Preparing for the General Election....

We hope that you had a pleasant summer. We’ve been busy over the last couple of months; reviewing information from the primary, making some improvements and preparing for the General election.

The first and most important step in preparing for the election is completing training.

- **If you are new to the program or did not take the quiz for the primary election;** you will need to take and pass the Online Training Quiz before scheduling your hands-on training. See page 4 for details on taking the quiz.

- **If you worked the primary election or have already passed the quiz,** you just need to complete your Hands-on Training class. Instructions for scheduling a class are on page 5.

**What’s New!**

- We eliminated the Line Manager position for Election Day, these duties will be handled by the Voting Operation (VOP) Judges.

- Most precincts will have 2 Scanning Units and 1 Ballot Marking Device.

- Each precinct will have a designated VOP-Provisional Judge. See page 3 for the job description. Contact your Recruiter before scheduling your training if you want to work this position.

- A limited number of half-day VOP positions will be available. See page 3 for more information or contact your Recruiter.

- Walk-in Practice sessions will be held during the training period in addition at the end of training.

Chief judges – please help us to help you by recruiting judges for your team. Tell your Recruiter, if you have signed someone up to work with you. Otherwise they may be assigned elsewhere.

*The Presidential General Election will be held on November 8, 2016 and we are hopeful that you will be available to participate.*
New Election Workers

New election workers or those that did not work the Primary Election must have a completed 2016 Application on file and will need to pass the Stage I Training Quiz.

Under Maryland law a new application is required for each election cycle. To make the process easier for you and to cut down on the time it takes for us to receive and process applications, we encourage you to submit your application online. You will receive a username and password once your application is processed.

Please let us know if you need help logging in or completing the application. We’re here for YOU. (Note: Firefox and Safari are not compatible with our online program; please use a different browser.)

Stage II - Hands-On Training

Classes will also be held offsite at other locations in the county if possible. You must pass the hands-on training to be eligible to work. Those completing training early have a better chance of being able to work in their voting precinct and during early voting.

Class Formats

- **Returning Judges – Worked in the April 26th Primary**
  This course is a full hands-on training which includes scenarios and exercises at each station and on the voting equipment. It provides an opportunity for judges who have worked previous elections to practice the tasks for their assigned position and sharpen their skills.

- **New Judges – Brand new or did not work the April 26th Primary**
  This course is a combination of lecture and hands-on training to prepare new judges and returning judges who did not serve in the April 26th Primary. Students will receive instruction on the procedures and responsibilities of the precinct team and their specific position. Students will work individually and in pairs to complete practice exercises and forms and to role play with the voting equipment including setting up and dismantling a voting precinct.

  We strongly encourage you to review each chapter of the Election Judge Manual, available online, prior to attending class.
