NOTICE OF DRAINAGE IMPROVEMENT PROJECT AT 3100 HOMEWOOD PARKWAY

Dear Resident:

This letter is to inform you of the upcoming storm drainage improvement project in your neighborhood. The Montgomery County Department of Transportation's (MCDOT) Division of Highway Services (DHS) will be managing the project, which will consist of connecting a sump pump to the existing storm drain structure in the right-of-way at 3100 Homewood Parkway.

The work will be performed under contract by D & F Construction Co., Inc., and will include: Excavation of the asphalt pavement and the installation of a 10-inch PVC pipe to connect the sump pump to the existing storm drain structure. The county right-of-way in front of your residence may be disturbed by the planned project improvements. Any disturbed areas will be restored directly after the drainage repairs and during construction activities.

This project is scheduled to start in June 2015, and will take approximately ten days to complete, weather permitting. Work hours are from 7 a.m. to 5 p.m. Parking will be restricted within the work zone during daily construction activities. We apologize for any inconvenience this project may cause and appreciate your patience during this important construction activity. If you should have any further questions or comments, you may wish to contact the MCDOT Project Manager, Mr. John Birton, at 240-777-7616 or Josh Faust, Public Outreach Manager for the Division of Highway Services, at 240-777-7642.

Should you have any further questions or concerns after the work is completed, you may wish to contact MC311 at http://www3.montgomerycountymd.gov/311/ or dialing 3-1-1.

We thank you for your cooperation and again we apologize for any inconvenience this project may cause. We will work with you to address any of your concerns.

Sincerely,

John Birton
Program Manager
