General Notes
2. Public utility easements (PUEs) are subject to "declarations of terms and provisions of public utility easements" recorded as Liber 3834, Folio 457 in the Land Records of Montgomery County.
3. Standard elevation at property line, relative to PGL, shall not vary at driveways.
4. Paving detail depicts the minimum required section. If sufficient subgrade support is not assured, an engineered paving design using SHA methodology will be required.
5. Note that within a given context, this standard may need to be modified to provide additional required features such as master planned bikeways, auxiliary lanes at intersections, or stormwater management facilities. Additional right-of-way may be necessary to accommodate such features.
6. All unpaved areas within the limits of disturbance shall be stabilized with established grass turf or approved landscaping.
7. Street trees of approved type, size and spacing shall be planted at locations shown.
