**NOTICE OF BRIDGE REHABILITATION PROJECT  
CLUB HOLLOW ROAD**

October 3, 2018

Dear Resident:

This letter is to inform you of the upcoming bridge repair project in your area. The Montgomery County Department of Transportation's (MCDOT) Division of Highway Services (DHS) will be managing the project, which will consist of the rehabilitation and resurfacing of the existing bridge along Club Hollow Road. The project will involve the closure of a small portion of Club Hollow Road between Edwards Ferry Road and Elmer School Road. The estimated length of the closure is **three weeks**, weather permitting.

This project will consist of the removal of the asphalt bridge deck and subsequent repair of the bridge deck beams. Following the repair of the beams, new hot mix asphalt (HMA) will be placed back onto the decking, thus providing for a smooth surface. These services will help extend the life of the bridge.

MCDOT anticipates this project beginning on or about October 15, 2018. A detour route has been approved and established. Please see the reverse side of this document for the posted detour route.

MCDOT apologizes for any inconvenience. Your patience and understanding are certainly appreciated during this important activity. If you should have any questions or comments feel free to contact Mr. Josh Faust, Public Outreach Manager, at 240-777-7642.

Should you have any general questions or concerns not related to this project, you may wish to contact MC311 at <http://www3.montgomerycountymd.gov/311/> or dial 3-1-1.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jeff Knutsen".

Jeff Knutsen
