Building Stronger Communities

*“Villages encourage social connections, engagement and citizen participation. They build the supportive environments that promote healthy and stable communities for all ages!
– We are transforming the next stage of our lives!”*

VILLAGES

in
Montgomery
County

Department of Health
and Human Services

WHAT ARE VILLAGES?

Villages are local, volunteer-led organizations that bring people together and coordinate volunteer help at home using neighbor-helping-neighbor model.

HOW DO VILLAGES FORM?

People who start and lead villages love where they live and want to make it a better community for everyone. No special skills are needed, just time and energy.

MONTGOMERY COUNTY

**Building
Stronger
Communities**

WHAT DO VILLAGES OFFER?

Villages respond to the interests and needs of their community members. Services may include social events, volunteer rides, help with technology, snow shoveling or recommendations for preferred providers.

HOW DOES THE COUNTY SUPPORT VILLAGES?

The County's Village Coordinator is your one stop shop for village start up and growth: establishing a nonprofit, liability solutions, volunteer recruitment, board development, fundraising, partnerships and more.
