**NOTICE OF DRAINAGE PROJECT  
ON E BEXHILL DRIVE**

July 23, 2015

Dear Resident:

This letter is to inform you of the emergency storm drainage improvement project in your neighborhood. The Montgomery County Department of Transportation's (MCDOT) Division of Highway Services (DHS) will be managing the project, which will consist of replacing the storm drainage pipe in the County right of way in front of 9604 E Bexhill Drive.

The work will be performed under contract by D & F Construction Co., Inc., and will include: Excavation of the existing failing storm drainage pipe in front of 9604 E Bexhill Drive, and the installation of a new 18" reinforced concrete (RCP) pipe. The storm drain inlet structure will also be rebuilt during this project. The county right-of-way near your residence may be disturbed by the planned project improvements. Any disturbed areas will be restored directly after the drainage repairs and during construction activities. MCDOT views these replacements as urgent. Therefore, work will commence shortly.

The emergency storm drainage improvement project will start on July 23, 2015. The project will take approximately 15 days to complete, weather permitting. Work hours are from 7 a.m. to 5 p.m. We apologize for the short notice and any inconvenience this project may cause. Your patience and understanding is appreciated during this important construction activity. If you should have any questions or comments feel free to contact Mr. John Birton, Program Manager, at 240-777-7616.

Should you have any general questions or concerns not related to this project, you may wish to contact MC311 at <http://www3.montgomerycountymd.gov/311/> or dialing 3-1-1.

We thank you for your cooperation and again we apologize for any inconvenience this project may cause. We will work with you to address any of your concerns.

Sincerely,

John Birton  
Program Manager
