Supportive Services for Veteran Families (SSVF) and Grant and Per Diem (GPD) – Dept. of Veterans Affairs

www.va.gov/homeless/ssvf

www.va.gov/homeless/gpd.asp

Provide housing and other services for Veterans experiencing domestic violence and intimate partner violence. Veterans losing their housing because they are fleeing domestic violence are eligible for SSVF rapid rehousing, which is an intervention designed to help homeless veterans and their families quickly access permanent housing. The GPD program provides housing and supportive services to help homeless Veterans achieve residential stability, increase their skill levels and incomes and achieve greater self-determination. In 2017, Public Law 114-315 expanded eligibility for participation in the SSVF and GPD programs by broadening the definition of homeless to include any individual or family fleeing or attempting to flee domestic violence, dating violence, sexual assault, stalking — or other situations making it dangerous to remain in the home — which include situations that jeopardize the health and safety of children. Eligible Veterans must have no other residence and lack both the resources and support networks to obtain other permanent housing. Services are provided by grantees.
