

Enroll or Re-Enroll in a Flexible Spending Account

Flexible Spending Accounts (FSAs) are tax-advantaged accounts that you can use to pay for eligible medical, prescription, dental, vision, day care expenses and work-related commuting expenses, even if you are not enrolled in an MCG health plan. MCG continues to offer three money-saving FSAs in 2022: Health Care FSA, Child Care FSA (also known as Dependent Care FSA) and Commuter Choice Mass Transit FSA.

How it works: Your elected amount is deducted from your paycheck each pay period—prior to Federal, State and FICA taxes being calculated—so you pay less in taxes. That amount is placed in your FSA. You then use your tax-free FSA funds to pay for IRS qualified medical expenses, dependent care expenses or expenses related to using mass transit to commute to work.

Keep Your Receipts!

IRS rules require FSA administrators to substantiate the eligibility of all claims, including those transactions using FSA debit cards. Some types of expenses, such as doctor visit and prescription drug copays, can be automatically substantiated because copays are predictable amounts. Others will require a copy of your receipt to the FSA administrator, Benefit Strategies. Benefit Strategies offers a mobile app for submitting receipts and reimbursement. Enjoy the convenience of being able to just snap a picture of your receipt and upload it through the mobile app.
