⚠️ All election judges must read and sign both the *Election Judge Oath* and *Rules of Security Behavior* prior to serving.
5. Verifying that all voting equipment and electronic pollbooks are secured at the end of election night.

**Chain of Custody**

Chain of custody refers to the chronological documentation, or paper trail, showing the custody, control, and transfer of voting equipment, memory sticks, voted and unvoted ballots, reports, forms, and other equipment and supplies.

It is important to ensure the security of all voting materials. If called upon to do so, it is essential that you preserve the chain of custody when transporting memory sticks, keys, ballot activation cards, and ballots. It is also important to maintain physical security control over the voting equipment. All reports and documentation must be completed and signed appropriately.

Chief Judges from each precinct are responsible for the memory sticks from the scanning units. Memory sticks are in the scanning unit at the time of delivery to the polling places. When the polls close, the chief judges are responsible for removing and securing the memory sticks from all scanning units and following the procedures outlined in Chapter 11 – Scanning Unit.

**Integrity of the Election Process**

You have the responsibility to maintain the integrity of the election process by:

1. Asking voters if they need assistance if they do not appear to be following the instructions you provided;
2. Asking voters to remove personal items (e.g., clothing, bags, books, or any electronic equipment) from the voting booths and check-in table when finished voting;

3. Checking the polling place to be sure a voter has not left personal items or campaign materials;

4. Checking the voting equipment and electronic pollbooks to be sure they are plugged in, charged properly and tamper tape and seals are intact and show no signs of tampering; and

5. Verifying voters do not leave the polling place with a ballot, ballot activation card, or voter authority card.
