**NOTICE OF DRAINAGE PROJECT  
ON MILES ROAD**

**May 4, 2016**

Dear Resident:

This letter is to inform you of the upcoming urgent storm drainage improvement project in your neighborhood. The Montgomery County Department of Transportation's (MCDOT) Division of Highway Services (DHS) will be managing the project, which will consist of replacing a failing storm drainage pipe that runs under Miles Road, near the address of 3030 Miles Road.

The work will be performed under contract by D & F Construction Co., Inc., and will include excavating the existing, failing 36-inch corrugated metal (CMP) storm drainage pipe under Miles Road, and replacing it with a new, 48-inch reinforced concrete (RCP) pipe. The county right-of-way near your residence may be disturbed by the planned project improvements. Disturbed areas within the county right-of-way will be restored directly after the drainage repairs and during construction activities.

The storm drainage improvement project will start in May 2016 and will take approximately **fifteen (15) days** to complete, weather permitting. Work hours are from 7 a.m. to 5 p.m. Single lane closures will be experienced during construction hours. We apologize for the short notice and any inconvenience this project may cause. Your patience and understanding is appreciated during this important construction activity. If you should have any questions or comments feel free to contact Mr. John Birton, Program Manager, at 240-777-7616.

Should you have any general questions or concerns not related to this project, you may wish to contact MC311 at <http://www3.montgomerycountymd.gov/311/> or dialing 3-1-1.

We thank you for your cooperation and again we apologize for any inconvenience this project may cause. We will work with you to address any of your concerns.

Sincerely,

John Birton  
Program Manager
