Washington DC VA Medical Center

Dr. Charles Faselis, Chief of Staff
Veterans Crisis Line 1-800-273-8255 (Press 1)
202-745-8000 | 877-328-2621

www.washingtondc.va.gov

All DC VA Medical Center facilities are operating normal hours offering telehealth and limited face-to-face appointments for integrated health care. Some facilities are operating at 100% virtual services. Please contact them first before going to any of their locations. Veterans in crisis can call the Veterans Crisis Line.

Holy Cross Health

Dr. Norvell Coots, President and CEO
301-754-7000

www.holycrosshealth.org/find-a-service-or-specialty/military-and-veterans-health-program

Offers healthcare for military, Veterans, and their family members. They accept TRICARE, private insurance, and we are a partner in the VA Community care program. There are also special programs to assist those who are uninsured. Their sites are located Silver Spring, Kensington, and Germantown, Maryland. There are six voluntary behavioral health beds at Holy Cross Hospital in Germantown. Behavioral health patients are screened in the emergency department and referred to appropriate services at other facilities in the county. Holy Cross Health has a Military and Veterans Health Program. All patients are asked if they served in the military as well as a series of behavioral health questions as Holy Cross Health recognizes PTSD, TBI and a number of other conditions can manifest as behavioral health issues. Holy Cross Health also recognizes spouses and children can have behavioral health issues secondary to the Veterans issues. Staff are trained on military cultural competency to meet the specific needs of military service members, veterans, and their family members.

Steven A. Cohen Military Family Clinic at Easterseals

Dr. Shea Lott, Lead Clinician
240-847-7500

www.mfc.easeal.org

All clinics across the network are providing virtual telehealth services. The Clinic serves Veterans, Active Duty military, and family members (as defined by the service member/veteran: spouse, children, partners, household members, caregivers, and survivors) throughout Maryland, Virginia, D.C., and West Virginia. Counseling options include individuals, child/adolescent (ages 4+), group, couples, and family.

Silver Spring Vet Center

Wayne Miller, LCSW, Vet Center Director
301-589-1073

www.vetcenter.va.gov

The Vet Center is a non-medical model providing mental health and wellness counseling, suicide prevention, PTSD and military sexual trauma counseling. Six staff are providing virtual mental health and wellness services. Some walk-ins are being permitted and are screened for COVID-19. Masks are provided.
