Accept private pay and insurances and work with families with limited income and resources. All supports are provided in families or home or the community. Serving the DMV.

### **A & R Comfort Care, LLC**

19021 North Frederick Road  
Gaithersburg, MD 20879  
301-793-8127 (V)

E-mail: [aileen@anrcomfortcare.com](mailto:aileen@anrcomfortcare.com)  
[www.anrcomfortcare.com](http://www.anrcomfortcare.com)

Serve children with Autism from ages 6 to 21. Therapeutic Integration House delivers individualized programs that include music, art, dance, movement, social skills, sharing and turn taking. During the summer, weekly outings include libraries, parks, eateries, orchards, splash pools, aquatic therapeutics at a local pool, trampoline parks, and more. Offer Intensive Individual Support Services (IISS) with one-on-one interventions with the participant provided by a direct care worker. This service is goal-oriented and task-oriented, with interventions developed on an individualized basis based on the treatment plan that has been developed by the consultant assigned to the family. IISS service may be provided in the participant's home or community environment. Family Consultation is available for the participant's family to receive consultation on how to assist their child to acquire, retain or improve skills in a wide variety of areas that directly affect their child's development and ability to reside as independently as possible. Accept Autism Waiver and private pay.

### **Abilities Network and Project ACT**

#### **Montgomery County Office**

8503 LaSalle Road  
Towson, MD 21286  
410-828-7700 (V)

[www.abilitiesnetwork.org](http://www.abilitiesnetwork.org)

The **Project ACT** program offers a unique opportunity through Therapeutic Integration for children ages 5-14 on the Autism spectrum to play and learn valuable social and leisure skills within after-school and summer camp settings with their typically developing peers. A specially trained Inclusion Specialist supports these children in the program and works on personalized goals according to each child's treatment plan. Individualized plans are centered round the strengths and needs of each child participating in the program. Through the **CEP (Community and Employment Partners)** program, they support adults with disabilities, including those on the Autism spectrum, to live and work as independently as possible in their communities. CEP supports individuals interested in gaining essential life skills to live and/or work independently. Once personalized needs and skills are identified, each person receives a specific plan to guide the location and maintenance of jobs, homes, health, safety and happiness.

### **Achieving True Self**

1-866-287-2036 (V)

[www.achievingtrueself.com](http://www.achievingtrueself.com)

Intensive treatment services are data-driven and delivered through the principles of Applied Behavior Analysis (ABA). Our history and experience providing behavioral health treatment with a strong family systems approach proves effective in assessment and treatment of persons with Autism and behavioral health diagnoses in creating sustainable change. In Montgomery County, we offer the following in homes and community settings where needs are determined: Comprehensive Initial Assessment and Plan Development, Individual Adaptive Behavior Treatment, and Family Support, Training, and Guidance. Social Skills Groups are under development. Accept Maryland Medicaid, many insurance carriers, and private payment. Serve MD, PA and parts of Northern Virginia and WV.

### **Ally Behavior Centers**

17810 Meeting House Road Suite 100  
Sandy Spring, MD 20860  
240-342-2666 (V)  
E-mail: [info@allybehavior.com](mailto:info@allybehavior.com)  
[www.allybehavior.com](http://www.allybehavior.com)

Year-round center-based treatment program for children ages 18 months to 6 years old, providing services in the DC Metro area. Board Certified Behavior Analysts (BCBAs) and Registered Behavior Technicians (RBTs) help their learners achieve their highest potential. Therapists are trained to recognize learning and teaching opportunities in the natural environment as well as in a structured instructional setting. Provides one-on-one intensive therapy and parent training.

### **Arc Montgomery County**

7362 Calhoun Place  
Rockville, MD 20855

<http://csaac.org>

Provides information and referral services as well as residential, vocational, and community services for adolescents and adults. Services include assessment,

pre-employment training, job referral and development, on the job training and supported employment. Intensive Early Intervention Program provides children ages 18 months – 7 years with structured behavioral intervention based on the principles of applied behavior analysis. In-Home Program provides therapy in the home, school, or day care setting. Preschool Program provides therapy at their on-site classroom. One-to-one positive behavioral intervention focuses on building language, communication, social skills, academic skills, and self-help/daily living skills. Diagnostic Evaluation Services provided for children with Autism spectrum disorder or those suspected of having an Autism spectrum disorder. Available services include diagnostic evaluations, behavioral assessments, psychological assessments, and psycho-educational evaluations.

### **Community Support Network / Montgomery County Aging and Disability Services**

Kim Mayo, Administrator  
1401 Rockville Pike, 2nd Floor  
Rockville, MD 20852  
240-777-1216 (V)

[www.montgomerycountymd.gov/hhs](http://www.montgomerycountymd.gov/hhs)

Assist children and adults with developmental disabilities access public and private services, and provide professional support and guidance to families needing assistance in caring for their family member with a disability. Summer camp scholarships.

- **Autism Waiver** provides service coordination to children diagnosed with severe Autism, ages birth to 21 years, who are currently enrolled in the Autism Waiver program. Through the Autism Waiver Program, students and families receive respite care, environmental accessibility adaptations, family training, supported adult life planning, and intensive individual support services in the home and community, therapeutic integration service, service coordination and, in some cases, residential habilitation.
- **Individual Support Services** monitors funding provided by the State of Maryland's Developmental Disabilities Administration (DDA) for family and individual support services for individuals with developmental disabilities.
- **My Turn Program** provides programmatic and financial assistance to families with children with developmental disabilities ages 3 to 13 years and to assist caregivers of children with developmental disabilities with accessing information, linking to other community resources, designing individual support services, and financial assistance with one-time only purchases.
- **Targeted Case Management / Coordination of Care Services** (formerly Resource Coordination) assists individuals with developmental disabilities who receive funding from the DDA in obtaining the best quality and most appropriate services and

supports with available resources within the community. Resource Coordinators provide case management and advocate for individuals receiving services.

- **Respite Services** provides short-term temporary relief to unpaid live-in caregivers/families who are providing full-time care to children with severe medical conditions, children/adults with disabilities, or frail seniors. Care is provided by trained, certified care workers in the family's home or in a respite care facility.
- **Transitioning Youth** assists students with developmental disabilities, ages 14 to 21 years, and their families in the process of graduating from the school system and entering the adult service system.

Proud Moments provides high quality ABA services to individuals diagnosed with Autism Spectrum Disorder via Telehealth and in person (home, school, clinic, and community) through private insurance. Board Certified Behavior Analysts create individualized treatment goals, which are implemented by their team of Behavior Technicians, to improve social, communication, and functional skills and decrease challenging behaviors. They conduct parent training sessions and strive to promote independence among our clients. They serve individuals ages 2 through 21 in Maryland and DC. Most major insurances are accepted. Call or email today to check for eligibility of services. Accepting new clients and are not on a waitlist.

Licensed home and community-based provider of services to individuals with disabilities in the state of Maryland. Offer services in their centers and participants' homes under their ABA, Autism Waiver, and DDA programs. Caregivers are experienced caring individuals with extensive training and oversight by coordinators and staff. Offer transportation and personalized care plans for all of their centers.

### **SPARK (Simons Powered Autism Research)**

E-mail: [info@sparkforautism.org](mailto:info@sparkforautism.org)

<https://sparkforautism.org>

The Interactive Autism Network (IAN) partnered with SPARK to build a research community of tens of thousands of individuals with autism and their families. SPARK participants are asked to share medical and genetic information with scientists and agree to be contacted about other research studies. The information participants share with SPARK researchers powers important new autism research that aims to advance the understanding of autism and provide meaningful information and resources to the community.

### **Treatment & Learning Center (TLC)**

#### **Outcomes Services**
