

# How to register for myuhc.com and print a temporary ID card.

Working together, UnitedHealthcare and Optum are creating an integrated member experience that starts with quickly and easily creating a HealthSafe ID™. This new username and password can then be used on any site offering the HealthSafe ID sign-in screen.

Integration of HealthSafe ID is occurring in phases with some members already using HealthSafe ID through the UnitedHealthcare Health4Me® app. Over time, additional websites and mobile apps will use HealthSafe ID.
