For additional listings of home care providers, please check the [Senior Beacon Resource Guide](#) or [Guide to Retirement Living](#).

Home care and home health agencies provide two main types of services that are custodial (skilled) or supportive (unskilled) care. Supportive services, provided by private home care agencies, offer assistance with personal care such as bathing, grooming, dressing, in addition to help with meal preparation, housekeeping, medications, ambulation and exercises, medical appointments, and shopping. Skilled services, provided by medical home health agencies, offer nursing care, physical, occupational, speech, and respiratory therapy as well as social services and hospice care.

**Providers with an asterisk \* are Medicaid / Medicare-certified agencies** providing skilled healthcare ordered by a physician. They provide nurses, physical and occupational therapists and social workers to assist with rehabilitation. Insurance plans, including Medicare, may pay for part of or all of the services.
