

W-90-06 [**Waiver 1990-6**]

Dear Mr. Cantelon:

Thank you for providing the Ethics Commission with additional information concerning the waiver request you made concerning your participation as a member of the Historic Preservation Commission (HPC) in a matter in which a member of a law firm engaged by your company for other purposes presented testimony.

Based on the information it has reviewed, the Commission believes that there is a possibility, probably unknown by the participants involved, of the appearance of impropriety. However, the remoteness of this possibility is such that the Commission has deemed it appropriate to grant a waiver for you to continue your usual responsibilities as a member of HPC in this matter.
