**NOTICE OF DRAINAGE REPAIR PROJECT
ON GRACE CHURCH ROAD**

May 2, 2016

Dear Resident:

This letter is to inform you of the upcoming storm drainage improvement project on Grace Church Road in Silver Spring. The Montgomery County Department of Transportation's (MCDOT) Division of Highway Services (DHS) will be managing the project, which will consist of replacing the storm drain outfall headwall at the intersection of Grace Church Road and 3rd Avenue.

The work will be performed under contract by D & F Construction Co., Inc., and will include the removal and replacement of the existing failing headwall, stabilization of the roadway at this location, and repair of the storm drain outfall spillway. The county right-of-way near your residence may be disturbed by the planned project improvements. Disturbed areas within the county right-of-way will be restored directly after the drainage repairs and during construction activities.

The storm drainage improvement project will start in May 2016 and will take approximately **ten (10)** days to complete, weather permitting. Work hours are from 7 a.m. to 5 p.m. We apologize for any inconvenience this project may cause. Your patience and understanding is appreciated during this important construction activity. If you should have any questions or comments feel free to contact Mr. John Birton, Program Manager, at 240-777-7616.

Should you have any general questions or concerns not related to this project, you may wish to contact MC311 at <http://www3.montgomerycountymd.gov/311/> or dialing 3-1-1.

We thank you for your cooperation and again we apologize for any inconvenience this project may cause. We will work with you to address any of your concerns.

Sincerely,

John Birton
Program Manager
