

NOTICE OF CREDITABLE COVERAGE

Important Notice from Montgomery County About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Montgomery County and prescription drug coverage available for people with Medicare. It also explains the options you have under Medicare prescription drug coverage and can help you decide whether or not you want to enroll. At the end of this notice is information about where you can get help to make decisions about your prescription drug coverage.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
- Montgomery County has determined that the prescription drug coverage offered by the County's group insurance plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

You should compare your current coverage, including which drugs are covered, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

At this time, the County offers Medicare eligible retirees the following prescription plans:

- Caremark High Option Prescription Plan.
- Caremark Standard Option Prescription Plan.
- Prescription coverage available through the Kaiser's Medicare Plus plan.*

If you (and/or your dependents) are eligible for Medicare (including due to disability) and elect to participate in the Caremark High Option Prescription Plan or Standard Option Prescription Plan, you (and/or your dependents) will automatically be enrolled in Medicare Part D. Medicare requires that you have a 21 day period to opt out of Medicare Part D participation. However, if you opt out, you

(and your dependents, if applicable) will not have any prescription drug coverage through the County's prescription drug plans. If you elect to participate in the Kaiser plan, this is not applicable.

If you or your Medicare eligible dependent decide to join a Medicare drug plan, coverage under the County plan will terminate for that individual. Therefore, please note that if **you** join a Medicare drug plan, and as a result your County coverage is terminated, **coverage for your dependents will also terminate.** .

If you decide to join a Medicare drug plan and you decide to drop your current County coverage, be aware that you and your dependents will only be able to elect coverage at open enrollment..

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your coverage with the County and don't enroll in Medicare prescription drug coverage within 63 days after your current coverage ends, you may pay more (a penalty) to enroll in Medicare prescription drug coverage later.

If you go 63 days or longer without prescription drug coverage determined to be Creditable Coverage, your monthly premium may go up at least 1% per month for every month that you did not have that coverage. For example, if you go nineteen months without coverage, your premium may always be at least 19% higher. You'll have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following November to enroll.
