This section is divided by providers that charge a fee ("private") and volunteer programs that offer free rides. Volunteer transportation programs use volunteers who provide rides in their personal vehicles.

Whether a private company or a volunteer program, each provider sets its own guidelines.

When contacting different programs, ask who they serve and how they operate, including their driver screening and training policies. Describe your personal needs in addition to information about the trip.

Such needs might include assistance getting out of the car or navigating to the doctor's office.)

Note that most volunteer driving programs are unable to accommodate wheelchairs/scooters.

**** Providers with an asterisk * offer wheelchair accessible vehicles. ****
