## MONTGOMERY COUNTY – MARYLAND

Pursuant to Chapter 52, Section 18E of the 1984 Montgomery County Code, a day care provider may receive a property tax credit on property owned by the provider for improvements to real property used exclusively for the purpose of providing family, child, elderly or medically handicapped day care services offered by a licensed or registered day care provider. If the real property qualifies for a credit for family day care home or group day care center on business property employing at least 25 employees, the business property taxpayer may receive a property tax credit for improvements to real property used exclusively for the purpose of providing family or child care services offered by a licensed or registered day care provider.

This credit may be applied against the general county tax and special service area taxes. For each improvement the credit must not exceed in each year the lesser of \$3,000 or the amount of the general county tax and special service area taxes attributable to the improvement. The improvement must be completed and assessed after July 1, 1987 for the day care provider to be eligible for the credit, or after July 1, 1988 for the owner of the business property employing at least 25 persons to be eligible for the credit.

## CONDITIONS

The day care facility must be licensed or registered with the State as a registered family day care home, or a licensed child care center, or a licensed day care center for the elderly, or a licensed day care center for medically handicapped adults.

The improvements must continuously be used exclusively for day care.

Annual application must be made by April 1, preceding the next July tax year.

If the day care improvements are on real property owned by the day care provider, the day care provider must agree to accept, for day care, persons whose care is subsidized by the County, State, or federal government, if space is available.

## DEFINITIONS

**Exclusive Use – as applied to:**

- b) *Non-Home Day Care* – improvements used primarily for day care purposes, on a full time basis, consisting of at least Monday through Friday use. Other limited use shall not preclude property from qualifying, provided such use is less than (10%) of total time facility is used.
