PEDESTRIAN, BICYCLE, AND TRAFFIC SAFETY ADVISORY COMMITTEE
November 29, 2018 – 7:00 to 9:30 p.m.
EOB

1. **Welcome, Introductions** - Kristy Daphnis (10 min, 7:00-7:10)

2. **Capital Trails Coalition** [Representative Invited - to be confirmed - 15 min presentation/15 min Q&A] - The Capital Trails Coalition is a collaboration of public and private organizations, agencies, and citizen volunteers. They will give an update on their efforts to advance completion of an interconnected network of multi-use trails for metropolitan Washington, DC. Unable to confirm. Will schedule for upcoming meeting.

3. **Update on County Executive Transition Activities** [Kristy Daphnis - 15 min, 7:10-7:25] - Kristy will provide a quick overview of discussions surrounding pedestrian safety in recent County Executive Transition Planning sessions.

4. **VZ milestones** [Wade Holland/MCDOT/SHA - 20 min, 7:25-7:45]: Wade will provide updated status on VZ milestones, VZ Coordinator, VZ Steering Committee Meeting, State/County collaboration projects, equity task force, interactive map, engineering items. Which items are "low hanging fruit"? How can PBTSAC help drive progress?

5. **Discussion of PBTSAC Priorities** [Heidi Coleman & Kristy Daphnis, 30 min, 7:45-8:15] - Discussion of a draft priorities list for the PBTSAC; high-level list will be circulated prior to meeting.

6. **Update PBTSAC Tracker & Vote to close outdated open recommendations** [Kristy Daphnis - 30 min, 8:15-8:45]: Last year, the PBTSAC maintained a motions and actions tracker. We will revisit this, to update status and align with VZ milestones and priority action items. Are there items that should be added to VZ milestone tracker? Which open motions can we take off the books?

7. **Upcoming State Legislation** [Tomas Bridle/Kristy Daphnis - 15 min, 8:45-9:00] - Discussion of known upcoming State transportation related bills, and whether/how PBTSAC should support. Note: PBTSAC is not an advocacy group. All statements of support will be coordinated with Intergovernmental Affairs.

8. **General Business, Updates & Announcements** [15 min, 9:00-9:15] - Ongoing State and County Efforts, Police Update, Council Update, Planning Board/Planning Dept Updates

Adjourn – approx. 9:25 pm

2019 Upcoming Meeting Dates: January 24, March 28, May 23

**Potential Upcoming Meeting Topics (please provide additional input via email to Kristy & Heidi):**
County-Exec Elect Briefing; Road Code/Complete Streets Update; Bus Stops and Mid-block Crossing Reviews; PBTSAC Involvement in Safety Audits & Development of a Community Tool-kit; Safety and Pedestrian Routes to Purple Line Stops; Educational briefing on CIP process; Capital Trails Briefing
Minutes: KD called meeting to order at 7:06pm. Went around and did names.

JD: Ped safety is important. Greg Slater went before the County Council 11.13.18 and made the point that SHA is different and is no longer using cookie cutter approaches. SHA is moving towards context-sensitive design. SHA is looking at things differently now.

WH: Greg Slater mentioned lowering the speed limit to 30 mph in CBDs.

DG: The culture is there at a lower level too, even at the district level. MD 187 and MD 190 are both receiving speed limit reductions.

MP: Partnership between MCDOT and SHA is going to be the key to success.

JD: VR simulation of driving car is a new ped safety outreach tool.

GB: COG does this, great idea.

JD: If you set up dates for us, we will have the resources ready. It can focus on seniors as well, Leisure World, Riderwood, etc.

TH: Hans Riemer is drafting a letter re: using MD 97 as a pilot project.

KD: What should I bring to the CE Transition work group? Topics: Distraction, Cell phone, Better use of data. People brought up VZ at the last meeting.

KD: CE’s team will issue a report in January 2019.

HC: Make sure we hold them accountable to implementing vs researching, etc.

GB: We need buy in for the VZ plan.

KD: HC and I met with Marc Elrich re: VZ during the election cycle.

WH: There are also 4 new County Council members to educate.

MP: I work for Mar Elrich; pedestrian safety was listed as 1 of his 3 indicators.

KD: I do not think we are starting from scratch.

MP: No one is interested in starting from scratch. We have certain trouble points, working with SHA, etc. There are engineering issues. We have the money now, let us focus on implementation.

KD: WH will give VZ update.

WH: VZ focuses on KSI (killed, severely injured)
WH: 2012-2016 is baseline.
RM: Do the targets factor in growth?
WH: No. VZ is focused on zero.
DG: Greg Slater’s goal is not just fatalities, also severely injured, etc.
WH: VZ Coordinator is a contractor.
KD: Is the contractor permanent or will there be a County employee sometime down the line.
WH: Contract is 1 year with 2 renewal years, up to 10 Year Plan, etc.
KD: What is the scope of the job?
WH: 2 hats. First hat is PM/organization, etc. Second hat is community activist.
KD: Originally VZ coordinator was having someone come in and change the culture.
DG: We are looking at things we can be doing.
KD: Coordinate with Next Door/community advocates.
MP: Radio America is in the mall, reach out to them for safety education.
KD: What are the SHA/County collaboration projects?
WH: There are the Wheaton CBD projects, a trail in Olney, and other smaller scale projects.
TB: What is being done for developments during Planning review? Can we meet with MNCPPC?
TB: CIP approval process should include the question, “does this project adhere to VZ principles?”
TB: We need DOT, etc. to identify VZ projects to County Council so they can make informed funding decision.
DH: Need to add community involvement and political pressure.
KD: I will send you the document for comments.
TB: Move to draft testimony on MC 24-19 to present at bill hearing.
    Seconded.
    Approved unanimously.
LW: NTSB needs to be invited by bill sponsor. The 3rd Floor hearing room in mid-December.
KD: Bike Master Plan was passed, we support it.
TH: Council getting a lot of flak from neighborhood associations.
HC: Motion to write letter of support for CCT & Little Falls Parkway meeting.
    Seconded.
    Approved unanimously.
KD: Meeting adjourned at 9:36pm.
NO TRAFFIC DEATHS BY 2030 IN MONTGOMERY COUNTY

VISION ZERO

No traffic deaths by 2030 in Montgomery County

Our plan to eliminate fatalities and severe injuries on our roads by 2030

Two-year action plan • Update to PBTSAC • 11/29/18

Fatal crashes for vehicle occupants have been at record lows the past two years and on pace to remain low in 2018.

After two years of 3 cyclist fatalities, 2017 reversed the increasing trend with zero cyclist fatalities. In 2018, there has been one fatality that occurred on Randolph Rd in November.

For pedestrians, 2018 will eclipse the 11 fatal crashes in 2017.

*2018 data through September 30 and subject to change
To smooth out the data and see the long-term trend, this chart shows the 5-year moving average for fatal crashes.

Of note, full funding for the pedestrian safety initiative started in FY10 and since then the number of pedestrian fatalities dropped from an average of 15 crashes to 10 crashes.

Education Plan and Resources

- Public Information Office finished final draft of FY19 education plan.
- MCDOT given notice to proceed to utilize contractors to support development of education material targeted at the public and county employees. First major topics to be tackled is distraction and building out a “What is Vision Zero?” campaign.

Vision Zero Coordinator

- Draft of request for proposal (RFP) reviewed by Procurement and sent back with recommended changes. Wade will send new draft back in early December.
- Once posted by Procurement, will be open for bids for at least 30 days.
- Goal is to have Coordinator on board by the end of the year.

Equity Task Force

- Have contractor ready to start supporting the task force.
- Draft of task force framework sent to Steering Committee and PBTSAC for review.
- PBTSAC has sent the County potential task force members, but haven’t confirmed participants.

Fatal Crash Review Team

- MCPD and CountyStat have developed meeting framework with goal of having first review session in January.
Hispanic and Non-Hispanic Black/African American residents have a 33% higher traffic fatality rate compared to Non-Hispanic White residents.

3-5 facilitation meetings this summer

Consultants to facilitate and write final report

County staff to participate & provide task force info.

PBTSAC & community members set direction

Looking for task force members that represent Montgomery County, especially vulnerable road users

Wrap-Up
ENGINEERING PROJECTS FOR PEDESTRIAN SAFETY
MCDOT DTEO is working with MDOT SHA to install a median fence along MD 97 (Georgia Ave.) from Price Ave. to Reedie Dr., similar to the one pictured above, along MD 586 (Veirs Mill Rd.).

MCDOT DTEO installed English and Spanish curb markings that discourage dangerous pedestrian activity on MD 97 (Georgia Ave.), from Price Ave. to Reedie Dr.

MDOT SHA restriped lane outside lane widths to 12 feet for buses and inside lanes to 10 feet on MD 97 (Georgia Ave.) from White Oak Dr to MD 193 (University Blvd.). Utilizing resources from the County and State, there have been numerous activities within the Wheaton CBD to improve pedestrian safety. The State and County sponsored street teams to increase safety education. The State narrowed travel lanes on Georgia Ave to slow speeds. The County will install a fence and curb markings along MD 97 to steer pedestrians towards the crosswalks.
To improve pedestrian safety, MCDOT DTEO is installing HAWK signals at:
- Muddy Branch Rd. & Harmony Hall Rd.
- Randolph Rd. & Livingston St. (originally proposed a HAWK but converted to full-color signal for sight distance deficiencies)
- Aspen Hill Road & Northgate Shopping Center
- Democracy Blvd. & Walter Johnson HS
- Willard Ave. & The Hills Plaza
Rectangular Rapid Flashing Beacons (RRFBs) are another tool to direct drivers’ attention towards pedestrian activity. To improve pedestrian safety, MCDOT DTEO installed RRFBs at:
- Bel Pre Rd. & Astrodome Dr.
- Bel Pre Rd. & Tynewick Dr.
- Bel Pre Rd. & Weeping Willow Dr.
- Westlake Dr. & Lakeview Dr.

Additional MCDOT DTEO RRFBs are proposed at:
- Forest Glen Rd. & Sligo Creek Park Trail (design completed)
- Muddy Branch Rd. & Muddy Branch Square Shopping Center (under construction)
To improve pedestrian safety, MCDOT installed pedestal beacons along the PEPCO Natural Trail where roadway intersections are encountered, including:

- Schaeffer Rd.
- Black Rock Rd.
- MD 118 (Germantown Road)
- MD 28 (Darnestown Road)

M-NCPCC is considering installing pedestal beacons at other trail crossings throughout the County.
MCDOT is dedicated to ensuring safe pedestrian access to and from transit stops throughout the County. The Bus Stop Audits performed along transit corridors are an enhancement of existing efforts conducted in conjunction with our Pedestrian Road Safety Audits. The Bus Stop Audits satisfy ENG-4: Review Transit Stops from the Vision Zero Two-Year Action Plan. MCDOT DTEO has performed Bus Stop Audits for the following corridors:

• Middlebrook Rd.
• MD 355 (Wheatfield Dr. to Middlebrook Rd.)
• Randolph (Rock Creek Park to Colie Dr.)
• Wheaton CBD
Lighting Studies
MCDOT has performed corridor lighting studies designed to determine lighting sufficiency and needs to improve safety for drivers, pedestrians and bicyclists.

Design Standards
MCDOT is reviewing and revising design standards to reduce opportunities for high-speed collisions and develop proper environmental countermeasures. MCDOT is updating pedestrian safety standards, signing standards, marking standards, and more to reach the Vision Zero goal.

New Bus Pads and Crosswalks
MCDOT is working on increasing access and safety at bus stop locations by providing new and updated infrastructure at bus pads and crosswalks.
DEMO OF INTERACTIVE PROJECT MAP
**Engineering**
- Design facilities that prioritize safety above all else
- **Key Outcome:** Reductions in severe and fatal collisions in High Injury Network (HIN)

**Enforcement**
- Encourage safe behaviors using evidence-based high visibility enforcement
- **Key Outcome:** Hours of dedicated enforcement for factors contributing to severe and fatal collisions

**Education**
- Engage the public to promote the importance of traffic laws and safe behaviors
- **Key Outcome:** Increased awareness of dangerous driving, biking, and walking behaviors

**Traffic Incident Management**
- Ensure that when a collision occurs, prompt care is provided
- **Key Outcome:** Maintain response times for traffic collisions with injuries based on dept. standards

**Law, Policy, and Advocacy**
- Improve the way traffic safety is managed by changing codes, laws, and policies that do not align with Vision Zero
- **Key Outcome:** Passage of significant laws and policies required to implement Vision Zero

PARTNERSHIP
Education & Enforcement

- EDUCATION CAMPAIGN
- ENFORCEMENT
- DESIGNING FOR PEDESTRIANS
Revamped pedestrian safety audit - identify corridors (approximately 1 mile).

Selected corridor considers:
- Land use characteristics and pedestrian generators
- Severity of crashes, fatalities, crash patterns, frequency of severe crashes, ratio of severe crashes to overall crashes, district priority list

Re-evaluated all PRSA corridors.
Streamlined PRSA process.
Focused process on implementation.
Thank you.
