

Service Coordination for Housing Initiative Program

Open Solicitation 1074957

Effective September 29, 2025

Singles	Low-35 or below	Mid-36-49	High-50 or above
	\$334.00	\$667.00	\$667.00

Families	Low-33 or below	Mid-34-47	High-48 or above
	\$390.00	\$752.00	\$752.00

All participants are required to receive a minimum of 3 services per month, including 1 face-to-face visit. A maximum of two services can be reimbursable in one visit.

Providers are eligible to bill for participants as long as there is a documented attempt to provide a service in HMIS.

ACIS participants:

The Assistance in Community Integration Services (ACIS) program is a Medicaid reimbursement program. For ACIS enrolled participants, the Provider will receive an additional \$50.00 per month. To receive this reimbursement, ACIS participants must be active with ACIS and receive 3 services including one Face to Face per month. A maximum of two services are reimbursable in one visit. These services must be documented in HMIS Service Transactions.

The ACIS Plan of Care (POC) is reimbursed at a rate of \$100.00 per POC. This is completed at intake and annually per ACIS participant and completed by a third party contractor (i.e. not direct service provider).

Outcome-based success payments:

The Department of Health and Human Services (DHHS) recognizes the need for outcome-based success payments for providers that exemplify the following positive outcomes:

1. For each household that increases income within the fiscal year, the provider will receive \$100.00, for a maximum of 2 increases per year. The increase must be a documented \$50.00 or more, and the increase must be sustained for at least 30 days.
2. For each household that remains housed in the same unit and in good standing for 12 months, the provider will receive \$500.00.

Outcome-based success payments will be paid quarterly and should be invoiced no later than the following dates:

- July-September: invoices should be submitted by 10/15
- October-December: invoices should be submitted by 1/15
- January-March: invoices should be submitted by 4/15
- April-June: Invoices should be submitted by 7/7-due to end of fiscal year
