Acting Director

**NOTICE OF SINGLE LANE CLOSURE ON FALLS ROAD**

October 14, 2015

Dear Resident:

This letter is to inform you of the upcoming erosion abatement project at the Falls Road Bridge approximately 50 yards south of Oaklyn Drive. The Montgomery County Department of Transportation (MCDOT), Division of Highway Services (DHS) will be managing the project, which will consist of construction of a concrete toe wall on the north abutment of the pedestrian bridge and the installation of rip rap to repair the erosion at this location. MCDOT views these repairs as urgent, therefore work will commence shortly.

This project is scheduled to begin on October 26, 2015. The project will take approximately five (5) weeks to complete, weather permitting. Continuous traffic will be maintained at all times utilizing lane closures and/or alternating one-way traffic. Work hours are from 7 a.m. to 5 p.m., Monday through Friday. This type of project is generally characterized by some noise and low levels of dust. MCDOT will keep the site in good housekeeping order. We apologize in advance for any inconvenience this project may cause and appreciate your patience during these necessary repairs and construction activity. If you should have any questions or comments, feel free to contact:

Project Manager:	Mr. Lacy Hanna	240-876-5539
Chief of Field Operations:	Mr. Richard Dorsey	240-777-6000

Should you have any further questions or concerns after the work is completed, you may wish to contact the MC311 Call Center at <http://www3.montgomerycountymd.gov/311/> or 311 (240-777-0311).

We thank you for your cooperation and again we apologize for any inconvenience this project may cause. We will work with you to address any of your concerns.

Sincerely,

Lacy Hanna  
Project Manager
