2. Crisis Prevention
   ➢ Individual who is or will be in health or safety crisis within the next year.
   Has a caregiver 65 or older.

3. Current Request
   ➢ Individual who needs and wants services though health and safety are not the immediate needs.

*Can change depending on situation
Coordination of Community Services (CCS)

❖ Assist individuals and their families in learning and gaining access to resources in their community
❖ Assist individuals and families with planning for the future
❖ Assess individuals’ needs for services and supports
❖ Ensure the needs of the individuals are met
❖ Assure individuals’ satisfaction with services
Supporting Individuals and Families

- Unprecedented opportunities to offer funding to eligible individuals and families for waivers service to support their trajectory toward their self-defined good life
- Waiver services funding opportunities including:
  - Family Support Waiver – 400 children from the Waiting List
  - Community Support Waiver – 400 individuals of any age from the Waiting List
  - Community Pathways Waiver – 300 individuals of any age from the Waiting List
  - Transitioning Youth ~700 youth
Important To and Important For

Although supports and needs may change across the lifespan, pursuit and enjoyment of what is important to the person remains the guiding force.

Real person-centered planning provides an opportunity to guide (and sometimes cheer!) people through a process of discovery to learn what is most important to them, and then partner to create a plan that supports a clear trajectory toward their personally defined good life.

**Important TO**: Elements of life that are valued by the person and contribute to their happiness and/or contentment

**Important FOR**: Needs that should be addressed to support a person’s health and safety

Self-Direction - Overview of Services

A service delivery model established by the DDA in which a participant (or their authorized representative) may self-direct his or her own services.

Self-Direction promotes personal choice and control over the delivery of waiver and state plan services.

Provides for:

- **Employer Authority**
  - Accepts the rights and obligations of an employer (as outlined in federal, state and local law and regulation) as the employer of record

- **Budget Authority**
  - Accepts responsibility and authority to manage his/her approved budget
Self-Direction - Overview of Services Continued

Individuals have opportunities to:

- Identify goals to support a trajectory for the good life (Life Course);
- Choose and schedule workers;
- Train, manage and discharge workers;
- Identify needed supports and services to support their PCP (in accordance with their approved annual budget);
- Control and manage a budget annually for the purchase of services and supports as specified in their PCP; and
- Use the services of an FMS to assist with budget and payment responsibilities, and access the optional use of a Support Broker as a human resource support.

Services available for Self-Direction vary by Waiver.
Self-Direction - Key requirements

Individuals (or their authorized representative) must be capable of making informed decisions regarding how services are provided such that there is:

- No lapse or decline in the quality of care;
- No increased risk to the health or safety of the participant

Individuals (or their authorized representative) must understand and accept the risks and responsibilities of being the Employer of Record.
Self-Direction - Responsibilities as the Employer of record

Under the Waiver(s)

- Recruit and hire staff
- Verify staff qualifications
- Obtain a criminal history and/or background investigation of staff
- Specify additional staff qualifications
- Determine staff duties consistent with the service specifications
Self-Direction - Responsibilities as the Employer of record (continued)

- Determine staff wages and benefits – subject to state limits
- Schedule staff
- Orient and instruct staff in duties
- Supervise staff
- Evaluate staff performance
- Verify time worked by staff and approve time sheets
- Discharge staff

Self-Direction

Financial Management Services (FMS)
● Provided as an “administrative service” to all individuals in Self-Directed Services
● Supports the management and disbursement of funds contained in the participant directed budget
● Current FMS Services provided by
  ○ The ARC/Central Chesapeake Region and MedSource

Support Brokerage
● Independent providers available to assist with human resources related, employer functions
● Act as a “coach” and “mentor” to the Employer of Record to ensure successful day to day management of self-direction activities
Self-Direction

Coordinators of Community Services
- Assist individuals and their families in understanding SDS
- Complete initial SDS plans, budgets, annual updates, and modifications throughout the year
- Monitor the services being provided and the use of budgeted funds
- Act as a liaison between individuals, families, Support Brokers, FMS, and DDA
- Assist in locating and gaining access to additional resources in their community

DDA Regional Office Self-Directed Services Coordinators
- Provide technical assistance to SDS participants, CCS, and Families
- Review, approve, and process all plans, budgets, and modifications
Nursing Services in DDA Settings

DDA provides nursing services through the Delegation Model of Nursing as defined in COMAR 10.27.11.

- Delegation model is used when unlicensed staff are paid to give medication and treatments. (If family are paid staff, delegation model must be used.)
- Nursing services include medication administration, nursing treatments, and ADL care.
- DDA waiver does not fund licensed nursing for direct care.
Nursing Services in DDA Settings

- Staff who administer medication must be Certified Medication Technicians (CMT).
- Treatments and ADL care must be taught by the RN.
- Delegation of medication administration and treatments requires the RN to assess the individual minimally every 45 days and to supervise staff regularly.
- If the individual meets criteria for an exemption from delegation then RN Consultation may be an option for consideration.
Rare and Expensive Medicine (REM) Program

- REM services are available to those with a qualifying diagnosis and who meet the standard of medical necessity for nursing services.
- REM assesses for the health care needs and provides licensed nursing or CNA for ADL task performance.
- REM services are available in the community in a shared model at select DDA provider agencies.
- REM services cannot be supplanted, supplemented or duplicated without jeopardizing REM services per REM regulations.
- People disenrolled from REM due to Medicare eligibility cannot re-enroll.
Communication

Generally providers can discuss when someone is receiving different services if the purpose is to coordinate treatment.

What information would be shared and between/among what parties?
