Full residential services focused on individualized support can be provided to adults with disabilities at one of 38 single-family homes, townhomes or condos owned or operated by The Arc Montgomery County. Regardless of the setting, every individual enjoys a private bedroom. Support services may include personal care, medication administration, use of community services, meal preparation, recreation, financial management and health care coordination. A continuum of services can be provided from early adulthood through senior years, and annual team meetings with staff, relatives, friends and other service providers is an avenue for setting goals and evaluating outcomes. During weekdays, all participants must be involved in education, work, volunteer service or senior living activities in the community. Evening and weekend activities are based on individuals' interests and typically include fitness and exercise, dining out, shopping, volunteer work, music and art activities, movies, and parties or holiday celebrations. Individuals must apply to the Maryland Developmental Disabilities Administration for eligibility and funding approval.
