

OUR MISSION

We want all children in Montgomery County to have equal access to high-quality early care and education and after-school programming. Our mission is to build a successful and knowledgeable child care workforce through professional development and individualized support.

OUR TEAM

We recognize the individual needs and goals of each program and work with you to tailor our services to meet your unique goals. We use a strength based coaching model to facilitate change by building strong working relationships based on trust. Our staff is committed to using research based teaching practices to improve early educational settings. We also believe that sustained program quality requires ongoing professional development and we will connect you with resources to enhance your skills and knowledge.

“My classroom felt like chaos all day. I called the RR and a coach was assigned. We worked on daily schedules, room arrangements, and lesson planning. It was a long road and my coach was with me every step of the way. Today I am proud to say my classroom is truly a learning environment.”

MCCRRRC is a program within Montgomery County Department of Health & Human Services, ensuring all children enter school ready to learn!
This publication was produced as a work for hire for the benefit of, and with funds from, the Maryland State Department of Education, 2014

Improving the Quality of Child Care

The quality of early care and education a child receives has been shown to dramatically impact their social, emotional, physical and cognitive development, and ultimately success in school and life. MCCRRC provides quality improvement supports to all child care programs in an effort to increase or maintain high levels of excellence.

Montgomery County Government has a strong commitment to our early care community, and through a grant from Maryland State Department of Education, we are able to provide you with a variety of **FREE** supports to help you achieve program quality goals:

- Phone Consultation
- On-Site Consultation
- Coaching/Mentoring
- One-on-One Meetings
- Small Group Sessions
- Project Participation

WHAT IS TECHNICAL ASSISTANCE?

Technical Assistance (TA) is free, customized support for you and your program. We use a Strength-Based Coaching model which focuses on working with your unique needs and individualized goals. Depending on the topic you request, technical assistance can be in the form of a phone call, one-on-one meetings, site visits, consultation, or a combination of these. The first step is to call **240-777-1457!**

What will you help me with?

Our services are designed to help you meet all quality indicators of child care programming. Our experienced staff is prepared to assist you with:

- ♦ Fulfilling MSDE–OCC Licensing requirements
- ♦ Rating Scales & Accreditation
- ♦ Curriculum, Environments & Lesson Plans
- ♦ Administrative Practices, Business Plans, & Marketing
- ♦ Parent Engagement

Who can request this service?

TA is designed for family child care and center based programs. Directors, teachers or registered family child care providers can call, email or walk-in to request support.

What can I expect?

When you contact us, a staff member will talk to you and ask you a series of questions to gather information then map out your next steps. Sometimes we can answer your question over the phone or you will be directed toward existing services, such as training and existing resources. Other times, you will be assigned a coach who will work with you to develop a plan of action. Your coach will come to your program to observe and conduct assessments. Together, you will identify goals and determine action steps. Your coach will work with you to provide you the supports necessary to reach your goals.

How much is it?

Consultation services are **FREE!** All you have to do is connect with us to begin the process.
