

Victim Services Advisory Board

Advocating for Victims

Provider Directory

The Victim Services Advisory Board (VSAB) supports Montgomery County's commitment to serving victims of crime and their families. These crimes include rape, domestic violence, sexual assault, homicide, adults molested as children, terrorism, hate violence, robbery, driving while intoxicated (DWI), vehicular manslaughter, assault, battery, burglary, arson, larceny, stalking, carjacking, harassment, vandalism, and bullying.

The VSAB will continue to dedicate its time to identifying the needs of crime victims and ensuring that these needs are being met, considering our County's current financial constraints. In addition, the VSAB will continue to recognize the importance of community and the provision of quality services to crime victims, centering on the notion that our county government has a responsibility to provide sufficient funding to serve crime victims.

Moving forward, the VSAB will continue to provide both the County Executive and the County Council with recommendations on how to best meet the needs of crime victims and their families in Montgomery County. We make it our mission to serve this community. On behalf of the members of the VSAB, we respectfully share our report with your office.

The VSAB has compiled this service provider directory to assist Montgomery County service providers in meeting the needs of victims. Inclusion of any entity in this directory does not constitute an advisory opinion, does not necessarily represent the formal position of the VSAB, and does not constitute endorsement by the VSAB.
