First plan which includes strategies to prevent homelessness and to rapidly re-housing households entering homelessness. In 2010, the CoC implemented a new, emergency shelter model focusing on assessment and rapid re-housing with the goal of a 30-day length of stay. The CoC also increased the number of individual and family households living in permanent supportive housing by 38% from 531 in 2009 to 734 in 2010. Additionally, the CoC continued to provide financial assistance including HPRP funds to prevent homelessness and rapidly re-house homeless households. These strategies contributed to a reduction in households entering the system and shortened the length of stay in shelter.

The number of unsheltered individuals increased by 42% from 127 in 2009 to 181 in 2010. This can be attributed to increased outreach efforts to locate homeless people living in local encampments and to encourage them to seek services. As in 2009, there were no unsheltered households with dependent children in 2010.

| Exhibit 1 2010 | Page 112 | 11/18/2010 |

CoC - 112

2J. Continuum of Care (CoC) Sheltered Homeless Population & Subpopulations:Methods

Instructions:

Accuracy of the data reported in point-in-time counts is vital. Data produced from these counts must be based on reliable methods and not on ¿guesstimates.¿ CoCs may use one or more methods to count sheltered homeless persons. This form asks CoCs to identify and describe which method(s) they use to conduct their point-in-time counts. The description should demonstrate how the method(s) was used to produce an accurate count.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Indicate the method(s) used to count sheltered homeless persons during the last point-in-time count:
(Select all that apply):

Survey Providers:	X
HMIS:	X
Extrapolation:	
Other:	

If Other, specify:

Describe the methods used by the CoC, as indicated above, to collect data on the sheltered homeless population during the most recent point-in-time count. Response should indicate how the method(s) selected above were used in order to produce accurate data (limit 1500 characters).

The sheltered population count was collected in two ways. First, for emergency shelters, clients were interviewed and information was entered into an Excel form and HMIS. The Excel form was forwarded to the CoC lead agency (MCDHHS) for tabulation. Second, transitional shelter, safe havens, and housing providers entered information into the Excel form using HMIS and case record information. The Excel form was forwarded to the CoC lead agency for tabulation and validated by HMIS. Discrepancies were resolved at the agency level to match Excel and HMIS counts.

To assure the accuracy of data collected, emergency, transitional, safe havens, and permanent housing providers were provided written instructions and training on the data collection protocol including use of the Excel form. Reminders were sent via email and the upcoming count was discussed at meetings to assure that survey providers were prepared to conduct the count on the designated date. After the count, the CoC lead agency followed up with providers to assure that data was submitted. In addition, de-duplication techniques were utilized to merge data from all providers to identify those individuals who might have been counted twice or as both sheltered and street homeless (i.e. Individuals who were counted both in shelter and on the street would be considered sheltered.)

Exhibit 1 2010	Page 113	11/18/2010

CoC - 113

2K. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation:Data Collection

Instructions:

CoCs are required to produce data on seven subpopulations. These subpopulations are the chronically homeless, severely mentally ill, chronic substance abuse, veterans, persons with HIV/AIDS, victims of domestic violence, and unaccompanied youth (under 18). Subpopulation is required for sheltered homeless persons and optional for unsheltered homeless persons, with the exception of chronically homeless persons. Sheltered chronically homeless people are those living in emergency shelters only.

In the 2010 CoC NOFA, the definition of Chronically Homeless Person has been expanded to include families with at least one adult member who has a disabling condition. The family must meet all the other standards for chronic homelessness in Section 4.d. of the 2010 NOFA, Definitions and Concepts. Because the definition of chronically homeless at the time of either the 2009 or 2010 point-in-time count was still limited to individuals, CoCs are only reporting on that data on this section of the Exhibit 1.

CoCs may use a variety of methods to collect subpopulation information on sheltered homeless persons and may employ more than one in order to produce the most accurate data. This form asks CoCs to identify and describe which method(s) they use to gather subpopulation information for sheltered populations during the most recent point-in-time count. The description should demonstrate how the method(s) was used to produce an accurate count.

For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

Indicate the method(s) used to gather and calculate subpopulation data on sheltered homeless persons
(select all that apply):

HMIS	X
HMIS plus extrapolation:	
Sample of PIT interviews plus extrapolation:	
Sample strategy:	
Provider expertise:	X
Interviews:	X
Non-HMIS client level information:	X
None:	
Other:	

If Other, specify:

Describe the methods used by the CoC, as indicated above, to collect data on the sheltered homeless subpopulations during the most recent point-in-time count. Response should indicate how the method(s) selected above were used in order to produce accurate data on all of the sheltered subpopulations (Limit 1500 characters).

Exhibit 1 2010	Page 114	11/18/2010

CoC - 114

Subpopulation data was collected in two ways. First, for emergency shelters, clients were interviewed and information was entered into an Excel form and HMIS. Subpopulation data was derived from client interviews, case records, HMIS information, and input from case managers. The Excel form was forwarded to the CoC lead agency for tabulation. Second, transitional shelters, safe havens and housing providers entered subpopulation data into the Excel form using HMIS, case record information, and case manager input. Using these data sources, the CoC gathered information about client characteristics including chronic homelessness, serious mental illness, substance abuse, veteran status, HIV/AIDS, domestic violence, unaccompanied youth and others.

To assure the accuracy of data collected all providers were given written instructions and training on the data collection protocol including the definitions for each subpopulation. Reminders were sent via email and the count was discussed during meetings to assure that survey providers were prepared to conduct the count on the designated date. After the count, the CoC lead agency followed up with providers to assure that data was submitted. In addition, de-duplication techniques were utilized to merge data from all providers to identify those individuals who might have been counted twice or as both sheltered and street homeless (i.e. Individuals who were counted both in shelter and on the street would be considered sheltered.)

| Exhibit 1 2010 | Page 115 | 11/18/2010 |

CoC - 115

2L. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation: Data Quality

Instructions:

The data collected during point-in-time counts is vital for both CoCs and HUD. Communities need accurate data to determine the size and scope of homelessness at the local level, plan services and programs to appropriately address local needs, and measure progress in addressing homelessness. HUD needs accurate data to understand the extent and nature of homelessness throughout the country, provide Congress and OMB with information on services provided, gaps in service, and performance, and to inform funding decisions. Therefore, it is vital that the quality of data reported is high. CoCs may undertake one or more actions to improve the quality of the sheltered population data. This form asks CoCs to identify the steps they take to ensure data quality.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Indicate the steps taken by the CoC to ensure the quality of the data collected for the sheltered population count:
(select all that apply)

Instructions:	X
Training:	X
Remind/Follow-up	X
HMIS:	X
Non-HMIS de-duplication techniques:	X
None:	
Other:	

If Other, specify:

If selected, describe the non-HMIS de-duplication techniques used by the CoC to ensure the data quality of the sheltered persons count (limit 1000 characters).

During the point-in-time count, four items of identifying information were collected from clients: first three letters of the last name, date of birth, gender, and last 4 digits of social security number. The data collected at all provider agencies were merged using these identifying variables. These variables allowed the CoC to de-duplicate the data using statistical software as well as to identify those individuals who were sheltered rather than street homeless (i.e., individuals who were counted in both a shelter and on the street would be considered sheltered rather than unsheltered).

| Exhibit 1 2010 | Page 116 | 11/18/2010 |

CoC - 116

2M. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation: Methods

Instructions:

Accuracy of the data reported in point-in-time counts is vital. Data produced from these counts must be based on reliable methods and not on ¿guesstimates.¿ CoCs may use one or more methods to count unsheltered homeless persons. This form asks CoCs to identify which method(s) they use to conduct their point-in-time counts.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Indicate the method(s) used to count unsheltered homeless persons: (select all that apply)

Public places count:	
Public places count with interviews:	X
Service-based count:	X
HMIS:	
Other:	

If Other, specify:

Exhibit 1 2010	Page 117	11/18/2010

CoC - 117

2N. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation - Level of Coverage

Instructions:

CoCs may employ numerous approaches when counting unsheltered homeless people. CoCs first need to determine where they will look to count this population. They may canvass an entire area or only those locations where homeless persons are known to sleep for example. This form asks CoCs to indicate the level of coverage they incorporate when conducting their unsheltered count.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Indicate where the CoC located the unsheltered homeless persons (level of coverage) that were counted in the last point-in-time count: A Combination of Locations

If Other, specify:

| Exhibit 1 2010 | Page 118 | 11/18/2010 |

CoC - 118

2O. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation - Data Quality

Instructions:

The data collected during point-in-time counts is vital for both CoCs and HUD. Communities need accurate data to determine the size and scope of homelessness at the local level, plan services and programs to appropriately address local needs, and measure progress in addressing homelessness. HUD needs accurate data to understand the extent and nature of homelessness throughout the country, provide Congress and OMB with information on services provided, gaps in service, and performance, and to inform funding decisions. Therefore, it is vital that the quality of data reported is high. CoCs may undertake one or more actions to improve the quality of the unsheltered population data. This form asks CoCs to identify the steps they take to ensure data quality.

All CoCs should be engaging in activities to reduce the occurrence of counting unsheltered persons more than once during a point-in-time count. These strategies are knows as de-duplication techniques. De-duplication techniques should always be implemented when the point-in-time count extends beyond one night or takes place during the day at service locations used by homeless people that may or may not use shelters. On this form, CoCs are asked to describe their de-duplication techniques. Finally, CoCs are asked to describe their outreach efforts to identify and engage homeless individuals and families.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Indicate the steps taken by the CoC to ensure the quality of the data collected for the unsheltered population count:
(select all that apply)

Training:	X
HMIS:	X
De-duplication techniques:	X
Other:	

If Other, specify:

Describe the techniques used by the CoC to reduce the occurrence of counting unsheltered homeless persons more than once during the most recent point-in-time count (limit 1500 characters):

| Exhibit 1 2010 | Page 119 | 11/18/2010 |

CoC - 119

To reduce the occurrence of counting unsheltered homeless persons more than once during the point-in-time count, four items of identifying information were collected from clients: first three letters of the last name, date of birth, gender, and last 4 digits of social security number. The data collected from all provider agencies was then merged using these identifying variables. These variables allowed the CoC to de-duplicate the data using statistical software to ensure that unsheltered individuals were not counted more than once as well as to identify those individuals who were sheltered rather than street homeless (i.e., individuals who were counted in both a shelter and on the street would be considered sheltered rather than unsheltered).

To assure the accuracy of data, the CoC lead agency trained all providers participating in the count of unsheltered homeless persons on the data collection protocol including the importance of collecting identifying information. In addition, the survey protocol required providers to ask where the person being interviewed slept. If the response indicated that the person slept at an emergency shelter, transitional shelter, safe haven, permanent supportive housing program or was not homeless, the individual was not included in the unsheltered survey.

Describe the CoCs efforts to reduce the number of unsheltered homeless households with dependent children. Discussion should include the CoCs outreach plan (limit 1500 characters):

To reduce the number of unsheltered homeless households with dependent children, the unofficial standard operating procedure of the CoC is that households with dependent children are always offered emergency shelter. Identification of unsheltered households can occur via the police, outreach providers, Child Welfare Services, Montgomery County Public School (MCPS), and the general public. Once identified, families are directed to the CoC central point of intake within the Montgomery County Dept. of Health and Human Services, which is staffed seven days a week, 24 hours a day to assure access emergency shelter. Coordination and collaboration efforts are made with the MCPS Homeless Liaison to ensure the education needs of homeless children are addressed.

Prevention of homelessness is also an important strategy to reduce the number of unsheltered households with dependent children. The CoC implemented a variety of initiatives designed to prevent eviction and help families preserve their housing including emergency grants, rental and home energy subsidies, as well as case management services to improve budgeting, increase vocational skills, and access needed services. The programs are supported with state, local, and federal HPRP funding.

Describe the CoCs efforts to identify and engage persons that routinely sleep on the streets or other places not meant for human habitation (limit 1500 characters):

| Exhibit 1 2010 | Page 120 | 11/18/2010 |

CoC - 120

Efforts include:
1. Volunteers of America provides county-wide street outreach and engagement, access to shelters, linkages to entitlements, housing, and other services;
2. Bethesda Cares a daytime center provides meals, counseling, outreach, computer access, and linkages to shelter and other resources;
3. Montgomery Avenue Women's Center operates a daytime center for homeless women provides meals, computer access, resume writing, and linkages to shelter and other services;
4. Community Vision operates a homeless day center that provides meals, vocational training, linkages to substance abuse, mental health providers, shelters, housing, and street outreach in Silver Spring;
5. Shepherd's Table, Inc. provides an evening soup kitchen, mail service, transportation tokens, and access to emergency shelter in the evenings;
6. MCDHHS Public Inebriate Team engages public inebriates in Silver Spring to access services and detoxification;
7. Lord's Table in Gaithersburg provides a soup kitchen and outreach services in partnership with the Mental Health Association of Montgomery County;
8. The City of Gaithersburg in coordination with the Lord's Table and Wells Robertson House, provides outreach to encampments throughout the city to link to treatment, entitlements, and shelter; and
9. Montgomery County Police has a formal protocol to report street homeless persons to outreach teams for follow-up. During severe weather, the police will bring homeless persons to shelters.

| Exhibit 1 2010 | Page 121 | 11/18/2010 |

CoC - 121

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 1: Create new permanent housing beds for chronically homeless persons.

Instructions:

Ending chronic homelessness continues to be a HUD priority. CoCs can do this by creating new permanent housing beds that are specifically designated for this population. In the 2010 NOFA, a chronically homeless person is defined as an unaccompanied homeless individual with a disabling condition or a family with at least one adult member who has a disabling condition who has either been continuously homeless for at least a year OR has had at least four episodes of homelessness in the past three (3) years.

On this section, CoCs are to describe their short-term and long-term plans for creating new permanent housing beds for chronically homeless persons that meet the definition in the 2010 CoC NOFA. In addition, CoCs will indicate the current number of permanent housing beds designated for chronically homeless persons. This number should match the number of beds reported in the 2010 Housing Inventory Count (HIC) and entered onto the Homeless Data Exchange (HDX). CoCs will then enter number of permanent housing beds they expect to have in place in 12-months, 5-years, and 10-years. These future estimates should be based on the definition of chronically homeless in the 2010 CoC NOFA.

For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

Describe the CoCs short-term (12-month) plan to create new permanent housing beds for persons that meet HUD's definition of chronically homeless (limit 1000 characters).

The CoC will take the following steps to create 33 new chronically homeless beds and will evaluate progress quarterly to ensure meeting this goal:
1. Montgomery County Coalition for the Homeless (MCCH) will implement Home First 3 creating 8 chronically homeless beds for individuals;
2. MCCH will create 8 chronically homeless individual beds in the Cordell project with funding from the 2009 CoC Permanent Housing Bonus;
3. The Dwelling Place will apply for the Permanent Housing Bonus to create 15 chronically homeless beds for homeless families.
4. Housing Opportunities Commission (HOC) will designate 2 existing beds in the McKinney 10 program for the chronically homeless; and
5. The CoC will evaluate progress quarterly, and will designate additional beds within the CoC for the chronically homeless if new beds cannot be developed.

Describe the CoCs long-term (10-year) plan to create new permanent housing beds for persons that meet HUD's definition of chronically homeless (limit 1000 characters).

| Exhibit 1 2010 | Page 122 | 11/18/2010 |

CoC - 122

The CoC will continue to create permanent housing beds for the chronically homeless over the next 10 years in the following manner:
1. The CoC will continue to apply for the HUD CoC Permanent Housing Bonus;
2. The CoC will continue to collaborate with the Veteran Administration to obtain and secure VASH vouchers. Vouchers will be prioritized for chronically homeless veterans.
3. The CoC will assist permanent housing providers to apply for federal, state, local, and private foundation funding to create additional chronically homeless beds; and
4. Existing permanent supportive housing projects will explore designating existing beds occupied by chronically homeless persons as beds dedicated for chronically homeless individuals in future CoC competitions.

How many permanent housing beds do you currently have in place for chronically homeless persons? 116

In 12-months, how many permanent housing beds designated for the chronically homeless do you plan to have in place and available for occupancy? 149

In 5-years, how many permanent housing beds designated for the chronically homeless do you plan to have in place and available for occupancy? 229

In 10-years, how many permanent housing beds designated for the chronically homeless do you plan to have in place and available for occupancy? 389

| Exhibit 1 2010 | Page 123 | 11/18/2010 |

CoC - 123

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 2: Increase the percentage of participants remaining in CoC funded permanent housing projects for at least six months to 77 percent or more.

Instructions:

Increasing the self-sufficiency and stability of permanent housing program participants is an important outcome measurement of HUD's homeless assistance programs. Each SHP-PH and S+C project is expected to report the percentage of participants remaining in permanent housing for more than six months on its Annual Progress Report (APR). CoCs then use this data from all of its permanent housing projects to report on the overall CoC performance on form 4C. Continuum of Care (CoC) Housing Performance.

On this section, CoCs are to describe short-term and long-term plans for increasing the percentage of participants remaining in all of its CoC funded permanent housing projects (SHP-PH or S+C) to at least 77 percent. In addition, CoCs will indicate the current percentage of participants remaining in these projects, as indicated on form 4C, as well as the expected percentage in 12-months, 5-years, and 10-years. CoCs that do not have any CoC funded permanent housing projects (SHP-PH or S+C) for which an APR was required, should indicate this in both of the narratives below and enter ¿0¿ in the first numeric field below.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Describe the CoCs short-term (12-month) plan to increase the percentage of participants remaining in CoC funded permanent housing projects for at least six months to 77 percent or higher (limit 1000 characters).

The CoC exceeds this goal. Plans for the next 12 months include:
1. Permanent Supportive Housing (PSH) providers will link participants to mental health, substance abuse, health care, financial counseling, emergency rent/utility assistance, education and parenting assistance;
2. PSH providers will conduct outreach to landlords to ensure that tenant-based subsidy participants are closely monitored;
3. CoC lead agency will disseminate best practices on integrating property management & supportive services via CoC committees and work groups.
4. Montgomery County Coalition for the Homeless will sponsor a conference for providers emphasizing in-home case management & supportive housing services;
6. PSH providers will implement best practices demonstrated to retain project participants;
7. CoC will establish Performance Review committee to review progress quarterly.
8. CoC lead agency will provide technical assistance to project(s) having problems retaining participants.

Describe the CoCs long-term (10-year) plan to increase the percentage of participants remaining in CoC funded permanent housing for at least six months to 77 percent or higher (limit 1000 characters).

Exhibit 1 2010	Page 124	11/18/2010

Long-term plans include:

1. Permanent Supportive Housing (PSH) providers will continue to link participants to mental health, substance abuse, health care, financial counseling, emergency rent and utility assistance, education and parenting services;

2. PSH providers will continue to conduct outreach to landlords to ensure monitoring of tenant-based subsidy participants;

3. CoC lead agency will continue to disseminate best practices on integrating property management and supportive services to housing providers;

4. CoC lead agency will provide accredited trainings on behavioral and somatic health issues;

5. Montgomery County Coalition for the Homeless will sponsor an annual provider conference to emphasize in-home case management and supportive housing services;

6. PSH providers will implement best practices demonstrated to retain project participants.

7. Performance review committee will review progress quarterly.

8. CoC Lead agency to provide technical assistance as needed.

What is the current percentage of participants remaining in CoC funded permanent housing projects for at least six months? 91

In 12-months, what percentage of participants will have remained in CoC funded permanent housing projects for at least six months? 91

In 5-years, what percentage of participants will have remained in CoC funded permanent housing projects for at least six months? 92

In 10-years, what percentage of participants will have remained in CoC funded permanent housing projects for at least six months? 92

| Exhibit 1 2010 | Page 125 | 11/18/2010 |

CoC - 125

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 3: Increase the percentage of participants in CoC funded transitional housing that move into permanent housing to 65 percent or more.

Instructions:

The ultimate objective of transitional housing is to help homeless families and individuals obtain permanent housing and self-sufficiency. Each SHP-TH project is expected to report the percentage of participants moving to permanent housing on its Annual Progress Report (APR). CoCs then use this data from all of its CoC funded transitional housing projects to report on the overall CoC performance on form 4C. Continuum of Care (CoC) Housing Performance.

On this section, CoCs are to describe short-term and long-term plans for increasing the percentage of transitional housing participants moving from its SHP-TH projects into permanent housing to at least 65 percent. In addition, CoCs will indicate the current percentage of SHP-TH project participants moving into permanent housing as indicated on form 4C, as well as the expected percentage in 12-months, 5-years, and 10-years. CoCs that do not have any CoC funded transitional housing projects (SHP-TH) for which an APR was required, should indicate this in both of the narratives below and enter ¿0¿ in the first numeric field below.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Describe the CoCs short-term (12-month) plan to increase the percentage of participants in CoC funded transitional housing projects that move to permanent housing to 65 percent or more (limit 1000 characters).

Objective achieved, short-term plans include:
1. Montgomery County Department of Health & Human Services (MCDHHS) will utilize housing locators to assist participants to identify permanent housing options.
2. MCDHHS will provide security/utility deposits and first month's rent to participants moving into permanent housing;
3. Montgomery County Coalition for Homeless (MCCH) will convert Seneca Heights from transitional to 17 permanent supportive housing (PSH) units for families;
4. MCCH will implement Cordell Place to serve 24 individuals (Does not include 8 beds funded by HUD for chronically homeless);
5. MCCH will open 2 sites, 4 units for homeless families and 6 units for homeless individuals referred from transitional shelter;
6. CoC lead agency will continue to collaborate with the VA to obtain VASH subsidies;
7. CoC Governing Board will establish a Performance Review Committee to review performance and provide technical assistance.

Describe the CoCs long-term (10-year) plan to increase the percentage of participants in CoC funded transitional housing projects that move to permanent housing to 65 percent or more (limit 1000 characters).

| Exhibit 1 2010 | Page 126 | 11/18/2010 |

CoC - 126

Long-term plans include:
1. CoC Governing Board will identify opportunities to convert existing transitional programs to permanent supportive housing (PSH);
2. The Performance Review Committee will continue to monitor performance & CoC lead agency will provide technical assistance to low performing projects;
3. The CoC Adult and Family Homeless Provider meetings will continue to educate provider staff to better support clients to obtain income and improve financial stability in order to increase their ability to secure permanent housing;
4. CoC lead agency will continue to support local public housing authority to obtain VASH subsidies and HUD Family Unification Vouchers;
5. MCDHHS will continue provide security and utility deposits and first month's rent to transitional participants moving into permanent housing; and
6. The CoC Lead Agency will assist permanent housing providers to apply for federal, state, local, and private foundation funding to create additional PSH beds.

What is the current percentage of participants in CoC funded transitional housing projects will have moved to permanent housing?   65

In 12-months, what percentage of participants in CoC funded transitional housing projects will have moved to permanent housing?   67

In 5-years, what percentage of participants in CoC funded transitional housing projects will have moved to permanent housing?   70

In 10-years, what percentage of participants in CoC funded transitional housing projects will have moved to permanent housing?   72

| Exhibit 1 2010 | Page 127 | 11/18/2010 |

CoC - 127

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 4: Increase percentage of participants in all CoC funded projects that are employed at program exit to 20 percent or more.

Instructions:

Employment is a critical step for homeless persons to achieve greater self-sufficiency, which represents an important outcome that is reflected both in participants' lives and the health of the community. Each CoC funded project (excluding HMIS dedicated projects only) is expected to report the percentage of participants employed at exit on its Annual Progress Report (APR). CoCs then use this data from all of its non-HMIS projects to report on the overall CoC performance on form 4D. Continuum of Care (CoC) Enrollment in Mainstream Programs and Employment Information.

On this section, CoCs are to describe short-term and long-term plans for increasing the percentage of all CoC funded program participants that are employed at exit to at least 20 percent.   In addition, CoCs will indicate the current percentage of project participants that are employed at exit, as reported on 4D, as well as the expected percentage in 12-months, 5-years, and 10-years. CoCs that do not have any CoC funded non-HMIS projects (SHP-PH, SHP-TH, SHP-SH, SHP-SSO, or S+C TRA/SRA/PRA/SRO) which an APR was required, should indicate this in both of the narratives below and enter ¿0¿ in the first numeric field below.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Describe the CoCs short-term (12-month) plan to increase the percentage of participants in all CoC funded projects that are employed at program exit to 20 percent or more (limit 1000 characters).

Short-term plans include:
1. CoC Lead Agency will assist providers to strengthen relationships with the local TANF employment support and training program, Maryland State Department of Rehabilitation Services, and mental health supported employment programs. Providers will identify and refer eligible individuals;
2. Emergency and transitional shelters will increase collaboration with vocational training and job placement programs within the CoC operated by Montgomery County Coalition for Homeless, Montgomery Avenue Women's Center, Community Vision, Outpatient Addiction Services, and establish partnerships with Montgomery County Womens Commission and Montgomery Works;
3. CoC Adult and Family Homeless Provider meetings will educate provider staff about vocational and job placement programs;
4. CoC Governing Board will establish a Performance Review Committee to review performance measures for areas of concern;
5. CoC lead agency will provide technical assistance, as needed.

Describe the CoCs long-term (10-year) plan to increase the percentage of participants in all CoC funded projects that are employed at program exit to 20 percent or more (limit 1000 characters).

| Exhibit 1 2010 | Page 128 | 11/18/2010 |

CoC - 128

Long-term plans include:
1. The CoC Performance Review Committee will collaborate with the local TANF employment support and training program, Maryland State Department of Rehabilitation Services, and mental health Supported Employment programs to provide additional resources and updated information;
2. Emergency and transitional shelters will maintain collaboration with vocational training and job placement programs within the CoC operated by Montgomery County Coalition for Homeless, Montgomery Avenue Women's Center, Community Vision, Outpatient Addiction Services, MC Commission for Women, and Montgomery Works.
3. The CoC lead agency will explore Community Development Block Grant funding for financial literacy and vocational training programs for individuals; and
4. CoC lead agency will provide technical assistance, as needed.

What is the current percentage of participants in all CoC funded projects that are employed at program exit?   17

In 12-months, what percentage of participants in all CoC funded projects will be employed at program exit?   20

In 5-years, what percentage of participants in all CoC funded projects will be employed at program exit?   25

In 10-years, what percentage of participants in all CoC funded projects will be employed at program exit?   27

| Exhibit 1 2010 | Page 129 | 11/18/2010 |

CoC - 129

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 5: Decrease the number of homeless households with children.

Instructions:

Ending homelessness among households with children, particularly for those households living on the streets or other places not meant for human habitation, is an important HUD priority. CoCs can accomplish this goal by creating new beds and/or providing additional supportive services for this population.

On this section, CoCs are to describe short-term and long-term plans for decreasing the number of homeless households with children, particularly those households that are living on the streets or other places not meant for human habitation. In addition, CoCs will indicate the current total number of households with children that was reported on their most recent point-in-time count. CoCs will also enter the total number of homeless households with children that they expect to be able to report in 12-months, 5-years, and 10-years.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Describe the CoCs short-term (12-month) plan to decrease the number of homeless households with children. (limit 1000 characters)

CoC short-term plans include:
1. Emergency shelter providers will continue to implement a rapid re-housing approach to house families within 30 days;
2. MCCH will convert Seneca Heights from transitional to 17 permanent housing units;
3. MCDHHS will continue to implement the HPRP program to prevent homelessness and rapidly re-house homeless families;
4. MCDHHS will continue to provide $2.4 million in local & $1.3 million in state assistance to prevent homelessness, & $10 million in local, state & federal utility assistance to prevent utility cutoffs/restore service;
5. Emergency Assistance Coalition organizations will provide homelessness prevention grants including Emergency Food & Shelter Program funds
6. Neighborhood Opportunity Network, a nonprofit/MCDHHS partnership, will continue to conduct outreach to high risk neighborhoods;
7. Local public housing authority will purchase 7 family permanent housing units through the Neighborhood Stabilization Program.

Describe the CoCs long-term (10-year) plan to decrease the number of homeless households with children. (limit 1000 characters)

| Exhibit 1 2010 | Page 130 | 11/18/2010 |

CoC - 130

Long-term plans include:
1. CoC will continue to refine the rapid re-housing model to reduce length of stay in shelter & produce better permanent housing outcomes;
2. Neighborhood Opportunity Network will continue to conduct outreach to neighborhoods shown to experience a high risk of eviction;
3. MCDHHS will continue to provide federal, local and state funded homelessness prevention assistance, as well as federal and state utility assistance programs to prevent utility cutoffs/restore service;
4. Emergency Assistance Coalition members will continue to provide homelessness prevention assistance and collaborate with MCDHHS around provision of assistance;
5. CoC Governing Board will continue to identify opportunities to convert transitional housing programs to permanent housing;
6. MCDHHS will partner with County agencies to increase affordable housing options for low-income households and to improve access for homeless families.

What is the current total number of homeless households with children, as reported on the most recent point-in-time count?	124
In 12-months, what will be the total number of homeless households with children?	112
In 5-years, what will be the total number of homeless households with children?	74
In 10-years, what will be the total number of homeless households with children?	50

| Exhibit 1 2010 | Page 131 | 11/18/2010 |

CoC - 131

3B. Continuum of Care (CoC) Discharge Planning

Instructions:

The McKinney-Vento Act requires that State and local governments have policies and protocols in place to ensure that persons being discharged from a publicly- funded institution or system of care are not discharged immediately into homelessness. To the maximum extent practicable, Continuums of Care should demonstrate how they are coordinating with and/or assisting in State or local discharge planning efforts to ensure that discharged persons are not released directly onto the streets, homeless shelters, or into other McKinney-Vento homeless assistance programs (SHP, S+C, or SRO). For each system of care, CoCs are to address the following:

What: Describe the efforts that the CoC has taken to ensure that persons are not routinely discharged into homelessness. For foster care, CoCs should be specifically addressing the discharge of youth aging out of foster care. If there is a State mandate that requires publicly funded institutions to ensure appropriate housing placement, which does not include homelessness, please indicate this in the applicable narrative.

Where: Indicate where persons routinely go upon discharge. Response should identify alternative housing options that are available for discharged persons other than the streets, shelters, and/or McKinney-Vento homeless assistance programs.

Who: Identify stakeholders and/or collaborating agencies that are responsible for ensuring that persons being discharged from a system of care are not routinely discharged into homelessness.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

For each system of care identified below, describe the CoC¿s efforts in coordinating with and/or assisting in the development of local discharge planning policies that ensure persons are not routinely discharged into homelessness, including the streets, shelters, or other McKinney-Vento homeless assistance housing programs. Please review all instructions to ensure that each narrative is fully responsive. (limit 1500 characters)

Foster Care (Youth Aging Out):

The Montgomery County Department of Health and Human Services (MCDHHS) Child Welfare Services is required by Maryland law to support youth in foster care up to the age of 21. Foster children transitioning are never discharged into the homeless system unless the foster child is noncompliant with planning efforts. Starting at age 14, youth are eligible to receive independent living skills training including housekeeping, budgeting, housing options, etc. to assist them in making a successful transition to adulthood. Youth between the ages of 16-21 who are in school or working are also eligible for semi-independent living, a supervised program that provides youth an opportunity to practice independent living in an apartment setting.`

An exit plan, developed in concert with MCDHHS staff, the youth, and important individuals in the youth's life, is developed for all youth approaching discharge. The plan includes goals in the area of employment, education, life skills and housing options. Child Welfare Services makes every effort to secure mainstream permanent housing from public and private housing resources. In addition, HOC, the local public housing authority, is applying for funding from the HUD Family Unification Program, which can be used to provide subsidies to youth aging out of the system.

| Exhibit 1 2010 | Page 132 | 11/18/2010 |

CoC - 132

Health Care:

The Montgomery County Department of Health and Human Services (MCDHHS), through its Public Health Services, implemented the Health Care for the Homeless Initiative (HCH) to address the needs of the homeless. This initiative developed discharge protocols with local private hospitals within the CoC (no state hospitals are located within the CoC). HCH nurses work collaboratively with local hospital discharge planners to develop appropriate discharge placements including family, friends, nursing home, and assisted living options prior to hospital discharge. Patients are not routinely discharged to homeless shelters. In the event that no suitable option is available, HCH nurses will evaluate the patient for appropriate placement into a shelter including assessing ability to complete active daily living skills, coordinating medical aftercare, and discharge medications. HCH nurses will work with homeless services staff to locate more suitable housing in the community for those with special medical needs.

Mental Health:

The Department of Health and Mental Hygiene Administration (MHA) follows Maryland Health General Article of Annotated Code 10-809, which prohibits discharges from state facilities to homelessness. Montgomery County Core Service Agency (MC CSA) is responsible for coordinating discharges to the appropriate level of care. Prior to discharge, the inpatient hospital social worker/treatment provider must complete an assessment and develop an aftercare plan to address all mental health, substance abuse, co-occurring disorder, housing, health, and vocational needs. The aftercare plan is required before release and must be provided to MC CSA and any aftercare provider. Persons discharged from publicly-funded mental health institutions are not routinely discharged to McKinney-Vento programs and are referred to MC CSA for follow-up.

The CoC coordinates with Behavioral Health and Crisis Services programs to ensure access for mental health assessment and treatment for all homeless adults and children. In addition, the federally-funded Projects for Assistance to Transition from Homelessness (PATH)program provides intensive case management to homeless adults with mental health diagnoses.For consumers being released from local hospitals, discharges are coordinated with Access to Behavioral Health Services for linkages to the public mental health system, community providers, and the MC Crisis Center if leaving against medical advice and no discharge plan can be completed.

Corrections:

The Montgomery County Department of Criminal Justice and the Department of Health & Human Services have partnered to develop a comprehensive system that prepares inmates for release to the community to reduce recidivism by assuring stable housing, and psychiatric stability. Work begins at the correction center where the Community Re-Entry and PATH programs assess need and make referrals to treatment and appropriate housing options. The Pre-Release Center then works with inmates for several months prior to release by providing employment and vocational counseling in a minimum security setting. These inmates exit the correctional system with employment and housing.

| Exhibit 1 2010 | Page 133 | 11/18/2010 |

CoC - 133

3C. Continuum of Care (CoC) Coordination

Instructions:

A CoC should regularly assess its local homeless assistance system and identify shortcomings and unmet needs. One way in which a CoC can improve itself is through long-term strategic planning. CoCs are encouraged to establish specific goals and then implement short-term action steps. Because of the complexity of existing homeless systems and the need to coordinate multiple funding sources and priorities, there are often multiple long-term strategic planning groups. It is imperative for CoCs to coordinate, as appropriate, with each of these existing strategic planning groups to meet local needs.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Does the Consolidated Plan for the jurisdiction(s) that make up the CoC include the CoC strategic plan goals for addressing homelessness?   Yes

If yes, list the goals in the CoC strategic plan that are included in the Consolidated Plan:
1. Prevent homelessness through early intervention, coordinated case management, and financial assistance.
2. Provide long-term transitional and permanent housing to homeless persons.
3. Provide supportive services to homeless persons.

Describe how the CoC is participating in or coordinating with the local Homeless Prevention and Rapid re-housing Program (HPRP) initiative, as indicated in the substantial amendment to the Consolidated Plan 2009 Action Plan (1500 character limit):

The Montgomery County Department of Health and Human Services (CoC Lead Agency) is the Prime Recipient to administer the $2,104,743 HPRP grant over a 3 year grant period. Homeless households residing in emergency shelters or graduating from transitional shelter are eligible to receive up to 18 months of rapid re-housing services including rental assistance and case management services. Prevention services are provided to households threatened with loss of permanent housing so they do not enter the homeless system. Financial assistance is available for up to six months of rental and utility arrears and up to three months of rent subsidy to household to prevent homelessness. In addition, households at risk of homelessness receive three months of case management to provide linkages to community resources and help stabilize the household.

As the CoC Lead Agency, MCDHHS is able to coordinate HPRP activities with other prevention and rapid re-housing resources in the CoC. HPRP is regularly discussed at the Adult Homeless Teaming Group and Family Homeless Provider Team to share information and solicit referrals for rapid re-housing assistance. As the primary provider of homelessness prevention assistance in the CoC, MCDHHS has been able to coordinate HPRP prevention efforts with existing efforts to assure that at-risk households receive the right amount of assistance at the right time and from the right source.

| Exhibit 1 2010 | Page 134 | 11/18/2010 |

CoC - 134

Describe how the CoC is participating in or coordinating with any of the following: Neighborhood Stabilization Program (NSP) initiative, HUD VASH, or other HUD managed American Reinvestment and Recovery Act programs (2500 character limit)?

Under the Neighborhood Stabilization Program, the Housing Opportunities Commission (HOC), which is the local public housing authority, will receive funding to purchase seven housing units that will be available to rent by any household with a rent subsidy. This will provide opportunities for participants in the Housing Initiative Program (HIP) and other permanent supportive housing programs who have rental barriers in the private market to rent from HOC.

Last year, there were 250 HUD-VASH units available in the Washington, DC metropolitan area, 25 of which were designated for Montgomery County residents. The VA homeless outreach coordinator from the D.C. VA hospital is a member of the CoC and regularly attends the Adult Teaming Meeting. He disseminated information about the program and trained providers on the referral procedures. Working together, the CoC and VA were able to house 25 eligible veterans. Priority is given to veterans of the Gulf War, Iraq, and Afghanistan.

Under the HUD CSBG/ARRA program, the Employment Program operated by Arbor Inc., under contract to MCDHHS, provided employment-related services to recipients of MCDHHS Housing Stabilization Services. This employment program targets homeless families residing in emergency shelters and households at risk of eviction/losing permanent housing. Participants received intensive services to assist them in gaining and retaining employment. Services included behavior and skill assessment, employment plan, work preparation workshops, skills training, job placement, and 90-day job retention. In addition, this funding also supported the development of a financial literacy program by the Community Action Agency including workshops on budgeting, credit repair, Earned Income Tax Credit, and use of debt, in addition to one-on-one work with participants. These services were also targeted to homeless families residing in emergency shelters and households at risk of eviction/losing permanent housing.

Indicate if the CoC has established policies that require homeless assistance providers to ensure all children are enrolled in school and connected to appropriate services within the community?   Yes

| Exhibit 1 2010 | Page 135 | 11/18/2010 |

CoC - 135

If yes, please describe the established policies that are in currently in place.

The standard operating procedure for Montgomery County Department of Health & Human Services and CoC emergency shelters providers is to verify all eligible school aged children are enrolled in school at intake. Verification occurs via telephone contact or documentation from the school. If school aged children are not enrolled, staff assist in enrollment at the child¿s home school. To ensure access, staff assist families in coordinating transportation through Montgomery County Public Schools (MCPS). MCDHHS collaborates closely with MCPS to address special needs and refer to appropriate services in the community. Information is provided to families via a brochure,¿Homeless Children in the Montgomery County Public Schools: Responsibilities, Rights, and Resources brochure¿ In addition, families are assessed for eligibility for mainstream programs and are informed that they are automatically eligible for the Free and Reduced-price Meal Systems (FARMS).

Describe the CoC's efforts to collaborate with local education agencies to assist in the identification of homeless families and inform them of their eligibility for McKinney-Vento education services. (limit 1500 characters)

The CoC works closely with the Montgomery County Public School System (MCPS) to identify homeless families and inform them of their eligibility for McKinney-Vento education services. MCPS has designated a staff person to act as Homeless Family Liaison to identify homeless families, provide support services, make linkages to community resources and assures coordination of transportation. This Liaison is a member of the CoC Family Homeless Provider Team, which meets monthly to review and discuss CoC policy, update resource information, and present challenging cases. The Homeless Liaison also identifies and refers homeless families that have not sought out assistance from DHHS Housing Stabilization Services, for assessment. Information regarding educational resources is provided via a brochure, "Homeless Children in the Montgomery County Public Schools: Responsibilities, Rights, and Resources". In addition, Montgomery County DHHS collaborates closely with MCPS to hold informational presentations for MCPS Pupil Personnel Workers, Principals, and school based counselors to educate them on resources available to homeless families and how to refer families for emergency shelter and assistance.

Describe how the CoC has, and will continue, to consider the educational needs of children when families are placed in emergency or transitional shelter. (limit 1500 characters)

| Exhibit 1 2010 | Page 136 | 11/18/2010 |

CoC - 136

CoC emergency and transitional shelter providers collaborate with the Montgomery County Public School (MCPS) Homeless Liaison to consider the educational needs of children. With the implementation of the new family shelter model focusing on assessment and rapid-re-housing, a more comprehensive assessment occurs upon admission to emergency shelter that identifies any special educational needs and collects information from the home school. If children are not enrolled in schools, staff will assist parent(s) to obtain necessary requirements to complete enrollment. Staff also works with each family to coordinate with MCPS to arrange transportation so that children can continue to attend their home school without interruption. The MCPS Homeless Liaison, MCPS Pupil Personnel Worker, and shelter case managers collaborate to maintain existing Individual Educational Plans (IEP) or coordinate the development a new one to meet the need. In addition the Montgomery County DHHS Contract Monitors work closely with emergency and transitional shelters, to ensure educational needs are met. Monitoring includes case reviews, site visits, and provision of technical assistance, if necessary.

Future plans to meet the educational needs of school-aged children include continuing to strengthen the partnership with the MCPS Homeless Liaison to provide support to homeless families in resolving barriers to school and to obtaining specialized services.

Describe the CoC's current efforts to combat homelessness among veterans. Narrative should identify organizations that are currently serving this population, how this effort is consistent with CoC strategic plan goals, and how the CoC plans to address this issue in the future.(limit 1500 characters)

The CoC has undertaken a number of efforts to combat homelessness among veterans. The CoC Adult Homeless Teaming Committee meets twice a month and a representative from the Veteran Administration Homeless Outreach program in Washington DC is a member. This meeting provides a forum to share information about resources for veterans, discuss methods for identifying homeless veterans in the County, and present difficult cases.

To assure that veterans are linked to available resources, demographic information is collected as part of the intake process for all Montgomery County Department of Health and Human Services offices including an assessment of veteran status. Veteran status is also a required field within HMIS.

In addition, Montgomery County has established a Veteran Collaborative Committee whose purpose is to serve veterans with similar efforts undertaken by the State, and to ensure that services are not being duplicated. Meetings are used for information sharing and analysis of needs and are held every other month. Members include representation from Veterans Administration; County Government including Department of Health and Human Services, Dept. of Corrections; and various private partners such as Columbia Lighthouse for the Blind, Gold Star Mother, Pro-Bono Counseling Project, Department of Labor Veterans Employment Training, Mental Hygiene Administration Traumatic Brain Injury Coordinator, and Montgomery Works.

| Exhibit 1 2010 | Page 137 | 11/18/2010 |

CoC - 137

3D. Hold Harmless Need (HHN) Reallocation

Instructions:

Continuum of Care (CoC) Hold Harmless Need (HHN) Reallocation is a process whereby an eligible CoC may reallocate funds in whole or in part from SHP renewal projects to create one or more new permanent housing projects and/or a new dedicated HMIS project. A CoC is eligible to use the HHN Reallocation process if it's Final Pro Rata Need (FPRN) is based on it's HHN amount or if it is a newly approved merged CoC that used the Hold Harmless Merger process during the 2010 CoC Registration process.

 The HHN Reallocation process allows eligible CoCs to fund new permanent housing or dedicated HMIS projects by transferring all or part of funds from existing SHP grants that are eligible for renewal in 2010 into a new project. New reallocated permanent housing projects may be for SHP (one, two, or three years), S+C (five or ten years), and Section 8 Moderate Rehabilitation (ten years). New reallocated HMIS projects may be for one, two or three years.

 A CoC who¿s FPRN is based on its Preliminary Pro Rata Need (PPRN) is not eligible to reallocate existing projects through this process and should therefore always select "No" to the questions below.

 For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

Does the CoC want to reallocate funds from one or more expiring SHP grant(s) into one or more new permanent housing or dedicated HMIS project(s)?   No

Is the CoCs Final Pro Rata Need (FPRN) based on either its Hold Harmless Need (HHN) amount or the Hold Harmless Merger process?   Yes

CoCs who are in PPRN status are not eligible to reallocate projects through the HHN reallocation process.

| Exhibit 1 2010 | Page 138 | 11/18/2010 |

CoC - 138

4A. Continuum of Care (CoC) 2009 Achievements

Instructions:

In 2009, CoCs were asked to propose numeric achievements for each of HUD¿s five national objectives related to ending chronic homelessness and moving families and individuals to permanent housing. In 2010, CoCs will report on their actual accomplishments versus what was proposed in the previous application.

In the column labeled ¿2009 Proposed Numeric Achievement¿, enter the number of beds, percentage, or number of households that was entered in the 2009 application for the applicable objective. In the column labeled ¿Actual Numeric Achievement¿, enter the actual number of beds/percentage/number of households that the CoC has reached to date for each objective.

CoCs will also indicate whether or not they submitted an Exhibit 1 in 2009. If a CoC did not submit an Exhibit 1 in 2009, they should enter ¿No¿ to the question below. Finally, CoCs that did not fully meet the proposed numeric achievement for any of the objectives should indicate the reason in the space provided below.

For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

Objective	2009 Proposed Numeric Achievement:		Actual Numeric Achievement	
Create new permanent housing beds for the chronically homeless.	41	**Beds**	25	**Beds**
Increase the percentage of homeless persons staying in permanent housing over 6 months to at least 77%.	90	**%**	91	**%**
Increase the percentage of homeless persons moving from transitional housing to permanent housing to at least 65%.	65	**%**	65	**%**
Increase percentage of homeless persons employed at exit to at least 20%	42	**%**	17	**%**
Decrease the number of homeless households with children.	135	**Households**	124	**Households**

Did CoC submit an Exhibit 1 application in 2009?   Yes

Exhibit 1 2010	Page 139	11/18/2010

CoC - 139

If the CoC was unable to reach its 2009 proposed numeric achievement for any of the national objectives, provide a detailed explanation.

The CoC did not meet the proposed achievement for increasing the number of permanent housing beds for chronically homeless individuals due to delays in the start up of two new programs by the Montgomery County Coalition for the Homeless: Home First 3 and Cordell. Each project was to serve eight homeless individuals for a total of 16 new beds within the Continuum of Care.   Both of these programs made possible by funding from HUD and due to delays in both the award and contract processes, neither were able to begin operations on time.

The CoC did not meet the goal for increasing the percentage of homeless persons employed at exit. One key reason is that this goal was based on incorrect 2009 baseline data that under reported the number of indivduals exiting homelessness. A corrected analysis revealed that 21% of those exiting were employed not 42% as was reported in 2009. Even with the re-calculation, the percentage of those employed decreased to 17% in 2010. This decrease can be attributed to the economic crisis, which has made it difficult for participants, many of whom have limited work experience, physical and behavioral health issues, to obtain employment.

| Exhibit 1 2010 | Page 140 | 11/18/2010 |

CoC - 140

4B. Continuum of Care (CoC) Chronic Homeless Progress

Instructions:

HUD must track each CoCs progress toward ending chronic homelessness. In the 2010 NOFA, a chronically homeless person is defined as an unaccompanied homeless individual with a disabling condition or a family with at least one adult member who has a disabling condition who has either been continuously homeless for at least a year OR has had at least four episodes of homelessness in the past three (3) years.

This section asks each CoC to track changes year to year in the number of chronically homeless persons as well the number of beds available for this population. CoCs will complete this section using data reported for the 2008, 2009, and 2010 (if applicable) Point-In-Time counts as well as data collected and reported on for the Housing Inventory Counts (HIC) for those same years. For each year, indicate the total unduplicated point-in-time count of the chronically homeless as reported in that year. For 2008 and 2009, this number should match the number indicated on form 2J of the respective year¿s Exhibit 1. For 2010, this number should match the number entered on the Homeless Data Exchange (HDX).

Next, enter the total number permanent housing beds that were designated for the chronically homeless in 2008 and 2009, as well as the number of beds that are currently in place. For 2010, this number of beds should match the number of beds reported in the 2010 HIC and entered onto the Homeless Data Exchange (HDX). CoCs should include beds designated for this population from all funding sources.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Indicate the total number of chronically homeless persons and total number of permanent housing beds designated for the chronically homeless persons in the CoC for 2008, 2009, and 2010.

Year	Number of CH Persons	Number of PH beds for the CH
2008	208	53
2009	173	90
2010	184	116

Indicate the number of new permanent housing beds in place and made available for occupancy for the chronically homeless between February 1, 2009 and January 31, 2010.   25

Identify the amount of funds from each funding source for the development and operations costs of the new permanent housing beds designated for the chronically homeless, that were created between February 1, 2009 and January 31, 2010.

Exhibit 1 2010	Page 141	11/18/2010

Cost Type	HUD McKinney-Vento	Other Federal	State	Local	Private
Development	$0	$0	$0	$0	$0
Operations	$0	$0	$0	$380,075	$0
Total	$0	$0	$0	$380,075	$0

If the number of chronically homeless persons increased or if the number of permanent beds designated for the chronically homeless decreased, please explain (limit 750 characters):

From 2009 to 2010, the number of chronically homeless adults identified through the annual Point-in-Time count increased from 173 to 184. This can be attributed to increased efforts by Montgomery County to identify encampments where homeless individuals live including: wooded parks, under bridges, and other places not meant for human habitation. Once identified, the CoC lead agency oversaw intensive outreach by community providers to identify chronically homeless individuals and engage them in services. A total of 53 locations, many of them new, were identified and all of these were surveyed as part of the 2010 point-in-time count, which led to an increase in the number of individuals identified.

Exhibit 1 2010	Page 142	11/18/2010

CoC - 142

4C. Continuum of Care (CoC) Housing Performance

Instructions:

All CoC funded non-HMIS projects are required to submit an Annual Progress Report (APR) within 90 days of a given operating year. To demonstrate performance on participants remaining in permanent housing for more than six months, CoCs must use data on all permanent housing projects that should have submitted an APR for the most recent operating year. Projects that did not submit an APR on time must also be included in this calculation.

Complete the table below using data entered for Question 12(a) and 12(b) for the most recently submitted APR for all permanent housing projects (SHP-PH or S+C TRA/SRA/SRO/PRA) within the CoC that should have submitted one. Enter totals in field¿s a-e. The ¿Total PH %¿ will be auto-calculated after selecting ¿Save.¿ Please note, the percentage is calculated as c. +d. divided by a. +b. multiplied by 100. The last field (e.) is excluded from the calculation.

CoCs that do not have any SHP-PH or S+C projects for which an APR was required should select ¿No¿ to the question below. This only applies to CoCs that do not have any CoC funded permanent housing projects currently operating within their CoC that should have submitted an APR.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Does the CoC have any permanent housing projects (SHP-PH or S+C) for which an APR was required to be submitted?   Yes

Participants in Permanent Housing (PH)	
a. Number of participants who exited permanent housing project(s)	40
b. Number of participants who did not leave the project(s)	275
c. Number of participants who exited after staying 6 months or longer	34
d. Number of participants who did not exit after staying 6 months or longer	297
e. Number of participants who did not exit and were enrolled for less than 6 months	22
TOTAL PH (%)	105

Instructions:

Exhibit 1 2010	Page 143	11/18/2010

CoC - 143

HUD will also assess CoC performance in moving participants in SHP transitional housing programs into permanent housing.   To demonstrate performance, CoCs must use data on all transitional housing projects that should have submitted an APR for the most recent operating year. Projects that did not submit an APR on time must also be included in this calculation.

Complete the table below using cumulative data entered for Question 14 on the most recently submitted APR for all transitional housing projects (SHP-TH) within the CoC that should have submitted one. Once amounts have been entered into a & b, select ¿Save.¿ The ¿Total TH %¿ will be auto-calculated. Please note, the percentage is calculated as b. divided by a., multiplied by 100. CoCs that do not have any SHP-TH projects for which an APR was required should select ¿No¿ to the question below. This only applies to CoCs that do not have any CoC funded transitional housing projects currently operating within their CoC that should have submitted an APR.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Does CoC have any transitional housing projects (SHP-TH) for which an APR was required to be submitted? Yes

Participants in Transitional Housing (TH)	
a. Number of participants who exited TH project(s), including unknown destination	100
b. Number of SHP transitional housing participants that moved to permanent housing upon exit	65
TOTAL TH (%)	65

| Exhibit 1 2010 | Page 144 | 11/18/2010 |

CoC - 144

4D. Continuum of Care (CoC) Enrollment in Mainstream Programs and Employment Information

Instructions:

HUD will assess CoC performance in assisting program participants with accessing mainstream services to increase income and improve outcomes such as health, education, safety, and/or economic outcomes of homeless persons. To demonstrate performance, CoCs must use data on all non-HMIS projects (SHP-PH, SHP-TH, SHP-SH, SHP-SSO, S+C TRA/SRA/PRA/SRO) that should have submitted an APR for the most recent operating year. Projects that did not submit an APR on time must also be included in this calculation.

Complete the table below using cumulative data entered for Question 11 on the most recently submitted APR for all non-HMIS projects within the CoC that should have submitted one. Each CoC shall first indicate the total number of exiting adults. Next, enter the total number of adults that exited CoC non-HMIS project with each source of income. Once amounts have been entered, select ¿Save¿ and the percentages will be auto-calculated. CoCs that do not have any non-HMIS projects for which an APR was required should select ¿No¿ to the question below. This only applies to CoCs that do not have any CoC funded non-HMIS projects currently operating within their CoC that should have submitted an APR.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Total Number of Exiting Adults: 287

Mainstream Program	Number of Exiting Adults	Exit Percentage (Auto-calculated)	
SSI	36	13	%
SSDI	17	6	%
Social Security	0	0	%
General Public Assistance	12	4	%
TANF	9	3	%
SCHIP	0	0	%
Veterans Benefits	0	0	%
Employment Income	48	17	%
Unemployment Benefits	10	3	%
Veterans Health Care	0	0	%
Medicaid	23	8	%
Food Stamps	47	16	%
Other (Please specify below)	21	7	%
Medicare, Child Support			
No Financial Resources	64	22	%

The percentage values will be calculated by the system when you click the "save" button.

Exhibit 1 2010	Page 145	11/18/2010

CoC - 145

**Does the CoC have any non-HMIS projects for   Yes
which an APR was required to be submitted?**

| Exhibit 1 2010 | Page 146 | 11/18/2010 |

CoC - 146

4E. Continuum of Care (CoC) Participation in Energy Star and Section 3 Employment Policy

Instructions:

HUD promotes energy-efficient housing. All McKinney-Vento funded projects are encouraged to purchase and use Energy Star labeled products. For information on Energy Star initiative go to: http://www.energystar.gov

A "Section 3 business concern" is one in which: 51% or more of the owners are section 3 residents of the area of service; or at least 30% of its permanent full-time employees are currently section 3 residents of the area of service, or within three years of their date of hire with the business concern were section 3 residents; or evidence of a commitment to subcontract greater than 25% of the dollar award of all subcontracts to businesses that meet the qualifications in the above categories is provided. The "Section 3 clause" can be found at 24 CFR Part 135.

Has the CoC notified its members of the Energy Star Initiative?   Yes

Are any projects within the CoC requesting funds for housing rehabilitation or new construction?   No

| Exhibit 1 2010 | Page 147 | 11/18/2010 |

CoC - 147

4F. Continuum of Care (CoC) Enrollment and Participation in Mainstream Programs

It is fundamental that each CoC systematically help homeless persons to identify, apply for, and follow-up to receive benefits under SSI, SSDI, TANF, Medicaid, Food Stamps, SCHIP, WIA, and Veterans Health Care as well as any other State or Local program that may be applicable.

Does the CoC systematically analyze its projects APRs in order to improve access to mainstream programs? Yes

If 'Yes', describe the process and the frequency that it occurs.

APRs are sent to the CoC on a monthly basis. The CoC will begin using the CoC Governing Board, Performance Review Committee to review projects' performance.

Does the CoC have an active planning committee that meets at least 3 times per year to improve CoC-wide participation in mainstream programs? Yes

If "Yes", indicate all meeting dates in the past 12 months.

December 17, 2009
February 24, 2010
March 25, 2010
May 26, 2010
July 29, 2010
September 22, 2010

Does the CoC coordinate with the State Interagency Council on Homelessness to reduce or remove barriers to accessing mainstream services? Yes

Does the CoC and/or its providers have specialized staff whose primary responsibility is to identify, enroll, and follow-up with homeless persons on participation in mainstream programs? Yes

If yes, identify these staff members Both

Does the CoC systematically provide training on how to identify eligibility and program changes for mainstream programs to provider staff. Yes

| Exhibit 1 2010 | Page 148 | 11/18/2010 |

CoC - 148

If "Yes", specify the frequency of the training. Bi-monthly

Does the CoC use HMIS as a way to screen for mainstream benefit eligibility? Yes

If "Yes", indicate for which mainstream programs HMIS completes screening.

CoC homeless providers routinely assess clients using HMIS assessment screening tool that includes information regarding income, assets, debts, benefit entitlement application status, health status, disabilities, family, and other demographic variables. Staff is trained in basic entitlement eligibility criteria and will refer clients to the appropriate mainstream resources such as Supplment Nutritional Assistance Programs, TANF, Social Security, Medical Assistance, emergency assistance, and other benefits, if eligible.

Has the CoC participated in SOAR training? Yes

If "Yes", indicate training date(s).

June 23, 2010 SOAR Workgroup development
August 19, 2010 Workgroup
September 27, 2010 Training
September 29, 2010 Training
October 13, 2010 Workgroup

| Exhibit 1 2010 | Page 149 | 11/18/2010 |

CoC - 149

4G: Homeless Assistance Providers Enrollment and Participation in Mainstream Programs

Indicate the percentage of homeless assistance providers that are implementing the following activities:

Activity	Percentage
1. Case managers systematically assist clients in completing applications for mainstream benefits. **1a. Describe how service is generally provided:**	100%
All programs have case managers who are responsible for referring clients to mainstream programs.	

Activity	Percentage
2. Homeless assistance providers supply transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs.	100%

Activity	Percentage
3. Homeless assistance providers use a single application form for four or more mainstream programs: **3.a Indicate for which mainstream programs the form applies:**	100%
Food Stamps, Medicaid, TANF, TDAP (state-funded cash assistance for single adults)	

Activity	Percentage
4. Homeless assistance providers have staff systematically follow-up to ensure mainstream benefits are received.	100%
4a. Describe the follow-up process:	
Case managers work with their clients and mainstream providers to complete and follow-up with applications for assistance.	

Exhibit 1 2010	Page 150	11/18/2010

CoC - 150

Continuum of Care (CoC) Project Listing

Instructions:

 IMPORTANT: Prior to starting on the CoC Project Listing, CoCs should carefully review the CoC Project Listing Instructions and the CoC Project Listing training module, both of which are available at www.hudhre.info/esnaps.

  To upload all Exhibit 2 applications that have been submitted to this CoC, click on the "Update List" button. This process will take longer based upon the number of projects that need to be located. The CoC can either work on other parts of Exhibit 1 or it can log out of e-snaps and come back later to view the updated list. To review a project, click on the next to each project to view project details.
