240-777-1770 (V)

240-777-4710 (V)

www.montgomerycountymd.gov/HHS-Program/Program.aspx?id=BHCS/BHCSACCBehavhealthsvcs-p239.html

Walk-in Hours: Mondays through Friday. Please arrive by 8:30 a.m. for a morning appointment and by 12:30 p.m. for an afternoon appointment.

Team helps people living in Montgomery County obtain and/or access behavioral health services (mental health and substance abuse). Adult consumers who are eligible for substance abuse services are linked to the Addictions Services programs in the County. Consumers of all ages who are eligible for the Public Mental Health System are linked with providers who are able to provide the requested service at a location convenient for the consumer. Spanish language capacity is immediately available. Assistance available for those who speak other languages.

Adult Drug Court Treatment Program - Montgomery County Circuit Court

Jenna Davis, Problem Solving Courts Coordinator

240-777-9141 (V)

Email: jenna.davis@mdcourts.gov

<https://montgomerycountymd.gov/cct/drug-court.html>

Voluntary program that offers offenders with drug/alcohol-dependency problems a new opportunity to break the chain of the cycle of drug/alcohol addiction and crime through intensive treatment and monitoring, as well as direct attention from the court. The mission of the Adult Drug Court Program is to eliminate substance abuse, crime, and their consequence, by forging continuing partnerships with the court, health treatment providers, concerned community organizations and law enforcement. Leveraging its partnerships and authority, the court will

Adult Drug Court Treatment Program Continued

direct substance-abusing offenders into evaluation and treatment to achieve personal responsibility and productive citizenship. The program consists of three phases and the minimum length of treatment is 20 months, but the actual length of stay is dependent on a participant's progress.

Email: help@newportacademy.com

www.newportacademy.com/locations/outpatient/rockville

Outpatient substance abuse treatment for adolescents ages 13 to 19. In a teen outpatient program, clients typically have a structured daily schedule that includes group and individual teen therapy sessions, experiential modalities, and time in the classroom focusing on academics and life skills. Depending on the day and the outpatient program location, teens may be tubing on a nearby river, doing yoga a ropes course, making art or music, doing community service with their peers, or participating in family programs that involve parents and siblings in the healing process.

Outpatient Addiction Services – Montgomery County Department of Health and Human Services

240-777-1770 (V)

www.montgomerycountymd.gov/HHS-Program/Program.aspx?id=BHCS/BHCSOAMH-p253.html

Outpatient Addiction and Mental Health Services delivers care to individuals with mental health and substance abuse symptoms and disability. Symptoms are serious enough that extensive support, monitoring and accommodation is necessary for the individual to participate in the treatment process; but there is no evidence of significant danger to self or others, a need for detoxification, or 24-hour psychiatric supervision. These individuals may have a history of suicide. Disability is defined as long-term, potentially lifelong, functional impairment as a result of substance dependence and/or a mental health disorder. This includes persons with severe and persistent mental illnesses who have a significant history of relapse, multiple recurrences of a mental health disorder, and/or evidence of continued impairment in several areas (capacity to manage relationships, job, finances and social interactions). Referrals are made by the Access Team to contract providers in Montgomery County. Not able to accept walk-ins or direct referrals.
