E-mail: info@cornerstonemontgomery.org
www.cornerstonemontgomery.org
Non-profit providing comprehensive, community- and evidence-based, mental health and co-occurring mental health and substance use disorder treatments and interventions.

- **Residential Rehabilitation:** Offers support through all phases of recovery. Ranging from 24-hour supervised housing to targeted case management drop in services, individuals in the program work with staff to learn the skills necessary to live independently in the community. All services offered are dependent upon individual client need, diagnosis and referral recommendations from the Core Service Agency. All referrals for services originate with the Core Services Agency who then review applications, and manage the wait list for Montgomery County.

- **Psychiatric Rehabilitation:** The Supported Living program provides a wide range of services to individuals living in the community. Services include: daily living skills coaching; resource development; supportive counseling; medication monitoring; psychosocial programming; and service coordination. The Permanent Supportive Housing program is open to individuals coming out of Residential Rehab programs. The Montgomery County Case Management program provides short-term case management services to Montgomery County residents with a mental health and/or co-occurring disorder.

- **Day Programs:** Fosters recovery through a variety of groups as well as individual training to build confidence and proficiency in all phases of daily life. Classes and activities are offered during the day, evening and on weekends, and include Friday night and weekend social and recreational activities. Some examples for classes include: recovery, greenhouse, computer lab, cooking classes, illness management and recovery, art classes, fitness classes, independent living skills classes and classes focused on social skills.

- **Vocational:** One-on-one coaching with a Supported Employment Specialist to help determine skills, interests, and long term career goals; help with creating a step-by-step plan to achieve employment-related goals; help with developing resumes, cover letters, and filling out online applications; support with community-based job search activities and job try-outs; benefits counseling; on-site job coaching; and long-term supports.

- **Transition Age Youth:** Programs help young adults with mental health concerns reach their goals. The Career Transition Program is a short-term Supported Employment program helping graduating high school seniors and second semester juniors. The Career Academic Psych-rehab Service is a long-term Supported Employment and Psychiatric Rehabilitation program for young adults 18 to 25 years old.

- **Mental Health First Aid:** Public education program that introduces participants to risk factors and warning signs of mental illnesses, builds understanding of their impact and overviews common supports. This 8-hour course uses role-playing and simulations to demonstrate how to offer initial help in a mental health crisis and connect persons to the appropriate supports. The program teaches the common risk factors and warning signs of specific types of illnesses, including anxiety, depression, substance use, bi-polar disorder, eating disorders and schizophrenia.
Depressive and Bipolar Support Alliance (DBSA)

Clinic services include individual, group, couples and family psychotherapy; psychiatric evaluations and medication consultations also available. Insurance plans accepted. Sliding-fee scale available.

EveryMind (formerly Mental Health Association of Montgomery County)
1000 Twinbrook Parkway
Rockville, MD 20851
301-424-0656 (V)
301-738-2255 (Montgomery County Hotline)
E-mail: info@every-mind.org
www.every-mind.org
Crisis Prevention & Intervention: Provide supportive listening, information and resource referrals, and crisis services (including suicide assessments) for individuals through telephone, text, and chat services. Available via text Monday through Thursday, 4:00 p.m. to 9:00 p.m. at 301-738-2255. Offer 24/7 online chat at www.crisischat.org and 24/7 phone assistance through the Montgomery County Hotline. Services are free and confidential.

Adult Services: Provide case management services, including advocacy, education, and connection to resources so clients can remain stably housed and maintain self-sufficiency. Clients must be 18 and older, formerly homeless individuals, living in permanent supportive housing through a housing program with the Housing Opportunities Commission (HOC) and must be referred by HOC. Also provide individual and family counseling in a community-based setting – to increase self-esteem, improve relationships with family and friends, and develop positive coping skills. Services are available for individuals with Medicaid. Youth Services: Provide case management for school-age youth (ages 12 and older) dealing with behavioral issues at school and home such as truancy, anger management, and bullying – to cultivate healthy behaviors and improve coping skills. Also provide individual and family counseling, as well as groups, in school and community-based settings – to improve the wellbeing of students and families.

Serving Together: Program provides education, direct service, and coordination of resources for service members, Veterans, and their families throughout the DC region. Veteran and Family Peer Navigators are available at 1-855-738-7176 (Toll Free).

Friendly Visitor: Program provides friendship and emotional support to older adults who are homebound, isolated, and lonely – to reduce feelings of loneliness and isolation, help individuals remain in the community, and maintain a safe home environment. Clients must be age 60 and older.

Representative Payee: Provides money management services to individuals with a disability or mental illness who are unable to manage their own finances – to ensure clients have enough funding for food, clothing, shelter, medication, and other needs. Clients must be 18 or older.

Family Services Agency

Psychiatric Rehabilitation Program. Work with adults with serious mental illnesses in a variety of settings to reach their full potential in all aspects of their lives. Services include day program and outreach, and residential and vocational programs. Must be referred by Montgomery County Core Service Agency.

Outpatient Mental Health Center
301-840-3200 (V)
Provide comprehensive evaluation and treatment for the children and adolescents in our community. Services include counseling and therapy to adults with a wide range of concerns including anxiety, depression, relationship issues, job stress, and times of transition. Medicaid, Medicare and some private insurance accepted.

Tracks
A community, recovery-focused psychiatric rehabilitation program serving transitional age youth (18 to 24) in Montgomery County with mental illness. Services include a day program, residential rehabilitation, a mental health vocational program, and support for independent living.

Care and Connections for Families
Provides services for youth (ages 6 to 18) and their families who seek stabilization support after a youth has experienced a mental health crisis. This program is designed to provide short-term intensive in-home mental health services, as well as connection to longer-term services to ensure long-term stabilization. Parents and caregivers work together with the youth, their therapist, and their in-home stabilizers to construct a plan towards resilience and recovery.

Residential Rehabilitation Program provides housing, case management, and psychiatric rehabilitation (independent living skills teaching) to adults with chronic, severe, and persistent mental illness.

Transition Aged Youth Program is designed for young adults (18 to 25) who are struggling with mental illness. Program provides housing and specialized supports to help the young adult transition from their parent's home, foster care, or a residential treatment center into the community.

Supported Living Program provides case management and psychiatric rehabilitation to adults with chronic, severe, and persistent mental illness who are living in their own homes in the community. Program uses a recovery-focused, person-centered approach to assist the individual in all of the facets of independent living, including medication management, budgeting and financial management, entitlements counseling, and scheduling appointments.

Psychiatric Rehabilitation Day Program allows adults with chronic, severe and persistent mental illness to choose from various classes designed to teach independent living skills and to integrate the individual into the community.

Healthy Transitions Program works with emerging adults with serious mental health conditions between the ages of 16 and 25 as they move into the adult life of their choosing. Program provides youth-driven, strengths-based, non-stigmatizing, and developmentally appropriate services that help young adults manage mental health symptoms that limit their ability to transition into adult roles.

Evidence Based Practice – Supported Employment supports people with severe mental illness in their efforts to achieve steady employment in mainstream competitive jobs, either part-time or full-time.

www.probonocounseling.org
Provide free mental health care to individuals, families and couples who live and/or work in Maryland who cannot receive care from any other source. The Project links clients with therapists for counseling - it does not provide medications or medication resources. Special programs include:
Transition and Depression: Elderly and Underserved program focuses on adults over age 55 to prevent suicide, victimization from abuse, neglect, financial exploitation or other violent crime. This program also links seniors and family members to a licensed mental health professional who will provide care at no cost.
The Jean Steirn Cancer Program provides free mental health treatment, linkage to necessary support services in the community and transportation to therapy appointments as necessary. This unique program of The Pro Bono Counseling Project, links uninsured and low-income cancer patients and their caregivers / family members, during any phase of their cancer from diagnosis to post-treatment or survivorship, with insured and licensed mental health therapists at no charge.
Caring for the Caregivers designed to provide uninsured and low income informal caregivers with individual, couples or family therapy that is necessary to assist in overcoming the overwhelming psychological adjustments that families must face when a loved one is diagnosed with a life-long, debilitating illness, and when loved ones need to make end of life decisions.

Offer Outpatient mental health clinic services either a) in conjunction to their Day Program services (PRP) or b) as a single service offered at their Outpatient only (Horizon) clinics. Services include individual, family, couples and group therapy; off-site (for current clients and on a case-by-case basis); psychiatric assessment and medication management; and psycho-educational programs: parenting, anger management, social skills, and dealing with difficult adolescents. Accept most insurance including Medicaid, Medicare, Primary Adult Care, and self-pay. Vesta accepts uninsured clients in the state of Maryland if they have low-income and a valid social security number and meet any of the following criteria: having been released from a psychiatric hospital in the last three months; having been released from jail in the last three months; having been treated in the public mental health system in the last two years; and being homeless and seeking refuge in a shelter.
