

University Blvd (MD 193) BUS LANE PILOT*

Dedicated Bus Lanes are Coming to University Boulevard in Summer/Fall 2023

MCDOT
Montgomery County
Department of Transportation

Lane configuration each direction

What are Dedicated Bus Lanes?

Lanes that allow buses to travel independently of regular traffic, saving time by making trips faster and more reliable. Bikes and emergency vehicles can also use these lanes.

Allowed in the Bus Lanes:

- Buses
- Bicycles
- Emergency Vehicles
- Any vehicle turning right

Dedicated bus lanes may be marked with red paint.

Benefits

Reduces bus travel times and protects buses from traffic congestion, providing better on-time reliability

Improves connections between Metro, bus services and access to Silver Spring Transit Center

Moving Forward. Faster.
Dedicated to Faster Bus Service.

*This is a 12 month pilot, followed by an evaluation. MCDOT will then determine whether the Dedicated Bus Lanes will remain on this section of University Boulevard beyond the planned pilot timeline. This effort is a part of MCDOT's Bus Priority Project initiatives in partnership with Ride On and WMATA to improve transit service in the community. Additional bus lanes are planned throughout Montgomery County.
