**NOTICE OF DRAINAGE PROJECT
ON COLUMBINE WAY**

September 9, 2015

Dear Resident:

This letter is to inform you of the upcoming storm drainage improvement project in your neighborhood. The Montgomery County Department of Transportation's (MCDOT) Division of Highway Services (DHS) will be managing the project, which will consist of replacing a failing portion of the storm drainage pipe in the County right of way behind 15109 Columbine Way.

The work will be performed under contract by D & F Construction Co., Inc., and will include: Excavation of the existing failing storm drainage pipe, and the installation of a new reinforced concrete pipe (RCP). The county right-of-way near your residence may be disturbed by the planned project improvements. Any disturbed areas will be restored directly after the drainage repairs and during construction activities. MCDOT views these replacements as urgent. Therefore, work will commence shortly.

The emergency storm drainage improvement project will start on or about September 14, 2015. The project will take approximately 15 days to complete, weather permitting. Work hours are from 7 a.m. to 5 p.m. We apologize for the short notice and any inconvenience this project may cause. Your patience and understanding is appreciated during this important construction activity. If you should have any questions or comments feel free to contact Mr. John Birton, Program Manager, at 240-777-7616.

Should you have any general questions or concerns not related to this project, you may wish to contact MC311 at <http://www3.montgomerycountymd.gov/311/> or dialing 3-1-1.

We thank you for your cooperation and again we apologize for any inconvenience this project may cause. We will work with you to address any of your concerns.

Sincerely,

John Birton
Program Manager
