LETTER OF TRANSMITTAL

COMMISSION ON VETERANS AFFAIRS

November 17, 2020

Via Letter of Transmittal Electronically to:

The Honorable Marc Elrich, County Executive

The Honorable Sidney Katz, President, County Council

Raymond L. Crowel, Psy.D., Director, Department of Health and Human Services

The Commission on Veterans Affairs is pleased to present a summary of its activities for the past year. On November 3, 2008 the Commission was established to advise and consult with you on issues of concern to the self-reported 38,000 Veterans, and their families, who live in the County. Under your leadership and with your support, the Commission is mandated to research, assemble, analyze and disseminate information that will assist in meeting the needs of Veterans and their families. Please see link to the timeline and major accomplishments of the Commission since it was established --

www.montgomerycountymd.gov/HHS-Program/Resources/Files/A&D%20Docs/CVA/CVATimeline.pdf

We continue to encourage cooperation, coordination and collaboration among all agencies and non-profits that serve Veterans so that our community works together to honor and provide the best services possible to Veterans and their families. As of March 2020, the Office of Human Resource's merit hiring initiatives has led to the County hiring 286 Veterans, including 23 who have a disability. We continue to be pleased with the County's efforts to end homelessness amongst Veterans and to assist in obtaining permanent housing as was highly successful during the Zero:16 campaign. We are considered to be in the top 10 jurisdictions in the country in serving homeless Veterans due to the Council supporting the Commission's request to fund housing for Veterans not eligible for Veterans Assisted Supportive Housing (VASH) vouchers. Montgomery County has been the direct recipient of 98 HUD VASH vouchers and an additional 25 ported HUD VASH vouchers from DC and other states. We are in strong support of Bethesda Cares outreach expansion to Veterans and support the funding of \$647,000 for Veteran housing. This funding will accomplish many County priorities such as the addition of permanent affordable housing for homeless populations and achieving racial equity through sound housing policy.

We wish to recognize and give our personal thanks to all Commissioners, the many community members, and the agency staff who participate in our meetings for their commitment and dedication. We would like to acknowledge DHHS Director Raymond Crowel for his role in meeting with the Boards, Commissions and Committees to keep us informed of important health and human services issues, Betsy Tolbert Luecking, Community Outreach Manager, and Carly Clem, Administrative Specialist, for their support in providing the Commission with the resources needed to carry out our mission. This report is the result of our combined efforts.

It has been a pleasure to work with you and members of the Commission during our term of service. We are confident that you will continue to support the Commission's efforts to enhance the lives of our Veterans. Our meetings are open to the public, and we invite you to join us for any meeting.

Sincerely,

Wayne Miller, LCSW, Chair

Sincerely,

Robert Koffman, MD, MPH, Vice-Chair

MONTGOMERY PARKS COMPLETES FULLY ACCESSIBLE BOAT LAUNCH AT SENECA LANDING

September 2, 2020

Launch improves accessibility and safety for kayaks, canoes and paddleboards

Silver Spring, MD – [Montgomery Parks](#), part of The Maryland-National Capital Park and Planning Commission, has completed construction of a new floating launch for non-motorized boats improving accessibility and safety for kayakers, canoeists and paddle boarders at Seneca Landing Special Park.

The site, located in Poolesville, is one of the busiest access points to the Potomac River and adjoins the National Park Service's popular C&O Canal. Prior to the new floating launch, motorized and non-motorized boats were sharing the same ramp, causing conflict and safety issues. The ramp was also not ADA accessible presenting numerous challenges for users with disabilities.

"Installation of the new floating boat launch was completed in June and has already proven to be extremely popular," said Bob Green, Senior ADA Compliance Project Manager, Montgomery Parks. "The floating launch accomplishes several things: it improves safety by separating motorized and non-motorized boats, it creates an accessible access point for disabled and able-bodied individuals, and it enhances the overall enjoyment of one of our area's beautiful natural resources." As part of the project, Montgomery Parks also installed an accessible drop-off area and walkway, three accessible parking spaces and a fully accessible picnic area with tables and grills.

The need for an accessible boat launch was initiated by [Team River Runner](#), a non-profit organization that provides adventure and adaptive paddles sports to veterans and their families. They approached the [Montgomery County Commission on Veterans Affairs](#) about the need for an accessible launch and were assisted by the Commission to initiate the project. On Sundays from May to November, the group hosts a kayak program at Seneca Landing with patients from Walter Reed National Military Medical Center. "Having a safe and totally accessible launch for paddle craft is a game changer," said Joe Morini, Executive Director, Team River Runner. "An all-inclusive site for those with physical challenges grants equal accessibility and affords all the opportunity to find health, healing, and social connections on the beautiful waters of Seneca Creek and the Potomac River."

A second phase of the project, which will include accessibility upgrades to improve safety, capacity and enhance accessibility of the existing boat ramp for motorized boats is scheduled to begin this winter.

Accessibility

Montgomery Parks, part of The Maryland-National Capital Park and Planning Commission, encourages and supports the participation of individuals with disabilities. Please contact the Program Access Office at 301-495-2581 (Voice/TTY), MD Relay 7-1-1 or 800-552-7724 or ProgramAccess@MontgomeryParks.org to request a disability modification. Visit www.MontgomeryParks.org/access for more information.

COUNTY COUNCIL VETERANS DAY PROCLAMATION

Proclamation Montgomery County Maryland

- WHEREAS,** this year Veterans Day marks the 102nd anniversary of the Armistice, we again pay tribute to the generations upon generations of Montgomery County residents who have served with courage and loyalty in every major United States military conflict since founded in 1776;
- WHEREAS,** we will never be able to repay the debt we owe the brave men and women who have served in the Uniformed Services of the United States, and we recognize the military service of those who have served in the Armed Forces; and
- WHEREAS,** a grateful County recognizes that service members may have a challenging transition to civilian life, and we, along with the Commission on Veterans Affairs, seek to promote mental health and physical wellness by supporting greater, seamless access to mental health programs, suicide prevention, recreational programs and housing resources for service members and their family members; and
- WHEREAS,** we commend the work of the Commission on Veterans Affairs for its work to have a Vietnam Veterans Memorial dedicated on Memorial Plaza, the establishment of an accessible launch at Seneca Creek at Riley's Lock and also having the Washington DC VA Medical Center establish a Community Based Outpatient Clinic in Gaithersburg, Maryland where veterans now have access to quality primary health care closer to home.

NOW, THEREFORE, DO WE, Marc Eirich, as County Executive, and Sidney Katz, as County Council President of Montgomery County, Maryland, do hereby proclaim November 11th, 2020 as

VETERANS DAY

in Montgomery County, Maryland. We pay tribute to those who have ever worn the uniform, and we call upon all residents to recognize the sacrifice and pay tribute to our thousands of County residents who are veterans, and their families, today, and every day.

Signed this 10th day of November
in the year 2020

MARC ELRICH

COMMISSION ON VETERANS AFFAIRS SEEKING ADDITIONS TO ITS VIRTUAL TRIBUTE TO COUNTY VETERANS

For Immediate Release: Friday, November 6, 2020

Montgomery County's Commission on Veterans Affairs is paying tribute to County veterans through a virtual "Tribute to Montgomery County Veterans" website. As Veterans Day approaches on Wednesday, Nov. 11, the commission wants to add tributes to the site.

The website is open to all residents who have served in the U.S. uniformed and armed services.

Many people confuse [Memorial Day](#) and Veterans Day. Memorial Day, which is celebrated at the end of May, honors military personnel who died in service, particularly those who died in battle or as a result of wounds sustained in battle. While those who died are also remembered on [Veterans Day](#), the upcoming holiday is set aside to honor all of those who served honorably in the military—in wartime or peacetime. Veterans Day is largely intended to thank living veterans and acknowledge their contributions to national security.

The Commission is seeking to expand the Tribute to Montgomery County Veterans website by adding information on more veterans whose information is supplied either by the veterans themselves, by family members or by friends.

The tribute to veterans website can be found at www.montgomerycountymd.gov/veteransday. From this site, there is a link to the commission's Fallen Heroes page at www.montgomerycountymd.gov/fallenheroes. To share the story of a Montgomery County veteran, information should be sent via email to Carly.Clem@montgomerycountymd.gov. The following information is needed:

- Servicemember or Veteran's name.
- Name of person submitting information and relationship to the individual.
- Branch of service and rank.
- Years of service.
- Era served (WWI, WWII, Korea, Vietnam, Gulf War, Global War on Terror or peacetime/other).
- Brief narrative of their service.
- Live in or once lived in Montgomery County. If you attended high school here, where did you graduate from?
- Photos (preferably one during their service and one present day).

By sending an e-mail to be included, the sender agrees to have the information shared on the County's website and in the Commission on Veterans Affairs social media.

BLACK HISTORY MONTH VIRTUAL TRIBUTE

Montgomery County Commission on Veterans Affairs Honoring 19 County Heroes During Black History Month with Tributes at Silver Spring Civic Building Throughout February

For Immediate Release: Thursday, February 13, 2020

The Montgomery County Commission on Veterans Affairs is honoring 19 County military service members and veterans with detailed tributes displayed throughout February at Buffalo Soldiers Great Hall at the Silver Spring Civic Building. The Black History Month display is free to view any time the Civic Building is open to the public.

The Silver Spring Civic Building is located at One Veterans Place in Downtown Silver Spring. The main room of the building was dedicated in 2018 as Buffalo Soldiers Great Hall to pay tribute to the Buffalo Soldiers unit that was formed by Congressional legislation in the 1860s that allowed African Americans to enlist in the United States military.

The County service members and veterans featured in the tribute of photos, background information and details of accomplishments during their military careers and afterward include John Chaney, Fred Cherry, Sr., James "Pat" Daugherty, Justin Davis, Lillian Fishburne, Jeremiah Floyd, Charles Frazier, Gloria Gardner, Elwood Gray, Jr., Otto Hamilton, Arthur Holmes, Jr., Isiah Leggett, Charles McGee, Roscoe Nix, Vernon Ricks, Jr., William Smith, Jr., Charles Williams, Waverly "Woody" Woodson, Jr. and William Zeigler.

The display also includes photos of the Buffalo Soldiers Calvary.

"Every veteran who has served in the history of the U.S. military has their own unique story," said Dan Bullis, chair of the County's Commission on Veterans Affairs. "It is the intent of our commission to allow residents to learn more about these remarkable people. The 14 we are honoring during Black History Month all have stories that the people of this County should know."

As part of the Silver Spring celebration of Black History Month, SPARKLE (Senior Programs Aimed at Re-Kindling Lifetime Engagement), which is a collaboration of Silver Spring Town Center, Inc. and the Silver Spring Village, will sponsored a talk with Brigadier General McGee on Feb. 12 at the Buffalo Soldiers Great Hall. Brigadier General McGee, who turned 100 in December and lives in Bethesda, is the oldest living member of the Tuskegee Airmen. He flew 137 combat missions in World War II and went on to fly missions during the Korean War and in Vietnam. Over the past few weeks, he was honored at the Super Bowl in Miami and during the State of the Union presidential address.

HONORING VIETNAM WAR AND VIETNAM ERA VETERANS

Montgomery County Commission on Veterans Affairs Honoring 21 Vietnam War and Vietnam Era Veterans with Tributes at Silver Spring Civic Building Now Through May

For Immediate Release: Wednesday, March 4, 2020

The Montgomery County Commission on Veterans Affairs is honoring 21 Montgomery County Vietnam War and Vietnam Era veterans with detailed tributes displayed now through the end of May at Buffalo Soldiers Great Hall at the Silver Spring Civic Building. The displays are free to view any time the Civic Building is open to the public.

The Silver Spring Civic Building is located at One Veterans Place in Downtown Silver Spring. National Vietnam War Veterans Day is observed every year on March 29. The special day recognizes U.S. Armed Forces personnel with active duty service between Nov. 1, 1955 and May 15, 1975, regardless of location of service.

According to the U.S. Census Bureau estimates, there are 42,509 County residents who are veterans. Of that number, 11,272 are Vietnam War or Era veterans. Records show that 130 County residents were killed in Vietnam and their names are on the County's Vietnam Memorial Wall, which was dedicated in 2018 on Memorial Plaza adjacent to the Executive Office Building in Rockville. More information is available about each at www.montgomerycountymd.gov/veterans. Click on the "Fallen Heroes" tab.

The County service members and veterans featured in the tribute of photos, background information and details of accomplishments during their military careers and afterward include Douglas "Lamar" Allen, Jr.; Everett Alvarez, Jr.; Daniel Bullis; Stephen Campanella; Fred Cherry, Sr.; Michael Cronin; Elwood Gray, Jr.; William "Bill" Gray; Otto "Greg" Hamilton; Arthur Holmes, Jr.; John "Jay" Kenney; Isiah Leggett; Jane McCarthy; Charles McGee; Wayne Miller; Thomas Murphy; Bob Norton; Lawrence J. Stark; Michael Subin; Hubert Clifford Walker, Jr. and Michael Walsh. Below are their brief bios. Many more details of their lives are part of the Silver Spring display.

HOW TO ENROLL IN VA HEALTHCARE

There are an estimated 37,000 Veterans living in the County and only an estimated 10,000 are enrolled in the VA Healthcare system. Given that the County now has a Community Based Outpatient Clinic located in Gaithersburg, the Commission on Veterans Affairs (www.montgomerycountymd.gov/veterans) is encouraging Veterans to enroll now. The very first step in obtaining access to your VA Health Benefits is to apply for enrollment.

Currently, Veterans who served in a theater of combat operations after November 11, 1998, can complete applications for enrollment in VA health care by telephone without the need for a signed paper application. All other Veterans could apply by phone.

When Veterans choose to enroll, VA offers an enhancement to their enrollment experience through "Welcome to VA" (W2VA). W2VA enhances communication by reaching out to newly enrolled Veterans through personal phone calls upon enrollment, providing assistance with health care inquiries and assisting with their initial appointment at their preferred VA healthcare facility. In addition, VA sends each new enrollee an introductory letter and personalized Veterans Health Benefits Handbook in the mail. For more information about the Veterans Health Benefits Handbook, visit www.va.gov/HEALTHBENEFITS/vhbh/index.asp.

Here are the convenient ways to apply for enrollment:

By Telephone

The telephone application option is a more convenient way to apply for enrollment, and eliminates the need for a signed paper application.

- VA staff members will collect the needed information and process the enrollment application for an enrollment determination.
- To apply, call 1-877-222-VETS (8387), Mon-Fri between 8am and 8pm, EST.

Apply in Person

You may apply in person at your local VA health care facility.

- Complete the healthcare application online.
- For more information about the application process, visit www.va.gov/healthbenefits/apply/application_process.asp.
- You will also receive information about the appeals process, if you do not agree with the enrollment decision.

By Mail

Pick up an application at your local VA or download, print, and fill out the 10-10EZ, Application for Health Care.

Complete the application (be sure to sign it) and mail to:

Health Eligibility Center
2957 Clairmont Road, Suite 200
Atlanta, GA 30329-1647

Apply Online

Fill out the application online and electronically submit it to VA for processing. No need for additional documents to verify military service. If you were recently discharged, we will get your military information for you.

- To complete the healthcare application, visit www.vets.gov/healthcare/apply.
- Once you complete the application, you may submit your application online.
- You will immediately receive a confirmation message notifying you that your application has been received.
- A signature is not required for online registration.
- For more information about the application process, visit www.va.gov/healthbenefits/apply/application_process.asp.
- You will also receive information about the appeals process, if you do not agree with the enrollment decision.

Obtaining an Appointment:

You may request a doctor's appointment when you apply for enrollment by checking 'yes' to the question asking if you want an appointment on the application. An appointment will be made with a VA doctor or provider and you will be notified via mail of the appointment. If you need health care before your scheduled appointment, you may contact the Enrollment Coordinator, Urgent Care Clinic or the Emergency Room at your local VA.

Required Signature

When you apply in person or by mail, you or the person acting as your Power of Attorney must sign and date the form. If your Power of Attorney signs and dates the form you must submit a copy of the Power of Attorney with the form. If you sign with an "X", then two people that you know must witness you as you sign the form. They must also sign and print their names on the form.

ABOUT VA MENTAL HEALTH RESOURCES

Approach

For the U.S. Department of Veterans Affairs (VA), nothing is more important than supporting the health and well-being of the Nation's Veterans and their families. A major part of that support is providing timely access to high-quality, evidence-based mental health care. VA aims to address Veterans' needs, during Service members' reintegration into civilian life and beyond.

The [VA Office of Mental Health and Suicide Prevention Guidebook](#) provides information on the variety of mental health services that VA offers on both a national and local level. These programs and services are rooted in several core values:

Focus on Recovery

Keeping a focus on recovery from mental health challenges or substance use issues empowers Veterans to take charge of their treatment and live a full and meaningful life. This approach focuses on the Veteran's strengths offering respect, honor, and hope to Veterans and the family members who support them.

Evidence-Based Treatments

VA provides treatments that are proven to be effective for mental health concerns. These treatments are time-limited and focus on helping Veterans recover and meet their goals. To learn more about evidence-based mental health treatments, please visit [Treatment Works for Vets](#). You can also view a video, "Evidence-Based Treatment: What Does It Mean," and other brief videos about evidence-based treatments for Posttraumatic Stress Disorder on the website for the [VA National Center for PTSD](#).

Measurement-Based Care (MBC)

In MBC, the Veteran and their health care provider use information provided by the Veteran to improve mental health care and ensure it is individualized to the Veteran's specific needs and goals. MBC helps Veterans take an active role in their care. VA is working to ensure MBC is part of the care in all its Mental Health programs.

Coordinating Care for the Whole Person

VA health care providers work together to provide safe and effective treatment for the whole person — head to toe, inside and out using a Whole Health approach. Timely medical care, good nutrition, and regular exercise — along with a sense of purpose and supportive family members and friends — are just as important to mental health as to physical health. Veterans take an active role in their care by partnering with their providers to improve their health and well-being.

Whole Health

It all starts with a simple question: What matters most to you? That's the first step in the Whole Health approach which is designed to help Veterans achieve and maintain their best all-around health and well-being. Through a Whole Health approach, VA is committed to empowering, equipping, and treating Veterans according to their preferences and priorities. Learn more about Whole Health and the impact this is having in helping Veterans live their life to the fullest by visiting the [Whole Health for Life website](#).

Round-the-Clock Service

Emergency mental health care is available 24 hours a day, 7 days a week at VA medical centers. VAMCs that do not have a 24-hour emergency room must provide these services through a local, non-VA hospital. Telephone evaluations at VAMCs and the [Veterans Crisis Line](#) are also available 24/7.

Care Close to Home

VA is moving closer to where Veterans live by adding more rural area and mobile clinics, and working with other health care providers in the community. VA also uses cutting-edge technologies, including [telemental health](#) through video connection, for Veterans to access care from the comfort of their own homes.

VA SILVER SPRING VET CENTER SUPPORT SERVICES

Readjustment Counseling Services

After war, some veterans experience psychological and social distress and difficulties in readjusting to civilian life. In 1979, the Department of Veterans Affairs established Vet Centers to assist Vietnam-era veterans with such problems. Congress later expanded Vet Center services to include combat veterans of other conflicts. These services are available at Vet Centers in all 50 states, Puerto Rico, the US Virgin Islands and Guam.

Services Available

- Individual counseling
- Marital and family counseling
- VA benefits assistance and referral
- Substance abuse counseling and referrals
- Primary health care for basic medical needs
- Pre-employment assistance and employment counseling
- Discharge upgrade information
- Community, social service and medical referrals
- Sexual trauma / harassment counseling (veterans of all eras)

The Vet Center also has a network of federal, state, city and community resources to help you. We will try to address any concerns or problems you bring to us.

At the Vet Center, you can expect help from professional counselors who will treat you with respect and understanding. Many of the counselors are also war veterans, so they understand your problems first hand, and have the training and skills to help solve them.

There is no charge for the assistance you receive at the Vet Center because of your sacrifices and efforts for this country. Veterans applying for assistance are asked to bring a copy of their Military Separation or Military Discharge (DD214) with them. As of September 2016 VA Vet Centers are now able to provide readjustment counseling to Veterans with dishonorable discharges.

SERVINGTOGETHER

ServingTogether.
Connecting Veterans.

A program of EveryMind.
Affiliated with AmericaServes

ServingTogether was created to coordinate the systems of care for Veterans, service members and their families, so the entire community can better identify those Veterans and direct them to supports that are in place just for them. They have built strong relationships with nonprofits, community Veteran organizations, local businesses and County government, all with a common goal of sharing ongoing support in the many transitions in life beyond the military. Their goal is to get the right person to the right provider in the least amount of time.

ServingTogether serves active duty, National Guard, Reserve Service members as well as Veterans and their families who currently or are seeking to reside in the National Capital Region. They strive to support all individuals who have worn the uniforms of our military - regardless of age, era, branch or discharge status. Though all services may not be available to every member, Veteran Peer Navigators will work diligently to find an appropriate local resource for every need. Veterans can call or sign-up via their website.

Services and care include: housing and shelter; employment; benefits navigation; money management; individual and family support; legal; social enrichment; mental/behavioral health; physical health; substance use; wellness; utilities; education; clothing and household goods; transportation; food assistance; sports and recreation; income support; spiritual enrichment; and entrepreneurship.

This organization is a recipient of a \$150,000 Community Grant from the County.

WARRIOR CANINE CONNECTION

Warrior Canine Connection enlists recovering Warriors in a therapeutic mission of learning to train service dogs for their fellow Veterans. Training a service dog for a fellow Veteran provides a valuable opportunity for a Warrior suffering from psychological injuries to reintegrate into civilian life. As part of their training, Warriors have the responsibility to teach the dogs that the world is a safe place. Through that process, they must convince themselves of the same.

Warrior trainers are taught to praise and provide treats to their dogs when they experience a startling event, such as hearing a car backfire. Rather than turning inward to focus on their past trauma, the trainers must get outside of their own heads to focus on the dogs and their mission to help another Veteran. Additionally, dogs offer opportunities for Warrior trainers – who often isolate themselves from society – to experience positive interactions with members of the community. Their training requires emotionally numb Warriors to demonstrate positive emotion in order to successfully teach their dogs.

Warriors participating in the program have reported that using these positive emotions to praise their dogs has significantly improved their family dynamics, as their children are able to experience and respond to this positive parenting strategy.

This organization is a recipient of a \$50,000 Community Grant from the County.

The Steven A. Cohen Military Family Clinic at Easterseals opened in September 2017 in Silver Spring, Maryland. The Cohen Clinic at Easterseals provides high-quality and accessible behavioral health care to the veteran, active-duty, and military family community. Services are available to any person who has served in the U.S. Armed Forces, including the National Guard and Reserves, regardless of role or discharge status, and their families as defined by the service member such as: spouses or partners, children, parents, siblings, caregivers, survivors, and other household members.

The Cohen Clinic at Easterseals uses evidence-based practices with a holistic approach to improve the quality of life for veterans and military families. Services are provided by culturally competent, trained, and credentialed staff. Veterans and military family members are able to receive services individually and as a family unit at the same clinic. The Cohen Clinic at Easterseals can also help connect veteran and military families to community resources and services, as necessary. Services are available through telehealth to those in D.C., Maryland, Virginia, and West Virginia.

MONTGOMERY COUNTY FALLEN HEROES HISTORY

In June, 2009 family members came to the Commission meeting and requested the help of the Commission in renaming the Rockville Library to Rockville Memorial Library. These family members that attended were Richard and Lee Ann Doerflinger – son Army Specialist Thomas Doerflinger killed in Mosul, Iraq on Veteran's Day November 11, 2004, Paula Davis – son Private First Class Justin Ray Davis. U.S. Army killed on June 25, 2005 in Afghanistan, Tom and Carol Barbieri - son Army Specialist Thomas Joseph Barbieri II, 82nd Airborne Division, killed on August 23, 2006 south of Baghdad Iraq, and Nikki Bunting, wife of Captain Brian "Bubba" Bunting, U.S. Army, killed on February 24, 2009 in Kandahar, Afghanistan, and her sister Tracey Paul all expressed their strong belief that to honor their family members, they request that the Rockville Library be renamed to the Rockville Memorial Library, to honor fallen soldiers. The Commission took on the mission of getting the Rockville Library renamed to the Rockville Memorial Library. Letters were written to the County Executive and the mission was accomplished in that a formal ceremony marking the official renaming of the Rockville Library to the Rockville Memorial Library was held on Friday, May 28, 2010 at 11 a.m. in the front of the building at 21 Maryland Ave., Rockville. But following the meeting where family members came, the very next day Carly Clem and Betsy Luecking staffers to the Commission sat down to discuss what we as staff could do immediately to honor the fallen so that they would not be forgotten by our community. It was decided they would build a website with photos of the fallen, whatever background could be found. This was not an easy task as there were no lists and much research needed to be done. Research included visiting the National Archives in College Park, reviewing census and military records on Ancestry.com and researching article on newspapers, going to high schools to look at yearbooks, and the lists published by the Department of Defense. As time went on they were able to research those killed in action from the Gulf War, Vietnam War, Korean War, World War II and World War I. This website contents are on digital displays at the Rockville Memorial Library lobby and the Silver Spring Civic Building at Veterans Plaza in the front entry. In tribute to those who served and for the family members, Carly Clem did most of the research, creation of website and digital display in an outstanding way.

We proudly remember and pay tribute to the County's fallen service members who have died in service to our country. The records show these men and women as enlisting, being originally from, or having at one time lived in Montgomery County.

Proudly Supporting the U.S. Uniformed Services, and their families,
and Recognizing the Military Service of our Armed Forces

STATEMENT ON THE FY21 COUNTY BUDGET

Commission on Veterans Affairs

April 17, 2020

Dan Bullis, Chair Wayne Miller, Vice-Chair

The Commission on Veterans Affairs thanks the County Executive and the County Council for the support you have provided over the past 12 years for funding programs that benefit the quality of life for Veterans and their families. We recognize that the COVID-19 public health emergency is placing difficult and unprecedented pressures on programs and services of the County as well as the rest of the country.

Last fall, we informed you that the Maryland Department of Veterans Affairs was seeking a donation of 25 acres of land to build a Veteran Home like they have at Charlotte Hall. We learned yesterday that the Maryland Department of Veterans Affairs has chosen Sykesville to build the home as they were unsuccessful in locating land in the County. We understand and support their decision and want you to know of this lost opportunity.

Some Veterans may experience post-traumatic stress or thoughts of suicide which could be the result of over-exposure to trauma. The VA has made suicide prevention its top priority. We recommend that the County increase community outreach efforts to make resources and services better known that are available to Veterans and their families. We recommend the funding of the programs that promote mental health and wellness.

We continue to be pleased with the County's efforts to end homelessness amongst Veterans and to assist in obtaining permanent housing as was highly successful during the Zero:16 campaign. Montgomery County has been the direct recipient of 98 HUD VASH vouchers and an additional 25 ported HUD VASH vouchers from DC and other states. We are in strong support of Bethesda Cares expanding their outreach to Veterans and support the additional funding of \$350,000 for this purpose. This funding will accomplish many County priorities such as the addition of permanent affordable housing for homeless populations and achieving racial equity through sound housing policy

Serving Together was created to coordinate the system of care for Veterans, service members and their families so the entire community can better identify those Veterans and direct them to supports that are in place for them. This organization is a recipient of a \$150,000 Community grant from the County and we recommend this continues.

Warrior Canine Connection enlists recovering Warriors in a therapeutic mission of learning to train service dogs for their fellow Veterans. Dogs offer opportunities for Warrior trainers who often isolate themselves from society to experience positive interactions with members of the community. This Organization is a recipient of a \$50,000 Community grant from the County and we recommend that this funding continue.

Team River Runner has a kayaking program at Seneca Creek at Riley's Lock where they meet every Sunday with a picnic put on by the Elks Lodge. With encouragement from the Commission, Montgomery Parks has received a grant from the State to make two accessible boat launches there and the construction has begun. The Council then approved spending of this money for this purpose. One of the accessible launches has been installed. A cement walkway to the launch has been installed with the entire area to become Americans with Disabilities Act compliant. These accessible launches will be used by the public including Veterans. Currently wounded Veterans enter the Potomac River where power boats are launched. Thank you for your continued support of Veterans.

COUNTY COUNCIL TESTIMONY - POLICY ISSUES FOR FY22

November 18, 2020

Wayne Miller, Chair - Robert Koffman, Vice-Chair

The Commission on Veterans Affairs is grateful for the support the County has provided for funding programs that benefit the quality of life for Veterans and their families. We recognize that the COVID-19 public health crisis is placing difficult and unprecedented pressures on programs and services of the County. Given our experiences with the COVID-19 pandemic, our priority is to promote and support mental health and physical wellness programs for Veterans and their families, including the spouses and the children of those who have been killed in service to our country. In March, 2019, Executive Order 13861, known as ***The President's Roadmap to Empower Veterans and End a National Tragedy of Suicide*** (PREVENTS) was signed by the President and this bi-partisan effort calls for the development of a two year comprehensive plan to empower Veterans and end suicide through coordinated suicide prevention, prioritized research, and strengthened collaboration across the public and private sectors. In March, 2020, as many as 20 American Veterans took their life every single day. Collectively, we can improve Suicide Prevention programs by lessening stigma, and changing the culture around suicide through knowing available local resources, caring enough to watch out for one another, and having the courage and conviction to act. By signing the PREVENTS Organization pledge (<https://www.reach.gov/>) you commit to take a stand. Using "Moments to Reach" toolkit the Commission will increase outreach efforts to help thwart this scourge. In recognition of Veteran's Day, we ask that you join us.

We continue to be pleased with the County's efforts to end homelessness amongst Veterans and to assist in obtaining permanent housing as was highly successful during the Zero:16 campaign. We are considered to be in the top 10 jurisdictions in the country in serving homeless Veterans due to the Council supporting the Commission's request to fund housing for Veterans not eligible for Veterans Assisted Supportive Housing (VASH) vouchers. Montgomery County has been the direct recipient of 98 HUD VASH vouchers and an additional 25 ported HUD VASH vouchers from DC and other states. We are in strong support of Bethesda Cares outreach expansion to Veterans and support the funding of \$647,000 for Veteran housing. This funding will accomplish many County priorities such as the addition of permanent affordable housing for homeless populations and achieving racial equity through sound housing policy.

Serving Together was created to coordinate the system of care for Veterans, service members and their families so the entire community can better identify those Veterans and direct them to supports that are in place for them. This organization is a recipient of an annual \$150,000 Community grant from the County and we recommend this continues.

Warrior Canine Connection (WCC) enlists Warriors recovering from the visible and hidden wounds of war in a therapeutic mission of learning to train service dogs for their fellow Veterans. WCC's eighty acres is located in Seneca State Park in Boyds. WCC offers much-needed resources for Veterans within the County. Currently, WCC has 100 dogs in its two-year training pipeline and anticipates doubling the number of Veterans served in 2021. Given the current pandemic and critical need to provide increased mental health care support for our most vulnerable populations, WCC provides a therapeutic activity in a natural, healing environment. With ample space for critically important socialization while ensuring physical distancing, Veterans and Wounded Warriors learn to train Service Dogs for other Veterans and Wounded Warriors. WCC receives an annual Community grant of \$50,000 from the County. An increase in funding will expand WCC's capacity to serve even more county Veterans through collaborative efforts with other county Veteran Service Organizations. Recommend increasing funding.

Team River Runner of Walter Reed has a kayaking program at Seneca Creek at Riley's Lock where they meet every Sunday May through October. With encouragement from the Commission, Montgomery Parks received a grant from the State to fund ADA Accessibility improvements to the existing ramp used by motor boats which will be renovated at Seneca Landing Special Park at Riley's Lock. Montgomery Parks' fully funded and constructed the new accessible floating launch for canoeists and at the park upstream of the existing boat ramp. The accessible launch areas can be used by the public in gaining access to the beautiful Potomac River. One of the accessible launches has been installed and is being used by Team River Runner and the general public. A cement walkway to the launch has been installed with the entire area to become Americans with Disabilities Act compliant. Prior to the installation, wounded Veterans enter the Potomac River where power boats are launched. Thank you for your continued support of Veterans. PROJECTED NUMBER OF VETERANS IN MONTGOMERY COUNTY, MD

The U.S. Census Bureau, 2019 estimates that there are approximately **36,264 veterans living in Montgomery County, Maryland**. According to a 2019 American Community Survey conducted by the U.S. Census Bureau, 6.9% of Americans self-reported as being a veteran. The Census Bureau defines veteran as men and women who have served (even for a short time), but are not currently serving, on active duty in the U.S. Army, Navy, Air Force, Marine Corps, or the Coast Guard, or who served in the U.S. Merchant Marine during World War II. People who served in the National Guard or Reserves are classified as veterans only if they were ever called or ordered to active duty, not counting the 4 to 6 months for initial training or yearly summer camps. All other civilians are classified as nonveterans.

MONTGOMERY COUNTY, MD EMPLOYMENT DATA ON HIRING OF VETERANS, DISABLED VETERANS, AND PEOPLE WITH DISABILITIES

The Commission on Veterans Affairs and Commission on People with Disabilities worked with the County's Office of Human Resources (OHR) to establish employment initiatives which include hiring preferences for veteran, veteran with a disability, and person with a disability and a non-competitive hiring process for persons with disabilities, which was passed into law by Montgomery County voters in 2012.

Karen Hochberg, OHR, has reported that since the hiring preferences and non-competitive hiring process were implemented approximately:

Fiscal Year (FY)	FY20	FY19	FY18	FY17	FY16	FY15	FY14	FY13	FY12	Total
Person with a Disability (PWD)	2	2	3	8	5	5	6	9	4	44
Department non-select PWD	11	15	7	13	4	2	10	13	15	90
Veteran	29	28	9	29	23	45	51	31	18	263
Department non-select VET	30	18	8	28	25	20	35	46	36	246
Veteran with a disability (VWD)	4	1	1	6	4	3	3	1	N/A	23
Department non-select VWD	4	6	3	2	5	0	5	1	N/A	26
Non-Competitive Hire	1	3	4	5	1	7	10	X	N/A	31
Not-Specified Hires	X	X	X	1	1	1	1	X	X	4

(Non-select means that applicant was interviewed but the department did not select them. The non-selection must be based on a objective results from the interview. OHR must approve the non-selection before a department can move forward with additional interviews.)
