LAWN SPRINKLER/INVISIBLE DOG FENCE INFORMATION

If your home has either a buried lawn sprinkler system or invisible-type dog fence installed, please make sure that the system DOES NOT extend into the county right-of-way. If it does, please mark the locations of buried pipe or wire so that our equipment can attempt to avoid it. However, such systems are not permitted by the County Code to be located in the right-of-way and neither the County nor its contractors are responsible for any damage to any systems located there. If you do not know the locations, look in your phone book under Utilities, Underground Cable, Pipe and Wire Locating Service. If you have questions related to your health and safety, please email Degan Bartels, PR & Outreach Manager, at degan.bartels@montgomerycountymd.gov
