Blue Water Navy Veterans and Agent Orange

Blue Water Navy Veterans are now entitled to a presumption of service connection for illnesses related to Agent Orange exposure. This is a result of Public Law 116-23, the Blue Water Navy Vietnam Veterans Act of 2019. The law was signed on June 25, 2019 and takes effect on January 1, 2020.

Can I get disability benefits from VA?

You may be able to get disability benefits if the below descriptions are true for you.

This must be true:
- You have an illness we believe is caused by Agent Orange (called a presumptive disease)

And at least one of these must also be true. Your military record must show that between January 9, 1962, and May 7, 1975, you:
- Were aboard a U.S. military vessel that operated in the inland waterways of Vietnam, or
- Served on a vessel not more than 12 nautical miles seaward from the demarcation line of the waters of Vietnam and Cambodia (as detailed in Public Law 116-23, the Blue Water Navy Vietnam Veterans Act of 2019)

Have worked with Vietnam veterans’ families since 1986 when the first Agent Orange Class Assistance Programs were funded. Set up the National Birth Defect Registry, partly to collect the information being reported by the veterans. Created a series of fact sheets on the disabilities veterans’ families were reporting in their children.

Outreach program provides information about Agent Orange and dioxin and actively pursues the recognition of presumptive disabilities from exposure. The program also provides assistance to state councils, chapters and service programs in the handling of Agent Orange-related problems. Additional priorities are to foster sponsorship of legislation to help the victims of Agent Orange and Dioxin and encourage scientific and medical research in the field of dioxin-related ailments.
