**NOTICE OF PIPE REPLACEMENT PROJECT  
AT GLEN AVENUE AND HOLMAN AVENUE**

Dear Resident:

This letter is to inform you of the upcoming drainage improvement project in your neighborhood. The Montgomery County Department of Transportation's (DOT) Division of Highway Services (DHS) will be managing the project, which will consist of replacing the failing storm drainage pipe in the county right-of-way located at the intersection of Glen Avenue and Holman Avenue.

The work will be performed under contract by D & F Construction, and will include: Excavation of the existing failing pipe, replacing it with a new Reinforced Concrete (RCP) pipe, construction of a new inlet structure, and outfall stabilization with riprap stone to restore proper drainage. The county right-of-way in front of your residence may be disturbed by the planned project improvements. Any disturbed areas will be restored directly after the storm drain repairs and during construction activities.

This repair project is scheduled to start on or about April 7, 2014, and will require approximately ten days to complete, weather permitting. Work hours are from 7 a.m. to 5 p.m. Parking will be restricted within the work zone during daily construction activities. We apologize for any inconvenience this project may cause and appreciate your patience during this important construction activity. If you should have any questions or comments feel free to contact:

DOT Project Manager: Mr. Yisa Adegun 240-777-7641

Should you have any further questions or concerns after the work is completed, you may wish to contact the MC311 Call Center at <http://www3.montgomerycountymd.gov/311/>

We thank you for your cooperation and again we apologize for any inconvenience this project may cause. We will work with you to address any of your concerns.

Sincerely,

Yisa Adegun  
Project Manager
