**HOW TO READ A TIMETABLE**

- Find the schedule for the day of the week and the direction you wish to ride.
- Find the timetops closest to your origin and destination. The timetops are shown on the route map and include the time the bus is scheduled to leave the particular location. Your newest bus stop may be between timetops.

**Read down the column to see the times when a trip will be at the given timepoint. Read the timetops to the right to see if your trip reaches other timetops. If no time is shown, that trip does not serve that timetop.**
