Major Changes to FY18 Survey

Since 2009, MCDOT Parking Management Services has partnered with CountyStat to administer a customer satisfaction survey every other year. In preparation for the fall 2017 survey, MCDOT asked CountyStat for options to revise the survey questions and methodology as the prior results, while helpful in understanding overall satisfaction, were not useful in determining operational changes that could improve customer service. Based on review of the old survey, CountyStat and MCDOT made the following changes:

- Change the rating scale from a 4 point scale ranging from poor to excellent to a 5 point satisfaction scale from strongly disagree to strongly agree with a neutral option in the middle. The goal with the change was to better determine strength of satisfaction.
- Eliminate the business survey. The business survey was mostly capturing first-floor, public facing businesses and was largely one employee's interpretation of employer and employee satisfaction. By eliminating this survey, resources could be focused on increasing the response rate for the customer survey.
- Removed 3 questions (blocks to destination, purchase method for monthly permit, and length of stay for visitors) from the customer service survey. The questions were not deemed as valuable to MCDOT and by shortening the survey potentially getting more customers to take the survey.

With these significant changes to the survey and the PLD boundaries, the FY18 results are **not** comparable to prior years' scores. FY18 represents a new baseline for the PLD surveys.

- **Purpose:** Gauge the current performance of the public parking system from the customers' perspective
- **Audience:** Permit Holders and Visitor/Transient Parkers
 - A breakdown of audience by year is on page [10](#)
- **Survey Period:**
 - **Parkers:** Weekdays from 7AM-12PM and 3PM-7PM for the weeks of 11/6 and 11/13 for selected parking facilities and Silver Spring on-street parking. The week of 11/27 was used for Bethesda and Wheaton on-street parking.
- **Methodology:** Similar to prior years, contractor personnel circulated through each parking district and each block during the time periods listed above during a typical weekday in an effort to meet and interview a representative sample of permit/visitor parkers. Parking lots and garages surveyed, as shown on page 6, were selected to get a sample of the PLD's varying payment methods, above/below grade, and hourly rates.

FY18 DOT Parking Survey General Findings

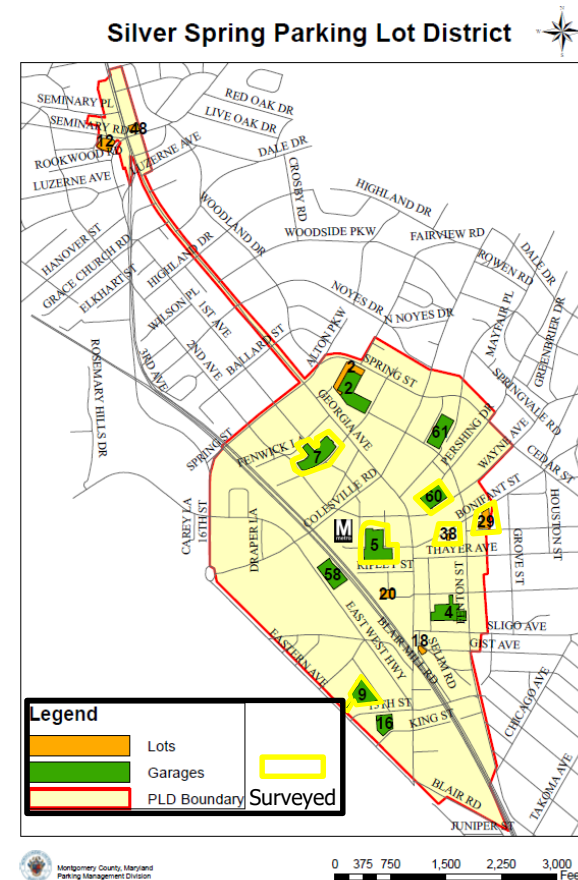

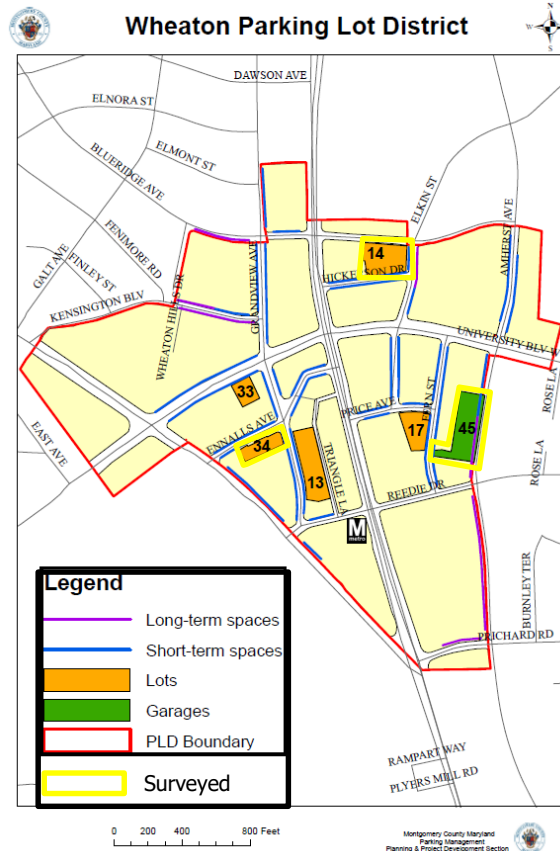

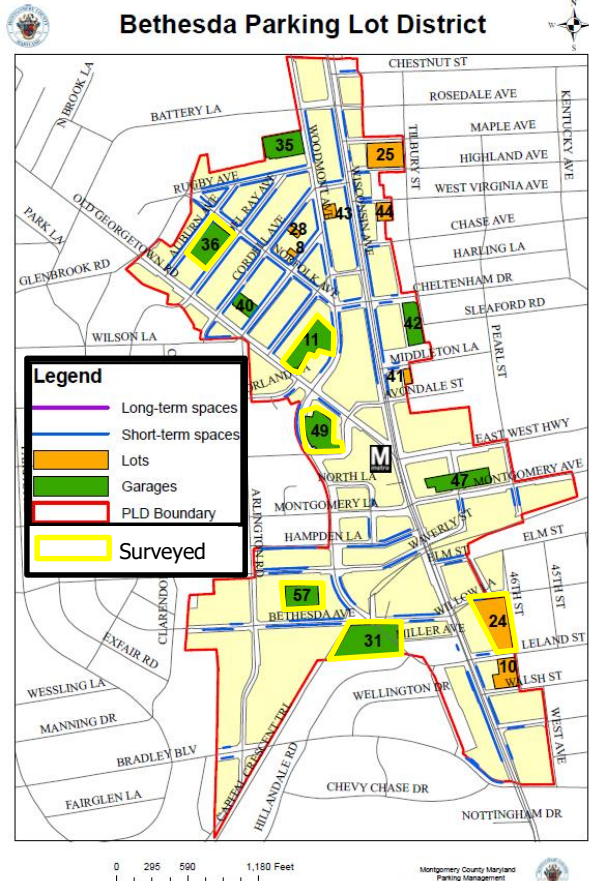

- Overall satisfaction with the Parking Lot District's facilities was high with an average rating of **4.7 out of 5** for both permit and visitor parkers.
- The majority of respondents strongly agreed (5 out of 5) for all 7 questions asked.
- The lowest satisfaction for permit parkers was parking availability with 83% agreeing or strongly agreeing for a score of 4.4/5.0. For visitors, the lowest satisfaction was for reasonable cost compared to private facilities with 93% agreeing or strongly agreeing for a score of 4.6/5.0.

Rating: Strongly Disagree Strongly Agree

NEW DOT Parking Survey Questionnaire

Date: _____
 Day: _____
 LOCATION: _____
 SURVEYOR'S NAME: _____

POINT OF ACCESS QUESTIONNAIRE

"Excuse me sir/madam, I'm doing a survey for the Montgomery County,

May I ask you 7 quick Questions' regarding your visit here today ?"

Garages/Lots: Pedestrian Questionnaire Summary

Unless otherwise noted please rate each question using the following scale:

1. Strongly Disagree 2. Somewhat Disagree 3. Neither Agree nor Disagree 4. Somewhat Agree 5. Strongly Agree

Q1: Are you a Permit Holder ?

Yes ☐

No ☐

Parking in the facility was readily available	The facility is easy to navigate and the signage is clear	The facility is clean and well-lit	I feel safe and secure in the facility	The facility is in a convenient location to my destination	If Q1 is yes, then: It was easy to pay for my monthly permit	If Q1 is no, then: It was easy to pay my parking	The cost was reasonable compared to private facilities

Pedestrian Survey Results

Response Rate

Number of Survey Respondents by Year

The number of survey responses increased 52% from FY16, but was the second-lowest since the survey began. The FY18 survey had a significant drop in permit respondents despite conducting the survey at similar times of day and time of year as past surveys.

NOTE: Respondent count excludes “street” parkers for FY10 and FY12 since their responses were not used in calculating the average satisfaction score for those years.

Pedestrian Survey Results

Permit Parkers Overview

FY18 Permit Holder Satisfaction by PLD – Average Score

<u>Parking District</u>	<u>Availability</u>	<u>Navigation</u>	<u>Facility Condition</u>	<u>Safety And Security</u>	<u>Destination Convenience</u>	<u>Ease of Payment</u>	<u>Reasonable Cost</u>	<u>Overall</u>
Bethesda	4.2	4.7	4.8	4.8	4.8	4.6	4.2	4.6
Silver Spring	4.6	4.8	4.8	4.7	4.7	4.6	4.7	4.7
Wheaton	4.5	4.7	4.8	4.9	4.9	4.9	4.6	4.8
Average	4.4	4.7	4.8	4.8	4.8	4.6	4.5	4.7

Permit parkers were highly satisfied with every aspect surveyed. No area surveyed for the three parking lot districts fell below 4 (agree). Bethesda permit parkers satisfaction with the cost compared to private facilities was lower compared to the other two parking districts.

 = Below Average Rating at a Statistically Significant Level

-  = Avg. Rating Lower than <50% Occupancy at a Statistically Significant Level
 = Avg. Rating Higher than <50% Occupancy at a Statistically Significant Level

Across all parking districts and survey respondents, facilities in the 50-75% occupancy range were rated higher than lower and higher utilized facilities. The <50% facilities were brought down by Garage 9 in Silver Spring posting a below average score. The 76%+ facilities were brought down by Lot 38 in Silver Spring which had the lowest satisfaction score of 3.8 for availability.

Pay-on-Foot	4.8	521	0.5	0.2	0.00

Only one facility, Garage 49 in Bethesda, uses a cashier and it had lower satisfaction for cost of parking compared to other methods. It's reasonable cost score was lowest in the Bethesda PLD with 79% of permit and visitor parkers agreeing or strongly agreeing.

Two out of the three pay-by-space facilities surveyed were below average for ease of payment. Pay-on-Foot was the highest rated for ease of payment.

7 facilities surveyed did not accept credit cards. There was no significant difference in cost or payment satisfaction scores for facilities that do not accept credit cards.
