# Vision

## A More Equitable and Inclusive Montgomery County

A handwritten signature of Marc Elrich in black ink.

MARC ELRICH

### Thriving Youth and Families

Children need great schools, supportive families, and caring communities to help them succeed in life. We can give them the start they need by providing adequate funding for public schools, access to affordable early childhood education and expanded high school options, and support for programs that relieve stress on families through increased access to affordable housing and better-paying jobs.

### A Growing Economy

A healthy business community is essential to our success. We will reinvigorate the county's direct involvement in economic activities by re-examining our regulations to make sure they are sensible, fair, and efficient; opening support centers that help both new and existing businesses; and developing an incubator and innovation climate to help local entrepreneurs bring their ideas into the world.

### A Greener County

We recognize the urgency of global warming and will take concrete steps to address climate change. County government has committed to zero Greenhouse Gas emissions by 2035, an ambitious – but achievable – target. We will reduce our footprint by pursuing clean energy, energy efficiency, enhanced building design, reduction of waste, and developing a better transit system for our residents.

### Easier Commutes

Moving people and goods more efficiently is an economic imperative and is essential to our quality of life. We will reduce traffic congestion by improving transit options, supporting Metro, encouraging telecommuting and implementing common-sense road improvements.

### A More Affordable and Welcoming County

We will focus on initiatives that make Montgomery County a place where all residents can pursue their dreams regardless of race, ethnicity, age or economic circumstances.

### Safe Neighborhoods

We will address crime and pedestrian safety issues and seek input from communities across the county on ways to address these issues. We plan to enhance opportunities for walking, biking, and creating neighborhood gathering places.

### Effective, Sustainable Government

We will partner with county employees to make County Government more cost-effective and to deliver services more efficiently and responsibly.

## INTRODUCTION

Montgomery County Government is authorized by State law and County Charter to issue debt to finance capital projects. Consistent with County fiscal policy, the County issues debt to finance a major portion of the construction of long-term additions or improvements to the County's publicly-owned infrastructure. The County's budget and fiscal plan for these improvements is known as the Capital Improvements Program (CIP). Bonds are repaid to bondholders with a series of principal and interest payments over a period of years, known as debt service.

This book addresses the County's long-term debt. Components of Montgomery County long-term debt are its general obligation bonds, variable rate demand obligations, bond anticipation notes, revenue bonds, lease revenue bonds, certificates of participation, taxable limited obligation certificates, notes payable, equipment notes and other obligations, issued by the County.

### **General Obligation Bonds**

County general obligation bonds are secured by the full faith and credit, and unlimited taxing power of the County. Bonds are issued in serial maturities, maturing in 1 to 20 years, normally with five percent of the principal retired each year. This practice produces equal annual payments of principal over the life of the bond issue and declining annual payments of interest on the outstanding bonds. The Charter limits the term of any bond to 30 years.

### **Variable Rate Demand Obligations**

Variable rate demand obligations ("VRDOs") are debt instruments that represent borrowed funds that are payable on demand and accrue interest based on prevailing short-term money market rates. VRDOs are general obligations of the County and are, therefore, secured by an irrevocable pledge of the full faith and credit and unlimited taxing power of the County. VRDOs are multi-modal instruments that may bear interest in a Daily Mode, a Weekly Mode, a Commercial Paper Mode, a Term Rate Mode or a Fixed Rate Mode. The County's VRDOs were issued in the Daily Mode and currently bear interest at the Daily Rate, which is established by the remarketing agents and re-sets daily. Interest on these obligations is payable on the first business day of each month. Subject to certain terms and conditions described in the Note Orders for each series, the County may effect a change in mode with respect to the obligations. VRDOs are subject to optional tender upon notice from the owners of the obligations. Also, VRDOs are subject to mandatory tender and purchase as provided in the Note Orders.

General obligation bond and VRDO proceeds are used to provide funds to finance and refinance capital projects of the County described in the County's Capital Budget. These capital projects are divided into project categories. All bond proceeds must be used for the purposes of that project category. The project categories are as follows: General County, Roads and Storm Drainage, Parks, Public Schools, Montgomery College, Mass Transit, Consolidated Fire Tax District, Public Housing, and Recreation.

### **Bond Anticipation Notes**

The County utilizes Bond Anticipation Notes (BANS) and/or commercial paper for short-term capital financing of capital expenditures with the expectation that the principal amount will be refunded with the proceeds of long-term general obligation bonds. BANS/commercial paper is issued at varying maturities to a maximum of 270 days. The County reissues the notes upon maturity until they are refinanced with long-term general obligation bonds. Because the purpose

of the program is to pay BANS with general obligation bonds, only the general obligation bond information is presented in this book.

### **Revenue Bonds**

Revenue bonds are authorized by the County to finance specific revenue producing projects such as parking garages, solid waste facilities and liquor control. Debt service is to be paid from pledged revenues received in connection with the projects. Proceeds from revenue bonds may be applied only to the cost of projects for which they are authorized. Revenue bonds are considered separate from general obligation debt, and do not constitute a pledge of the full faith and credit or unlimited taxing power of the County.

The County's Parking revenue bonds were issued by the Parking Districts and are supported by parking fees and fines, together with parking district property taxes (if assessed); Liquor Control and Alcohol Beverage Service (ABS) revenue bonds were issued for the County's ABS, and its debt service is paid from the revenues of liquor sales. Water Quality Protection Charge (WQPC) Revenue Bonds were issued for the County's Department of Environmental Protection and are supported by the WQPC and Carryout Bag Tax revenues. Solid Waste System Revenue bonds were issued to finance improvements to the County's Solid Waste System and are supported by Solid Waste System revenue.

### **Lease Revenue Bonds**

Lease Revenue Bonds were authorized by the County to finance its Metrorail garage projects. These bonds were issued specifically for the planning, design, construction and placing into commercial operation, garages at the Glenmont Metrorail Station. The County has leased these garage projects to the Washington Metropolitan Area Transit Authority (WMATA). Therefore, the Lease Revenue Bonds are not a debt of the County within the meaning of any constitutional, compact, charter or statutory debt limit or restriction. Neither the faith and credit nor the taxing power of the County is pledged to the payment of the bonds.

### **Certificates of Participation**

Certificates of Participation (COPS) are authorized by the County to finance equipment acquisitions for public transportation and fire and rescue programs. In September 2016, COPS were authorized by the County to finance costs of property acquisition in the Montgomery College Capital Improvements Program. The certificates represent proportionate interest in a Conditional Purchase Agreement (CPA) between the purchaser (the County) and the seller (the bank). The CPA requires the County to make periodic purchase installments in amounts sufficient to pay the debt service until the County pays the entire price necessary to acquire the equipment. The County Council is under no obligation to make any appropriation with respect to the CPA, therefore, it is not a general obligation of the County and does not constitute a pledge of the full faith and credit or unlimited taxing power of the County.

### **Taxable Limited Obligation Certificates**

Taxable Limited Obligation Certificates (TLOC) are authorized by the County to finance the Montgomery Housing Initiative Program to promote a broad range of housing opportunities in the County. The certificates represent proportionate interests in a Funding Agreement between the

County and U.S. Bank National Association. The Funding Agreement is not a general obligation of the County and shall never constitute an indebtedness of the County within the meaning of any constitutional or statutory limitation or charge against the general credit or taxing power of the County.

In November 2021, the County issued Series 2021A Taxable Limited Obligation Certificates in the amount of \$57,410,000; the County issued the certificates to finance certain projects of the Montgomery Housing Initiative established to promote a broad range of housing opportunities in the County. On the same date the County also issued Series 2021B Certificates in the amount of \$41,345,000, to refund the 2011 and a portion of 2013 Series.

### **Notes Payable**

The County has entered into a series of Energy Performance Leases. The leases were authorized by the County to finance energy efficient projects within the County. Principal and interest will be paid over a twenty-year period with a semi-annual federal subsidy associated with interest payments.

### **Equipment Notes**

The County has entered into purchase agreements to provide financing for the acquisition of capital asset equipment. The agreements have terms of three to ten years with interest rates identified in the agreements. Some arrangements provide that proceeds are to be held by a trustee and disbursed to vendors. If assets are acquired prior to the note agreement, the trustee reimburses the County.

### **Other Obligations**

The County entered into a lease agreement as lessee with the Montgomery County Revenue Authority (MCRA) for financing the construction or acquisition of Montgomery County Conference Center. Ownership of the Conference Center will transfer to the County at the end of the MCRA lease term.

In August 2021, the HOC issued \$50,000,000 Limited Obligation Bonds, Series 2021. The bond proceeds funded the establishment of a revolving housing production fund, which is to be used for construction bridge financing for residential rental projects. In March 2025, the HOC issued another \$50,000,000 Limited Obligation Bonds, Series 2025. The proceeds of the Bonds were used for construction bridge financing for residential rental projects. The County and HOC entered into a funding agreement whereby the County will make periodic contract payments in amounts sufficient to pay the scheduled debt service on the bonds.

\* Due to a trust agreement between the County and U.S. Bank, debt service requires quarterly payments.

\*\* Water Quality Protection does not include the quarterly interest payments for Water Quality Protection Loans with Maryland Water Quality Financing Administration. The interest payments are based on actual drawdown.

\*\*\* VRDO interest is variable due to daily interest reset, interest estimates is not included in the table.

\*\*\*\* COPs do not include outstanding balance for MC college, which is paid directly by the College, no cash outlay from the County.

 Total Debt Service Payments	 \$ 46,067,619	 \$ 388,474,175	 \$ (193,835)	 \$ 712,394

\*Future interest payments for the variable rate demand obligations that were issued on December 19, 2017 is payable to U.S. Bank Trust Association; however, the monthly interest payments are not included in this schedule because the interest rate is reset daily and is established by the remarketing agents.

\*\*Due to a trust agreement between the County and U.S. Bank, debt service requires quarterly payments; WQPC revenue bonds does not include the quarterly interest payments for Water Quality Protection Loans with Maryland Water Infrastructure Financing Administration. The interest payments are based on actual drawdown.

- 1) Includes: ABS & WQPC Revenue Bonds, COPs, and TLOC's
- 2) Includes: GO Bonds
- 3) Includes: Master Leases
- 4) Includes: QECB Leases and Master Leases
- 5) Includes: PLD 2021 Refunding
- 6) Includes: Contract payments for HOC Limited Obligation Bonds.

# NOTES

### **Subsequent Events**

On November 20, 2025, the County issued Consolidated Public Improvement Bonds of 2025, Series A in the amount of \$280,000,000. The proceeds of the Bonds will be used to (i) refinance all or a portion of certain commercial paper bond anticipation notes, the proceeds of which financed capital projects in the County and (ii) finance and refinance the acquisition, construction and equipping of certain capital public projects, and (iii) pay a portion of the costs of issuing the Bonds.

On December 1, 2025, the County redeemed the outstanding balance of \$2,975,000 of the Montgomery County, Maryland Lease Revenue Project and Refunding Bonds (Metrorail Garage Projects-Series 2011) plus accrued interest.
