

Fatal Crash Review

Concurrence: M. L. Paylor
Date: January 22, 2026

Location: along Cherry Hill Road near the intersection of O'Fallon Street

Crash Date: Sunday, November 23, 2025

Crash Time: Approximately 09:57 PM

Review Date: November 28, 2025

Location and Site Description:

Cherry Hill Road is classified as a downtown boulevard, and is oriented in the north-south direction, with a 1,500-foot radius horizontal left curve beginning 200 feet south of O'Fallon Street, just prior to the crash site. Curve warning signs are posted with a 40-mph advisory speed limit of 500 feet prior to the curve on both approaches to its intersection with O'Fallon Street. The noted curves on the O'Fallon Street intersection approaches are complemented with chevron alignment signs. At its 'T' intersection with O'Fallon Street, the south leg provides two thru lanes while the north leg provides two thru lanes and a left turn lane. O'Fallon Street is classified as a neighborhood street, is oriented in the east-west direction and is stop-controlled at its intersection with Cherry Hill Road. O'Fallon Street has a two-lane approach at Cherry Hill Road, with a single eastbound lane providing access to the neighborhood. Continuous lighting is provided along Cherry Hill Road and at its intersection with O'Fallon Street.

Description of Crash:

Preliminary investigation indicated that a single vehicle travelling northbound on Cherry Hill Road struck the curb on the east side of the roadway at O'Fallon Street, left the roadway, struck a tree and overturned. The driver suffered fatal injuries in the crash.

Observations:

A field investigation at the crash location on November 25, 2025, observed that all signs and pavement marking along the roadway were in good condition. No defects were noted at the time of the crash. The lighting along Cherry Hill Road was found to be operational at the time of the crash with no reported outages.

Conclusions / Recommendations

None
