6:10 Low Vision Urban Navigation Study Briefing & Discussion – Matt Johnson, AICP, BiPPA, Project Manager, Division of Transportation Engineering, Montgomery County Department of Transportation

6:45 County Reopening – BCCS – Timeline and Discussion of Hybrid Meetings

- The ideal meeting would be a hybrid where members could meet in-person and virtually.
- The ideal meeting room is large enough for some social distancing with internet capability and a big screen so members attending in-person and virtually can see each other and interact.
- Questions to Consider:
 - Where does your BCC meet, what type of technology equipment is in the meeting room?
 - Would you be willing to move a new meeting room with updated technology?
 - What type of BCC do you have: advisory, quasi-judicial, licensing? Does the public now prefer virtual hearings or testing?
 - Does your BCC want to meet in person or virtually?
 - How large is your BCC? A small BCC may have more of a consensus in their views.
- Issues to Consider: members’ age, health, risk assessment, convenience of meeting virtually for other reasons including bad weather, traffic, and other life responsibilities.
