Know Before You Go

Your money, your health, your decision

Choosing the right setting for your care—from allergies to X-rays—is key to getting the best treatment with the lowest out-of-pocket costs. It's important to understand your options so you can make the best decision when you or your family members need care.*

Primary care provider (PCP)

The best place to get consistent, quality health care is your primary care provider (PCP). If you have a medical issue, having a doctor who knows your health history often makes it easier to get the care you need.

CloseKnit Virtual Care

Our virtual-first practice, CloseKnit, offers 24/7/365 virtual primary care, behavioral health, and urgent care services.

Primary care patients have access to a dedicated Care Team equipped to treat most medical concerns virtually, through CloseKnit's convenient mobile app. The team can direct to in-person or specialty care when needed and can help patients manage medications, chronic conditions, navigate billing and more.

Urgent care services, for conditions such as cold or flu, and behavioral health visits, are available to patients regardless of whether they've selected CloseKnit as their primary care provider.

24-Hour Nurse Advice Line

Registered nurses are available 24/7 to discuss your symptoms with you and recommend the most appropriate care. Call 800-535-9700 anytime to speak with a nurse.

Convenience care centers (retail health clinics)

These are typically located inside a pharmacy or retail store (like CVS MinuteClinic or Walgreens Healthcare Clinic) and offer care for non-emergency situations like colds, pink eye, strep tests and vaccinations. These centers usually have evening and weekend hours.

Urgent care centers

Urgent care centers (such as Patient First or ExpressCare) provide treatment for injuries and illnesses that require prompt medical attention but are not life-threatening (sprains, minor cuts, flu, rashes, minor burns). These centers have doctors on staff and offer weekend/after-hours care.

Emergency room (ER)

Emergency rooms treat acute illnesses and trauma. Go to the ER right away if you or a family member have sudden symptoms that need emergency care, including (but not limited to): chest pain, trouble breathing or head trauma. Prior authorization is not needed for emergency room services.

* The medical providers mentioned in this document are independent providers making their own medical determinations and are not employed by CareFirst BlueCross BlueShield. CareFirst does not direct the action of participating providers or provide medical advice.

When you need care

When your PCP isn't available, being familiar with your options will help you locate the most appropriate and cost-effective medical care. The chart below shows how costs* may vary for a sample health plan depending on where you choose to get care.

	Sample Cost	Needs or Symptoms	24/7	Rx
24-Hour Nurse Advice Line	\$0	If you are unsure about your symptoms or where to go for care, call 800-535-9700, anytime day or night to speak to a registered nurse.

BlueCard & Blue Cross Blue Shield Global® Core

Wherever you go, your health care coverage goes with you

With your Blue Cross and Blue Shield member ID card, you have access to doctors and hospitals almost anywhere. BlueCard gives you the peace of mind that you'll always have the care you need when you're away from home, from coast to coast. And with Blue Cross Blue Shield Global® Core (BCBS Global® Core) you have access to care outside of the U.S.

As always, go directly to the nearest hospital in an emergency.

Your membership gives you a world of choices. More than 93% of all doctors and hospitals throughout the U.S. contract with Blue Cross and Blue Shield plans. Whether you need care here in the United States or abroad, you'll have access to health care in more than 190 countries.

When you're outside of the CareFirst BlueCross BlueShield and CareFirst BlueChoice, Inc. service area (Maryland, Washington, D.C., and Northern Virginia), you'll have access to the local Blue Cross Blue Shield Plan and their negotiated rates with doctors and hospitals in that area. You shouldn't have to pay any amount above these negotiated rates. Also, you shouldn't have to complete a claim form or pay up front for your health care services, except for those out-of-pocket expenses (like non-covered services, deductibles, copayments, and coinsurance) that you'd pay anyway.

Within the U.S.

1. Always carry your current member ID card for easy reference and access to service.
2. To find names and addresses of nearby doctors and hospitals, visit the National Doctor and Hospital Finder at www.bcbs.com, or call BlueCard Access at 800-810-BLUE (2583).
3. Call the Customer Service number on the back of your member ID card to verify benefits or find out if pre-certification or prior authorization is required.
4. When you arrive at the participating doctor's office or hospital, simply present your ID card.
5. After you receive care, you shouldn't have to complete any claim forms or have to pay up front for medical services other than the usual out-of-pocket expenses. CareFirst will send you a complete explanation of benefits.

Around the world

Like your passport, you should always carry your ID card when you travel or live outside the U.S. The Blue Cross Blue Shield Global® Core program (BCBS Global® Core) provides medical assistance services and access to doctors, hospitals and other health care professionals around the world. Follow the same process as if you were in the U.S. with the following exceptions:

- At hospitals in the BCBS Global Core Network, you shouldn't have to pay up front for inpatient care, in most cases. You're responsible for the usual out-of-pocket expenses. And, the hospital should submit your claim.
- At hospitals outside the BCBS Global Core Network, you pay the doctor or hospital for inpatient care, outpatient hospital care, and other medical services. Then, complete an international claim form and send it to the BCBS Global Core Service Center. The claim form is available online at **bcbs.globalcore.com**.
- To find a BlueCard provider outside of the U.S. visit **bcbs.com**, select *Find a Doctor or Hospital*.

Members of Maryland Small Group Reform (MSGR) groups have access to emergency coverage only outside of the U.S.

Medical assistance when outside the U.S.

Call 800-810-BLUE (2583) toll-free or 804-673-1177, 24 hours a day, 7 days a week for information on doctors, hospitals, other health care professionals or to receive medical assistance services. A medical assistance coordinator, in conjunction with a medical professional, will make an appointment with a doctor or arrange hospitalization if necessary.

Visit **bcbs.com** to find providers within the U.S. and around the world.

Note: Allowed Benefit is the fee that participating providers in the network have agreed to accept for a particular service. The participating provider cannot charge the member more than this amount for any covered service. Example: Dr. Carson charges \$100 to see a sick patient. To be part of CareFirst's network, he has agreed to accept \$50 for the visit. The member will pay their copay/coinsurance and deductible (if applicable) and CareFirst will pay the remaining amount up to \$50.

* No copayment or coinsurance.

** Copay applies if office visit is not billed.

¹ When multiple services are rendered on the same day by more than one provider, Member payments are required for each provider.

² In-Network: When covered services are rendered in Maryland, Washington D.C. and/or Northern Virginia, collectively known as the CareFirst BlueChoice service area, by a provider in the CareFirst BlueChoice Provider network, care is reimbursed at the in-network level. In-network benefits are based on the CareFirst BlueChoice Allowed Benefit. The CareFirst BlueChoice Allowed Benefit is generally the contracted rates or fee schedules that CareFirst BlueChoice providers have agreed to accept as payment for covered services. These payments are established by CareFirst BlueChoice, Inc., however, in certain circumstances, an allowance may be established by law. Outside of the CareFirst BlueChoice service area, when covered services are rendered by a provider in the preferred provider network, care is also covered at the in-network level. These in-network benefits are based on the contracted rates or fee schedules that preferred providers have agreed to accept as payment for covered services that are established by the local Blue Cross and Blue Shield Plan, however, in certain circumstances, an allowance may be established by law.

³ Out-of-Network: When covered services are rendered by a provider that is not in the CareFirst BlueChoice network in Maryland, Washington D.C. or Northern Virginia, or is not in the preferred provider network outside of CareFirst BlueChoice service area, the care is reimbursed as out-of-network. Out-of-network benefits are based on the Allowed Benefit. The Allowed Benefit is generally the contracted rates or fee schedules that are established by CareFirst BlueChoice, or the local Blue Cross and Blue Shield Plan, however, in certain circumstances, an allowance may be established by law.

⁴ For family coverage only: When one family member meets the individual deductible, they can start receiving benefits. Each family member cannot contribute more than the individual deductible amount. The family deductible must be met before the remaining family members can start receiving benefits.

⁵ For Family coverage only: When one family member meets the individual out-of-pocket maximum, their services will be covered at 100% up to the Allowed Benefit. Each family member cannot contribute more than the individual out-of-pocket maximum amount. The family out-of-pocket maximum must be met before the services for all remaining family members will be covered at 100% up to the Allowed Benefit.

⁶ If you receive laboratory services inside the CareFirst Service area (Maryland, D.C., Northern Virginia) members should use LabCorp to receive In-Network benefits. Services performed by any other provider, while inside the CareFirst Service area will be considered out-of-network. If you receive laboratory services outside of Maryland, D.C. or Northern Virginia, you may use any participating BlueCard PPO laboratory and receive in-network benefits.

⁷ Members who are unable to conceive have coverage for the evaluation of infertility services performed to confirm an infertility diagnosis, and some treatment options for infertility. Preauthorization required.
