

W-90-002 [**Waiver 1990-2**]

May 3, 1990

Ms. Esmie V. Parchment  
[Address withheld]

Dear Ms. Parchment:

The Ethics Commission has received and reviewed your letter of March 23, 1990 concerning your employment with Montgomery County and your purchase of a residential rental building which currently rents to some HOC subsidized parties.

The Commission has determined that it would grant a waiver so that you may lease to tenants who receive HOC subsidies. However, in the event one of those tenants requires services from the Department of Social Services, you must recuse yourself from personally rendering such services. Further, this decision is conditioned on your informing the Director of Social Services of this waiver and on his notifying the Ethics Commission of receipt of that information.

Please review the enclosed information regarding restrictions related to outside employment which address some issues that will pertain to your circumstances. If you have any questions regarding them, please contact our office.
