► How Does Call-n-Ride Work?

Once your application is approved and your monthly payment is determined, you will be issued a Call-n-Ride Swipe card. Value will be added to your CNR swipe card upon receipt of your check, money order or credit card payment. You are allowed only one (1) payment per month at your determined monthly pay

rate. You can select either a \$60 (subsidy plus payment value) or a \$120 (subsidy plus payment value) to be applied to your swipe card each month. Any unused remaining balance rolls-over to the following month. The maximum value or balance (your payment plus subsidy) that can be accumulated over time and carried on the CNR swipe card is \$360. Money placed on your CNR swipe card never expires.

► How Does A Trip Work?

Participants' must have a valid Call-n-Ride (CNR) swipe card in your possession to use the service. Through one of our participating taxi vendors, you will schedule all your trips by providing your name, CNR swipe card number, accurate pick up and drop off information, and any other relevant information the vendor may require. At the time of pick-up, you will present your CNR swipe card to the taxicab driver for them to verify your identity. The CNR participant or the driver must swipe the card at the beginning and at the end of the trip (while the fare meter is turned off). You can add a tip to your trip balance and pay using your swipe card. At the end of the trip you will receive a copy of a receipt from the driver and you must sign the driver's copy in order to validate your trip. All trips must begin and end in Montgomery County. Special exceptions are made for approved medical facilities at the following designated locations: Baltimore, Prince George's County, Howard County, Northern Virginia, and Washington D.C. (Other areas and facilities are subject to approval)
