County Executive

**NOTICE OF DRAINAGE PROJECT ON SCIOTO ROAD**

Al R. Roshdiah  
Acting Director

September 2, 2015

Dear Resident:

This letter is to inform you of the upcoming storm drainage improvement project in your neighborhood. The Montgomery County Department of Transportation's (MCDOT) Division of Highway Services (DHS) will be managing the project, which will consist of installing a storm drainage pipe under Scioto Road near the intersection of Walhonding Road.

The work will be performed under contract by D & F Construction Co., Inc., and will include: Installation of a storm drain inlet in front of 5504 Scioto Road, replacement of the existing storm drainage structure on Walhonding Road just south of Scioto Road, and excavation of the pavement between the two new structures to run a 15-inch reinforced concrete pipe (RCP) to restore proper drainage at this intersection. The county right-of-way near your residence may be disturbed by the planned project improvements. Any disturbed areas will be restored directly after the drainage repairs and during construction activities. MCDOT views these replacements as urgent. Therefore, work will commence shortly.

The storm drainage improvement project will start on September 10, 2015. The project will take approximately 10 days to complete, weather permitting. Work hours are from 7 a.m. to 5 p.m. We apologize for any inconvenience this project may cause. Your patience and understanding is appreciated during this important construction activity. If you should have any questions or comments feel free to contact Mr. John Birton, Storm Drain Program Manager, at 240-777-7616.

Should you have any general questions or concerns not related to this project, you may wish to contact MC311 at <http://www3.montgomerycountymd.gov/311/> or dialing 3-1-1.

We thank you for your cooperation and again we apologize for any inconvenience this project may cause. We will work with you to address any of your concerns.

Sincerely,

John Birton  
Program Manager
