■ who is eligible;

■ services that are covered, called Covered Health Services;

■ services that are not covered, called Exclusions;

■ how Benefits are paid; and

■ your rights and responsibilities under the Plan.

This Employee Benefit Booklet is designed to meet your information needs. It supersedes any previous printed or electronic Employee Benefit Booklet for this Plan.

IMPORTANT

The healthcare service, supply or Pharmaceutical Product is only a Covered Health Service if it is Medically Necessary. (See definitions of Medically Necessary and Covered Health Service in Section 14, Glossary.) The fact that a Physician or other provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a Sickness, Injury, Mental Illness, substance-related and addictive disorders, disease or its symptoms does not mean that the procedure or treatment is a Covered Health Service under the Plan.

Montgomery County Government intends to continue this Plan, but reserves the right, in its sole discretion, to modify, change, revise, amend or terminate the Plan at any time, for any reason, and without prior notice subject to any collective bargaining agreements between the Employer and various unions, if applicable. This Employee Benefit Booklet is not to be construed as a contract of or for employment. If there should be an inconsistency between the contents of this summary and the contents of the Plan, your rights shall be determined under the Plan and not under this summary.

UnitedHealthcare is a private healthcare claims administrator. UnitedHealthcare's goal is to give you the tools you need to make wise healthcare decisions. UnitedHealthcare also helps your employer to administer claims. Although UnitedHealthcare will assist you in many ways, it does not guarantee any Benefits. Montgomery County Government is solely responsible for paying Benefits described in this Employee Benefit Booklet.
Please read this Employee Benefit Booklet thoroughly to learn how the Plan works. If you have questions contact your local Human Resources department or call the number on your ID card.

SECTION 2 - INTRODUCTION

What this section includes:
- Who's eligible for coverage under the Plan.
- The factors that impact your cost for coverage.
- Instructions and timeframes for enrolling yourself and your eligible Dependents.
- When coverage begins.
- When you can make coverage changes under the Plan.

Eligibility

You are eligible to enroll in the Plan if you are a regular full-time time or part-time employee or a person who retires while covered under the Plan.

Your eligible Dependents may also participate in the Plan. An eligible Dependent is considered to be:

- your Spouse, as defined in Section 14, Glossary;
- your or your Spouse's child who is under age 26, including a natural child, stepchild, a legally adopted child, a child placed for adoption or a child for whom you or your Spouse are the legal guardian; or
- an unmarried child age 26 or over who is or becomes disabled and dependent upon you.

To be eligible for coverage under the Plan, a Dependent must reside within the United States.

Note: Your Dependents may not enroll in the Plan unless you are also enrolled.

A Dependent also includes a child for whom health care coverage is required through a Qualified Medical Child Support Order or other court or administrative order, as described in Section 13, Other Important Information.

Cost of Coverage

You and Montgomery County Government share in the cost of the Plan. Your contribution amount depends on the Plan you select and the family members you choose to enroll.

Your contributions are deducted from your paychecks on a before-tax basis. Before-tax dollars come out of your pay before federal income and Social Security taxes are withheld—and in most states, before state and local taxes are withheld. This gives your contributions a special tax advantage and lowers the actual cost to you.

Note: The Internal Revenue Service generally does not consider Domestic Partners and their children eligible Dependents. Therefore, the value of Montgomery County Government's cost in covering a Domestic Partner may be imputed to the Participant as
income. In addition, the share of the Participant's contribution that covers a Domestic Partner and their children may be paid using after-tax payroll deductions.

Your contributions are subject to review and Montgomery County Government reserves the right to change your contribution amount from time to time.

You can obtain current contribution rates by calling Human Resources.

**How to Enroll**

To enroll, call Human Resources within 60 days of the date you first become eligible for medical Plan coverage. If you do not enroll within 60 days, you will need to wait until the next annual Open Enrollment to make your benefit elections.

Each year during annual Open Enrollment, you have the opportunity to review and change your medical election. Any changes you make during Open Enrollment will become effective the following January 1.

**Important**

If you wish to change your benefit elections following your marriage, birth, adoption of a child, placement for adoption of a child or other family status change, you must contact Human Resources within 60 days of the event. Otherwise, you will need to wait until the next annual Open Enrollment to change your elections.

**When Coverage Begins**

Once Human Resources receives your properly completed enrollment, coverage will begin on your date of hire. Coverage for your Dependents will start on the date your coverage begins, provided you have enrolled them in a timely manner.

Coverage for a Spouse or Dependent stepchild that you acquire via marriage becomes effective the date of your marriage, provided you notify Human Resources within 60 days of your marriage. Coverage for Dependent children acquired through birth, adoption, or placement for adoption is effective the date of the family status change, provided you notify Human Resources within 60 days of the birth, adoption, or placement.

**If You Are Hospitalized When Your Coverage Begins**

If you are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins, the Plan will pay Benefits for Covered Health Services related to that Inpatient Stay as long as you receive Covered Health Services in accordance with the terms of the Plan.

You should notify UnitedHealthcare within 48 hours of the day your coverage begins, or as soon as is reasonably possible.

**Changing Your Coverage**

You may make coverage changes during the year only if you experience a change in family status. The change in coverage must be consistent with the change in status (e.g., you cover...
your Spouse following your marriage, your child following an adoption, etc.). The following are considered family status changes for purposes of the Plan:

- your marriage, divorce, legal separation or annulment;
- dissolving your Domestic Partnership;
- the birth, adoption, placement for adoption or legal guardianship of a child;
- a change in your Spouse's employment or involuntary loss of health coverage (other than coverage under the Medicare or Medicaid programs) under another employer's plan;
- loss of coverage due to the exhaustion of another employer's COBRA benefits, provided you were paying for premiums on a timely basis;
- the death of a Dependent;
- your Dependent child no longer qualifying as an eligible Dependent;
- a change in your or your Spouse's position or work schedule that impacts eligibility for health coverage;
- contributions were no longer paid by the employer (this is true even if you or your eligible Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer);
- you or your eligible Dependent who were enrolled in an HMO no longer live or work in that HMO's service area and no other benefit option is available to you or your eligible Dependent;
- benefits are no longer offered by the Plan to a class of individuals that include you or your eligible Dependent;
- termination of your or your Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage as a result of loss of eligibility (you must contact Human Resources within 60 days of termination);
- you or your Dependent become eligible for a premium assistance subsidy under Medicaid or CHIP (you must contact Human Resources within 60 days of determination of subsidy eligibility);
- a strike or lockout involving you or your Spouse; or
- a court or administrative order.

Unless otherwise noted above, if you wish to change your elections, you must contact Human Resources within 60 days of the change in family status. Otherwise, you will need to wait until the next annual Open Enrollment.

While some of these changes in status are similar to qualifying events under COBRA, you, or your eligible Dependent, do not need to elect COBRA continuation coverage to take advantage of the special enrollment rights listed above. These will also be available to you or your eligible Dependent if COBRA is elected.
**Note:** Any child under age 26 who is placed with you for adoption will be eligible for coverage on the date the child is placed with you, even if the legal adoption is not yet final. If you do not legally adopt the child, all medical Plan coverage for the child will end when the placement ends. No provision will be made for continuing coverage (such as COBRA coverage) for the child.

**Change in Family Status - Example**
Jane is married and has two children who qualify as Dependents. At annual Open Enrollment, she elects not to participate in Montgomery County Government’s medical plan, because her husband, Tom, has family coverage under his employer’s medical plan. In June, Tom loses his job as part of a downsizing. As a result, Tom loses his eligibility for medical coverage. Due to this family status change, Jane can elect family medical coverage under Montgomery County Government’s medical plan outside of annual Open Enrollment.
SECTION 3 - HOW THE PLAN WORKS

What this section includes:
■ Selecting a Primary Physician.
■ Accessing Benefits.
■ Eligible Expenses.
■ Copayment.
■ Coinsurance.
■ Out-of-Pocket Maximum.

Selecting a Primary Physician
As a participant in this Plan, you are required to select a Primary Physician who will be responsible for coordinating your care. You and each of your covered Dependents must identify a Primary Physician. This Physician should be your first point of contact when you need medical care. You may change your Primary Physician election at any time by contacting UnitedHealthcare at the number on your ID card or by logging onto www.myuhc.com.

Accessing Benefits
As a participant in this Plan, you have the freedom to choose the Network Physician or health care professional you prefer each time you need to receive Covered Health Services.

You are eligible for Benefits under this Plan when you receive Covered Health Services from Physicians and other health care professionals who have contracted with UnitedHealthcare to provide those services. You must see a Network Physician in order to obtain Benefits. Except as specifically described within the Employee Benefit Booklet, Benefits are not available for services provided by a non-Network provider. This Plan does not provide a non-Network level of Benefits.

Benefits apply to Covered Health Services that are provided by a Network Physician or other Network provider. Benefits for facility services apply when Covered Health Services are provided at a Network facility. Benefits include Physician services provided in a Network facility by a Network or a non-Network radiologist, anesthesiologist, pathologist, Emergency room Physician and consulting Physician. Benefits also include Emergency Health Services.

Depending on the geographic area and the service you receive, you may have access through UnitedHealthcare's Shared Savings Program to non-Network providers who have agreed to discounts negotiated from their charges on certain claims for Covered Health Services. Refer to the definition of Shared Savings Program in Section 14, Glossary, of the SPD for details about how the Shared Savings Program applies.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way
of knowing that you are enrolled under the Plan. As a result, they may bill you for the entire cost of the services you receive.

**Network Providers**

UnitedHealthcare or its affiliates arrange for health care providers to participate in a Network. At your request, UnitedHealthcare will send you a directory of network providers free of charge. Keep in mind, a provider's Network status may change. To verify a provider's status or request a provider directory, you can call UnitedHealthcare at the number on your ID card or log onto [www.myuhc.com](http://www.myuhc.com).

Network providers are independent practitioners and are not employees of Montgomery County Government or UnitedHealthcare. It is your responsibility to select your provider.

UnitedHealthcare's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling UnitedHealthcare. A directory of providers is available online at [www.myuhc.com](http://www.myuhc.com) or by calling the number on your ID card to request a copy.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Benefits.

If you are currently undergoing a course of treatment utilizing a non-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help determining whether you are eligible for transition of care Benefits, please contact the number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Services. Some Network providers contract with UnitedHealthcare to provide only certain Covered Health Services, but not all Covered Health Services. Some Network providers choose to be a Network provider for only some of UnitedHealthcare's products. Refer to your provider directory or contact UnitedHealthcare for assistance.

**Health Services from Non-Network Providers**

If specific Covered Health Services are not available from a Network provider, you may be eligible for Benefits when Covered Health Services are received from a non-Network provider. In this situation, your Network Physician will notify the Claims Administrator, and if the Claims Administrator confirms that care is not available from a Network provider, the Claims Administrator will work with you and your Network Physician to coordinate care through a non-Network provider.
When you receive Covered Health Services through a Network Physician, the Plan will pay Network Benefits for those Covered Health Services, even if one or more of those Covered Health Services is received from a non-Network provider.

**Looking for a Network Provider?**
In addition to other helpful information, [www.myuhc.com](http://www.myuhc.com), UnitedHealthcare's consumer website, contains a directory of health care professionals and facilities in UnitedHealthcare's Network. While Network status may change from time to time, [www.myuhc.com](http://www.myuhc.com) has the most current source of Network information. Use [www.myuhc.com](http://www.myuhc.com) to search for Physicians available in your Plan.

**Possible Limitations on Provider Use**
If UnitedHealthcare determines that you are using health care services in a harmful or abusive manner, you may be required to select a Network Physician to provide and coordinate all of your future Covered Health Services.

If you don't make a selection within 31 days of the date you are notified, UnitedHealthcare will select a single Network Physician for you.

In the event that you do not use the selected Network Physician, Benefits will not be paid.

**Designated Facilities and Other Providers**
If you have a medical condition that UnitedHealthcare believes needs special services, UnitedHealthcare may direct you to a Designated Provider chosen by UnitedHealthcare. If you require certain complex Covered Health Services for which expertise is limited, UnitedHealthcare may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Services from a Designated Provider, UnitedHealthcare may reimburse certain travel expenses at UnitedHealthcare's discretion.

In both cases, Benefits will only be paid if your Covered Health Services for that condition are provided by or arranged by the Designated Provider or other provider chosen by UnitedHealthcare.

You or your Network Physician must notify UnitedHealthcare of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Provider. If you do not notify UnitedHealthcare in advance, and if you receive services from a non-Network facility (regardless of whether it is a Designated Provider) or other non-Network provider, Benefits will not be paid.

**Eligible Expenses**
Montgomery County Government has delegated to UnitedHealthcare the discretion and authority to decide whether a treatment or supply is a Covered Health Service and how the Eligible Expenses will be determined and otherwise covered under the Plan.

Eligible Expenses are the amount UnitedHealthcare determines that UnitedHealthcare will pay for Benefits. For Network Benefits for Covered Health Services provided by a Network
provider, you are not responsible for any difference between Eligible Expenses and the amount the provider bills. For Covered Health Services provided by a non-Network provider (other than services otherwise arranged by UnitedHealthcare), you will be responsible to the non-Network provider for any amount billed that is greater than the amount UnitedHealthcare determines to be an Eligible Expense as described below. Eligible Expenses are determined solely in accordance with UnitedHealthcare's reimbursement policy guidelines, as described in the Employee Benefit Booklet.

For Network Benefits, Eligible Expenses are based on the following:

- When Covered Health Services are received from a Network provider, Eligible Expenses are UnitedHealthcare's contracted fee(s) with that provider.
- When Covered Health Services are received from a non-Network provider as a result of an Emergency or as arranged by UnitedHealthcare, Eligible Expenses are negotiated by UnitedHealthcare or an amount permitted by law.

**Don't Forget Your ID Card**

Remember to show your ID card every time you receive health care services from a Network provider. If you do not show your ID card, a Network provider has no way of knowing that you are enrolled under the Plan.

**Copayment**

A Copayment (Copay) is the amount you pay each time you receive certain Covered Health Services. The Copay is calculated as a flat dollar amount and is paid at the time of service or when billed by the provider. When Copayments apply, the amount is listed in Section 5, Plan Highlights, next to the description for each Covered Health Service.

Please note that for Covered Health Services, you are responsible for paying the lesser of:

- The applicable Copayment.
- The Eligible Expense.

Details about the way in which Eligible Expenses are determined appear in this section under the heading Eligible Expenses.

Copays do not count toward the Out-of-Pocket Maximum. Copays do not count toward the Annual Deductible. If the Eligible Expense is less than the Copay, you are only responsible for paying the Eligible Expense and not the Copay.

**Coinsurance**

Coinsurance is the amount you pay (calculated as a percentage of Eligible Expenses) each time you receive certain Covered Health Services.

Details about the way in which Eligible Expenses are determined appear in this section under the heading Eligible Expenses.
Out-of-Pocket Maximum

The annual Out-of-Pocket Maximum is the most you pay each calendar year for Covered Health Services. If your eligible out-of-pocket expenses in a calendar year exceed the annual maximum, the Plan pays 100% of Eligible Expenses for Covered Health Services through the end of the calendar year.

The following table identifies what does and does not apply toward your Out-of-Pocket Maximum:

SECTION 4 - PERSONAL HEALTH SUPPORT AND PRIOR AUTHORIZATION

What this section includes:
■ An overview of the Personal Health Support program.
■ Covered Health Services which Require Prior Authorization.

Care Management

When you seek prior authorization as required, the Claims Administrator will work with you to implement the care management process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy.

UnitedHealthcare provides a program called Personal Health Support designed to encourage personalized, efficient care for you and your covered Dependents.

Personal Health Support Nurses center their efforts on prevention, education, and closing any gaps in your care. The goal of the program is to ensure you receive the most appropriate and cost-effective services available.

If you are living with a chronic condition or dealing with complex health care needs, UnitedHealthcare may assign to you a primary nurse, referred to as a Personal Health Support Nurse to guide you through your treatment. This assigned nurse will answer questions, explain options, identify your needs, and may refer you to specialized care programs. The Personal Health Support Nurse will provide you with their telephone number so you can call them with questions about your conditions, or your overall health and well-being.

Personal Health Support Nurses will provide a variety of different services to help you and your covered family members receive appropriate medical care. Program components are subject to change without notice. When the Claims Administrator is called as required, they will work with you to implement the Personal Health Support process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy. As of the publication of this SPD, the Personal Health Support program includes:

■ Admission counseling - Personal Health Support Nurses are available to help you prepare for a successful surgical admission and recovery. Call the number on your ID card for support.

■ Inpatient care management - If you are hospitalized, a Personal Health Support Nurse will work with your Physician to make sure you are getting the care you need and that your Physician's treatment plan is being carried out effectively.

■ Readmission Management - This program serves as a bridge between the Hospital and your home if you are at high risk of being readmitted. After leaving the Hospital, if you have a certain chronic or complex condition, you may receive a phone call from a Personal Health Support Nurse to confirm that medications, needed equipment, or
follow-up services are in place. The Personal Health Support Nurse will also share important health care information, reiterate and reinforce discharge instructions, and support a safe transition home.

- **Risk Management** - Designed for participants with certain chronic or complex conditions, this program addresses such health care needs as access to medical specialists, medication information, and coordination of equipment and supplies. Participants may receive a phone call from a Personal Health Support Nurse to discuss and share important health care information related to the participant's specific chronic or complex condition.

- **Cancer Management** - You have the opportunity to engage with a nurse that specializes in cancer, education and guidance throughout your care path.

- **Kidney Management** - You have the opportunity to engage with a nurse that specializes in kidney disease, education and guidance with CKD stage 4/5 or ESRD throughout your care path.

If you do not receive a call from a Personal Health Support Nurse but feel you could benefit from any of these programs, please call the number on your ID card.

### Prior Authorization

| UnitedHealthcare requires prior authorization for certain Covered Health Services. Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization. |

It is recommended that you confirm with the Claims Administrator that all Covered Health Services listed below have been prior authorized as required. Before receiving these services from a Network provider, you may want to contact the Claims Administrator to verify that the Hospital, Physician and other providers are Network providers and that they have obtained the required prior authorization. Network facilities and Network providers cannot bill you for services they fail to prior authorize as required. You can contact the Claims Administrator by calling the number on your ID card.

**To obtain prior authorization, call the number on your ID card.** This call starts the utilization review process. Once you have obtained the authorization, please review it carefully so that you understand what services have been authorized and what providers are authorized to deliver the services that are subject to the authorization.

The utilization review process is a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures or settings. Such techniques may include ambulatory review, prospective review, second opinion, certification, concurrent review, case management, discharge planning, retrospective review or similar programs.

| Contacting UnitedHealthcare or Personal Health Support is easy. Simply call the number on your ID card. |

Please note that prior authorization is required even if you have a referral from your Primary Physician to seek care from another Network Physician.
Special Note Regarding Medicare

If you are enrolled in Medicare on a primary basis (Medicare pays before the Plan pays Benefits) the prior authorization requirements do not apply to you. Since Medicare is the primary payer, the Plan will pay as secondary payer as described in Section 10, \textit{Coordination of Benefits (COB)}. You are not required to obtain authorization before receiving Covered Health Services.

■ ordered or provided by a Physician for outpatient use;

■ used for medical purposes;

■ not consumable or disposable; and

UnitedHealthcare provides Benefits only for a single purchase (including repair/replacement) of a type of Durable Medical Equipment once every three calendar years.

**Emergency Health Services - Outpatient**

The Plan pays for services that are required to stabilize or initiate treatment in an Emergency. Emergency health services must be received on an outpatient basis at a Hospital or Alternate Facility.

If you are admitted as an inpatient to a Network Hospital, you will not have to pay the Copay for Emergency Health Services. The Benefits for an Inpatient Stay in a Network Hospital will apply instead.

Network Benefits will be paid for an Emergency admission to a non-Network Hospital as long as Personal Health Support is notified within one business day of the admission or on the same day of admission if reasonably possible after you are admitted to a non-Network Hospital. If you continue your stay in a non-Network Hospital after the date your Physician determines that it is medically appropriate to transfer you to a Network Hospital, no Benefits will be paid.

Benefits under this section are not available for services to treat a condition that does not meet the definition of an Emergency.
Enteral Nutrition

For the purpose of this Benefit, "enteral formulas" include:

Cosmetic Procedures are excluded from coverage. Procedures that correct an anatomical Congenital Anomaly without improving or restoring physiologic function are considered Cosmetic Procedures. The fact that a Covered Person may suffer psychological consequences or socially avoidant behavior as a result of an Injury, Sickness or Congenital Anomaly does not classify surgery or other procedures done to relieve such consequences or behavior as a reconstructive procedure.

The Claims Administrator will determine if Benefits are available by reviewing both the skilled nature of the service and the need for Physician-directed medical management.
Therapies provided for the purpose of general well-being or conditioning in the absence of a disabling condition are not considered habilitative services. A service will not be determined to be "skilled" simply because there is not an available caregiver.

Benefits are provided for habilitative services provided for Covered Persons with a disabling condition when both of the following conditions are met:

- The treatment is administered by a licensed speech-language pathologist, licensed audiologist, licensed occupational therapist, licensed physical therapist or Physician.
- The initial or continued treatment must be proven and not Experimental or Investigational.

Custodial Care, respite care, day care, therapeutic recreation, vocational training and Residential Treatment are not habilitative services. A service that does not help the Covered Person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service.

The Plan may require that a treatment plan be provided, request medical records, clinical notes, or other necessary data to allow the Plan to substantiate that initial or continued medical treatment is needed. When the treating provider anticipates that continued treatment is or will be required to permit the Covered Person to achieve demonstrable progress, the Plan may request a treatment plan consisting of diagnosis, proposed treatment by type, frequency, anticipated duration of treatment, the anticipated goals of treatment, and how frequently the treatment plan will be updated.

Benefits for Durable Medical Equipment and prosthetic devices, when used as a component of habilitative services, are described under Durable Medical Equipment and Prosthetic Devices in this section.

For outpatient rehabilitation services for speech therapy, the Plan will pay Benefits for the treatment of disorders of speech, language, voice, communication and auditory processing only when the disorder results from Injury, stroke, cancer, or Congenital Anomaly. SECTION 9 - CLAIMS PROCEDURES

What this section includes:
■ How Network and non-Network claims work.
■ What to do if your claim is denied, in whole or in part.

Network Benefits

In general, if you receive Covered Health Services from a Network provider, UnitedHealthcare will pay the Physician or facility directly. If a Network provider bills you for any Covered Health Service other than your Copay or Coinsurance, please contact the provider or call UnitedHealthcare at the phone number on your ID card for assistance.

Keep in mind, you are responsible for paying any Copay or Coinsurance owed to a Network provider at the time of service, or when you receive a bill from the provider.

Non-Network Benefits

If you receive a bill for Covered Health Services from a non-Network provider as a result of an Emergency, you (or the provider if they prefer) must send the bill to UnitedHealthcare for processing. To make sure the claim is processed promptly and accurately, a completed claim form must be attached and mailed to UnitedHealthcare at the address on your ID card.

Prescription Drug Benefit Claims

If you wish to receive reimbursement for a prescription, you may submit a post-service claim as described in this section if:

■ You are asked to pay the full cost of the Prescription Drug Product when you fill it and you believe that the Plan should have paid for it.
■ You pay a Copay and you believe that the amount of the Copay was incorrect.

If a pharmacy (retail or mail order) fails to fill a prescription that you have presented and you believe that it is a Covered Health Service, you may submit a pre-service request for Benefits as described in this section.

If Your Provider Does Not File Your Claim

You can obtain a claim form by visiting www.myuhc.com, calling the number on your ID card or contacting Human Resources. If you do not have a claim form, simply attach a brief letter of explanation to the bill, and verify that the bill contains the information listed below. If any of these items are missing from the bill, you can include them in your letter:

■ Your name and address.
■ The patient's name, age and relationship to the Participant.
■ The number as shown on your ID card.
The name, address and tax identification number of the provider of the service(s).

A diagnosis from the Physician.

The date of service.

An itemized bill from the provider that includes:

- A description of, and the charge for, each service.
- The date the Sickness or Injury began.
- A statement indicating either that you are, or you are not, enrolled for coverage under any other health insurance plan or program. If you are enrolled for other coverage you must include the name and address of the other carrier(s).

Failure to provide all the information listed above may delay any reimbursement that may be due you.

For medical claims, the above information should be filed with UnitedHealthcare at the address on your ID card. When filing a claim for outpatient Prescription Drug Product Benefits, submit your claim to the pharmacy benefit manager claims address noted on your ID card.

After UnitedHealthcare has processed your claim, you will receive payment for Benefits that the Plan allows. It is your responsibility to pay the provider the charges you incurred, including any difference between what you were billed and what the Plan paid.

**Payment of Benefits**

When you assign your Benefits under the Plan to a non-Network provider with UnitedHealthcare's consent, and the non-Network provider submits a claim for payment, you and the non-Network provider represent and warrant that the Covered Health Services were actually provided and were medically appropriate.

To be recognized as a valid assignment of Benefits under the Plan, the assignment must reflect the Covered Person's agreement that the non-Network provider will be entitled to all the Covered Person's rights under the Plan and applicable state and federal laws, including legally required notices and procedural reviews concerning the Covered Person's Benefits, and that the Covered Person will no longer be entitled to those rights. If an assignment form does not comply with this requirement, but directs that your benefit payment should be made directly to the provider, UnitedHealthcare may in its discretion make payment of the benefits directly to the provider for your convenience, but will treat you, rather than the provider, as the beneficiary of your claim. If Benefits are assigned or payment to a non-Network provider is made, Montgomery County Government reserves the right to offset Benefits to be paid to the provider by any amounts that the provider owes Montgomery County Government (including amounts owed as a result of the assignment of other plans' overpayment recovery rights to the Plan) pursuant to *Refund of Overpayments* in Section 10, *Coordination of Benefits*. 
UnitedHealthcare will pay Benefits to you unless:

- The provider submits a claim form to UnitedHealthcare that you have provided signed authorization to assign Benefits directly to that provider.
- You make a written request for the non-Network provider to be paid directly at the time you submit your claim.

UnitedHealthcare will only pay Benefits to you or, with written authorization by you, your Provider, and not to a third party, even if your provider purports to have assigned Benefits to that third party.

**Form of Payment of Benefits**

Payment of Benefits under the Plan shall be in cash or cash equivalents, or in the form of other consideration that UnitedHealthcare in its discretion determines to be adequate. Where Benefits are payable directly to a provider, such adequate consideration includes the forgiveness in whole or in part of amounts the provider owes to other plans for which UnitedHealthcare makes payments, where the Plan has taken an assignment of the other plans’ recovery rights for value.

**Health Statements**

Each month in which UnitedHealthcare processes at least one claim for you or a covered Dependent, you will receive a Health Statement in the mail. Health Statements make it easy for you to manage your family's medical costs by providing claims information in easy-to-understand terms.

If you would rather track claims for yourself and your covered Dependents online, you may do so at www.myuhc.com. You may also elect to discontinue receipt of paper Health Statements by making the appropriate selection on this site.

**Explanation of Benefits (EOB)**

You may request that UnitedHealthcare send you a paper copy of an Explanation of Benefits (EOB) after processing the claim. The EOB will let you know if there is any portion of the claim you need to pay. If any claims are denied in whole or in part, the EOB will include the reason for the denial or partial payment. If you would like paper copies of the EOBs, you may call the toll-free number on your ID card to request them. You can also view and print all of your EOBs online at www.myuhc.com. See Section 14, Glossary, for the definition of Explanation of Benefits.

**Important - Timely Filing of Non-Network Claims**

All claim forms for non-Network services must be submitted within 12 months after the date of service. Otherwise, the Plan will not pay any Benefits for that Eligible Expense, or Benefits will be reduced, as determined by UnitedHealthcare. This 12-month requirement does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.
Claim Denials and Appeals

*If Your Claim is Denied*

If a claim for Benefits is denied in part or in whole, you may call UnitedHealthcare at the number on your ID card before requesting a formal appeal. If UnitedHealthcare cannot resolve the issue to your satisfaction over the phone, you have the right to file a formal appeal as described below.

*How to Appeal a Denied Claim*

If you wish to appeal a denied pre-service request for Benefits or post-service claim as described below, you or your authorized representative must submit your appeal in writing within 180 days of receiving the adverse benefit determination. You do not need to submit urgent care appeals in writing. This communication should include:

- The patient's name and ID number as shown on the ID card.
- The provider's name.
- The date of medical service.
- The reason you disagree with the denial.
- Any documentation or other written information to support your request.

You or your authorized representative may send a written request for an appeal to:

UnitedHealthcare - Appeals  
P.O. Box 30432  
Salt Lake City, Utah 84130-0432

For urgent care requests for Benefits that have been denied, you or your provider can call UnitedHealthcare at the toll-free number on your ID card to request an appeal.

### Types of claims

The timing of the claims appeal process is based on the type of claim you are appealing. If you wish to appeal a claim, it helps to understand whether it is an:

- Urgent care request for Benefits.
- Pre-service request for Benefits.
- Post-service claim.
- Concurrent claim.

### Urgent Appeals that Require Immediate Action

Your appeal may require immediate action if a delay in treatment could significantly increase the risk to your health, or the ability to regain maximum function, or cause severe pain. If your situation is urgent, your review will be conducted as quickly as possible. If you believe your situation is urgent, you may request an expedited review, and, if applicable, file an external review at the same time. For help call the Claims Administrator at the number listed on your health plan ID card. Generally, an urgent situation is when your life or health may
be in serious jeopardy. Or when, in the opinion of your doctor, you may be experiencing severe pain that cannot be adequately controlled while you wait for a decision on your claim or appeal.

**Review of an Appeal**

UnitedHealthcare will conduct a full and fair review of your appeal. The appeal may be reviewed by:

- An appropriate individual(s) who did not make the initial benefit determination.
- A health care professional with appropriate expertise who was not consulted during the initial benefit determination process.

Once the review is complete, if UnitedHealthcare upholds the denial, you will receive a written explanation of the reasons and facts relating to the denial.

**Filing a Second Appeal**

Your Plan offers two levels of appeal. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal from UnitedHealthcare within 60 days from receipt of the first level appeal determination.

**Note:** Upon written request and free of charge, any Covered Persons may examine their claim and/or appeals file(s). Covered Persons may also submit evidence, opinions and comments as part of the internal claims review process. UnitedHealthcare will review all claims in accordance with the rules established by the U.S. Department of Labor. Any Covered Person will be automatically provided, free of charge, and sufficiently in advance of the date on which the notice of final internal adverse benefit determination is required, with: (i) any new or additional evidence considered, relied upon or generated by the Plan in connection with the claim; and, (ii) a reasonable opportunity for any Covered Person to respond to such new evidence or rationale.

**Federal External Review Program**

If, after exhausting your internal appeals, you are not satisfied with the determination made by UnitedHealthcare, or if UnitedHealthcare fails to respond to your appeal in accordance with applicable regulations regarding timing, you may be entitled to request an external review of UnitedHealthcare's determination. The process is available at no charge to you.

If one of the above conditions is met, you may request an external review of adverse benefit determinations based upon any of the following:

- Clinical reasons.
- The exclusions for Experimental or Investigational Service(s) or Unproven Service(s).
- Rescission of coverage (coverage that was cancelled or discontinued retroactively).
- As otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address set out in the determination letter. You or your representative may
request an expedited external review, in urgent situations as detailed below, by calling the number on your ID card or by sending a written request to the address set out in the determination letter. A request must be made within four months after the date you received UnitedHealthcare's decision.

An external review request should include all of the following:

- A specific request for an external review.
- The Covered Person's name, address, and insurance ID number.
- Your designated representative's name and address, when applicable.
- The service that was denied.
- Any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an Independent Review Organization (IRO). UnitedHealthcare has entered into agreements with three or more IROs that have agreed to perform such reviews. There are two types of external reviews available:

- A standard external review.
- An expedited external review.

**Standard External Review**

A standard external review is comprised of all of the following:

- A preliminary review by UnitedHealthcare of the request.
- A referral of the request by UnitedHealthcare to the IRO.
- A decision by the IRO.

Within the applicable timeframe after receipt of the request, UnitedHealthcare will complete a preliminary review to determine whether the individual for whom the request was submitted meets all of the following:

- Is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.
- Has exhausted the applicable internal appeals process.
- Has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the preliminary review, UnitedHealthcare will issue a notification in writing to you. If the request is eligible for external review, UnitedHealthcare will assign an IRO to conduct such review. UnitedHealthcare will assign requests by either rotating claims assignments among the IROs or by using a random selection process.

The IRO will notify you in writing of the request's eligibility and acceptance for external review. You may submit in writing to the IRO within ten business days following the date of receipt of the notice additional information that the IRO will consider when conducting the
external review. The IRO is not required to, but may, accept and consider additional information submitted by you after ten business days.

UnitedHealthcare will provide to the assigned IRO the documents and information considered in making UnitedHealthcare's determination. The documents include:

- All relevant medical records.
- All other documents relied upon by UnitedHealthcare.
- All other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request and UnitedHealthcare will include it with the documents forwarded to the IRO.

In reaching a decision, the IRO will review the claim anew and not be bound by any decisions or conclusions reached by UnitedHealthcare. The IRO will provide written notice of its determination (the "Final External Review Decision") within 45 days after it receives the request for the external review (unless they request additional time and you agree). The IRO will deliver the notice of Final External Review Decision to you and UnitedHealthcare, and it will include the clinical basis for the determination.

Upon receipt of a Final External Review Decision reversing UnitedHealthcare’s determination, the Plan will immediately provide coverage or payment for the benefit claim at issue in accordance with the terms and conditions of the Plan, and any applicable law regarding plan remedies. If the Final External Review Decision is that payment or referral will not be made, the Plan will not be obligated to provide Benefits for the health care service or procedure.

**Expedited External Review**

An expedited external review is similar to a standard external review. The most significant difference between the two is that the time periods for completing certain portions of the review process are much shorter, and in some instances you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review if you receive either of the following:

- An adverse benefit determination of a claim or appeal if the adverse benefit determination involves a medical condition for which the time frame for completion of an expedited internal appeal would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function and you have filed a request for an expedited internal appeal.
- A final appeal decision, if the determination involves a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function, or if the final appeal decision concerns an admission, availability of care, continued stay, or health care service, procedure or product for which the individual received emergency services, but has not been discharged from a facility.
Immediately upon receipt of the request, UnitedHealthcare will determine whether the individual meets both of the following:

- Is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.
- Has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the review, UnitedHealthcare will immediately send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, UnitedHealthcare will assign an IRO in the same manner UnitedHealthcare utilizes to assign standard external reviews to IROs. UnitedHealthcare will provide all necessary documents and information considered in making the adverse benefit determination or final adverse benefit determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method. The IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the IRO will review the claim anew and not be bound by any decisions or conclusions reached by UnitedHealthcare. The IRO will provide notice of the final external review decision for an expedited external review as expeditiously as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request. If the initial notice is not in writing, within 48 hours after the date of providing the initial notice, the assigned IRO will provide written confirmation of the decision to you and to UnitedHealthcare.

You may contact UnitedHealthcare at the toll-free number on your ID card for more information regarding external review rights, or if making a verbal request for an expedited external review.

**Timing of Appeals Determinations**

Separate schedules apply to the timing of claims appeals, depending on the type of claim. There are three types of claims:

- Urgent care request for Benefits - a request for Benefits provided in connection with urgent care services.
- Pre-Service request for Benefits - a request for Benefits which the Plan must approve or in which you must notify UnitedHealthcare before non-urgent care is provided.
- Post-Service - a claim for reimbursement of the cost of non-urgent care that has already been provided.

Please note that the decision is based only on whether or not Benefits are available under the Plan for the proposed treatment or procedure.

You may have the right to external review through an *Independent Review Organization (IRO)* upon the completion of the internal appeal process. Instructions regarding any such rights,
and how to access those rights, will be provided in the Claims Administrator's decision letter to you.

The tables below describe the time frames which you and UnitedHealthcare are required to follow.

Concurrent Care Claims

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent care request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. UnitedHealthcare will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent care request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

Limitation of Action

You cannot bring any legal action against Montgomery County Government or the Claims Administrator to recover reimbursement until 90 days after you have properly submitted a request for reimbursement as described in this section and all required reviews of your claim have been completed. If you want to bring a legal action against Montgomery County Government or the Claims Administrator, you must do so within three years from the expiration of the time period in which a request for reimbursement must be submitted or you lose any rights to bring such an action against Montgomery County Government or the Claims Administrator.

You cannot bring any legal action against Montgomery County Government or the Claims Administrator for any other reason unless you first complete all the steps in the appeal process described in this section. After completing that process, if you want to bring a legal action against Montgomery County Government or the Claims Administrator you must do so within three years of the date you are notified of the final decision on your appeal or you lose any rights to bring such an action against Montgomery County Government or the Claims Administrator.
SECTION 10 - COORDINATION OF BENEFITS (COB)

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Plan Sponsor's Self-Funded group medical benefit plan will be coordinated with those of any other plan that provides benefits to you.

When Does Coordination of Benefits Apply?

This Coordination of Benefits (COB) provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits.

- **Primary Plan.** The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses.

- **Secondary Plan.** The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense. Allowable Expense is defined below.

Definitions

For purposes of this section, terms are defined as follows:

A. **Plan.** A Plan is any of the following that provides benefits or services for medical, pharmacy or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

1. Plan includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.

2. Plan does not include: hospital indemnity coverage insurance or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

B. **This Plan.** This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced
because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

C. Order of Benefit Determination Rules. The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

D. Allowable Expense. For the purposes of COB, an Allowable Expense is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or according to contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense.

When the provider is a Network provider for both the primary plan and this Plan, the allowable expense is the primary plan’s network rate. When the provider is a network provider for the primary plan and a non-Network provider for this Plan, the allowable expense is the primary plan’s network rate. When the provider is a non-Network provider for the primary plan and a Network provider for this Plan, the allowable expense is the reasonable and customary charges allowed by the primary plan. When the provider is a non-Network provider for both the primary plan and this Plan, the allowable expense is the greater of the two Plans’ reasonable and customary charges. If this plan is secondary to Medicare, please also refer to the discussion in the section below, titled “Determining the Allowable Expense When this Plan is Secondary to Medicare”.

The following are examples of expenses or services that are not Allowable Expenses:

1. The difference between the cost of a semi-private hospital room and a private room is not an Allowable Expense unless one of the Plans provides coverage for private hospital room expenses.
2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its
benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.

5. The amount of any benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions and preferred provider arrangements.

E. Closed Panel Plan. Closed Panel Plan is a Plan that provides health care benefits to Covered Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

F. Custodial Parent. Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

What Are the Rules for Determining the Order of Benefit Payments?

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.

B. Except as provided in the next paragraph, a Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying plan is primary.

C. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.

D. Each Plan determines its order of benefits using the first of the following rules that apply:

1. Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an employee, former employee under COBRA, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the
person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.

2. **Dependent Child Covered Under More Than One Coverage Plan.** Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:
   a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
      (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
      (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.
   b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
      (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
      (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.
      (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.
      (4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
         (a) The Plan covering the Custodial Parent.
         (b) The Plan covering the Custodial Parent's spouse.
         (c) The Plan covering the non-Custodial Parent.
         (d) The Plan covering the non-Custodial Parent's spouse.
   c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.
   d) (i) For a dependent child who has coverage under either or both parents’ plans and also has his or her own coverage as a dependent under a spouse’s plan, the rule in paragraph (5) applies.
(ii) In the event the dependent child’s coverage under the spouse’s plan began on the same date as the dependent child’s coverage under either or both parents’ plans, the order of benefits shall be determined by applying the birthday rule in subparagraph (a) to the dependent child’s parent(s) and the dependent’s spouse.

3. **Active Employee or Retired or Laid-off Employee.** The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.

4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.

5. **Longer or Shorter Length of Coverage.** The Plan that covered the person the longer period of time is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.

6. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

### Effect on the Benefits of This Plan

**A.** When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

**B.** If a Covered Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

**C.** This Coverage Plan reduces its benefits as described below for Covered Persons who are eligible for Medicare when Medicare would be the Primary Plan.
Medicare benefits are determined as if the full amount that would have been payable under Medicare was actually paid under Medicare, even if:

- The person is entitled but not enrolled in Medicare. Medicare benefits are determined as if the person were covered under Medicare.
- The person is enrolled in a Medicare Advantage (Medicare Part C) plan and receives non-covered services because the person did not follow all rules of that plan. Medicare benefits are determined as if the services were covered under Medicare.
- The person receives services from a provider who has elected to opt-out of Medicare. Medicare benefits are determined as if the services were covered under Medicare and the provider had agreed to limit charges to the amount of charges allowed under Medicare rules.
- The services are provided in any facility that is not eligible for Medicare reimbursements, including a Veterans Administration facility, facility of the Uniformed Services, or other facility of the federal government. Medicare benefits are determined as if the services were provided by a facility that is eligible for reimbursement under Medicare.
- The person is enrolled under a plan with a Medicare Medical Savings Account. Medicare benefits are determined as if the person were covered under Medicare.

**Important:** If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under this Coverage Plan), you should enroll for and maintain coverage under both Medicare Part A and Part B. If you don't enroll and maintain that coverage, and if This Plan is secondary to Medicare, This Plan will pay Benefits under this Coverage Plan as if you were covered under both Medicare Part A and Part B. As a result, your out-of-pocket costs will be higher.

If you have not enrolled in Medicare, Benefits will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating provider if either of the following applies:

- You are eligible for, but not enrolled in, Medicare and this Coverage Plan is secondary to Medicare.
- You have enrolled in Medicare but choose to obtain services from a doctor that opts-out of the Medicare program.

When calculating this Coverage Plan's Benefits in these situations for administrative convenience, the Claims Administrator may, as the Claims Administrator determines, treat the provider's billed charges, rather than the Medicare approved amount or Medicare limiting charge, as the Allowable Expense for both this Coverage Plan and Medicare.

**Right to Receive and Release Needed Information**

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. The Claims Administrator may get the facts the Claims Administrator needs from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits.

This Plan need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give the Claims Administrator any facts the Claims
Administrator needs to apply those rules and determine benefits payable. If you do not provide the Claims Administrator the information the Claims Administrator needs to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

**Payments Made**

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, the Claims Administrator may process This Plan's payment for that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under This Plan. This Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

**Does This Plan Have the Right of Recovery?**

If the amount of the payments This Plan made is more than This Plan should have paid under this COB provision, This Plan may recover the excess from one or more of the persons This Plan have paid or for whom This Plan have paid; or any other person or organization that may be responsible for the benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

**Overpayment and Underpayment of Benefits**

If you are covered under more than one medical plan, there is a possibility that the other plan will pay a benefit that the Plan should have paid. If this occurs, the Plan may pay the other plan the amount owed.

If the Plan pays you more than it owes under this COB provision, you should pay the excess back promptly. Otherwise, the Plan Sponsor may recover the amount in the form of salary, wages, or benefits payable under any Plan Sponsor-funded benefit plans, including this Plan. The Plan Sponsor also reserves the right to recover any overpayment by legal action or offset payments on future allowable expenses.

If the Plan overpays a health care provider, the Plan reserves the right to recover the excess amount from the provider pursuant to Refund of Overpayments, below.

**Refund of Overpayments**

If the Plan pays for Benefits for expenses incurred on account of you, you, or any other person or organization that was paid, must make a refund to the Plan if:

- The Plan's obligation to pay Benefits was contingent on the expenses incurred being legally owed and paid by you, but all or some of the expenses were not paid by you or did not legally have to be paid by you.

- All or some of the payment the Plan made exceeded the Benefits under the Plan.

- All or some of the payment was made in error.
The amount that must be refunded equals the amount the Plan paid in excess of the amount that should have been paid under the Plan. If the refund is due from another person or organization, you agree to help the Plan get the refund when requested.

If the refund is due from you and you do not promptly refund the full amount owed, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, future Benefits for you that are payable under the Plan. If the refund is due from a person or organization other than you, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, (i) future Benefits that are payable in connection with services provided to other Covered Persons under the Plan; or (ii) future Benefits that are payment in connection with services provided to persons under other plans for which the Claims Administrator processes payments, pursuant to a transaction in which the Plan’s overpayment recovery rights are assigned to such other plans in exchange for such plans’ remittance of the amount of the reallocated payment. The reallocated payment amount will either:

- equal the amount of the required refund, or
- if less than the full amount of the required refund, will be deducted from the amount of refund owed to the Plan.

The Plan may have other rights in addition to the right to reallocate overpaid amounts and other enumerated rights, including the right to commence a legal action.

**How Are Benefits Paid When This Plan is Secondary to Medicare?**

If This Plan is secondary to Medicare, then Benefits payable under This Plan will be based on Medicare's reduced benefits.

**What is Different When You Qualify for Medicare?**

**Determining Which Plan is Primary When You Qualify for Medicare**

As permitted by law, this Plan will pay Benefits second to Medicare when you become eligible for Medicare, even if you don't elect it. There are, however, Medicare-eligible individuals for whom the Plan pays Benefits first and Medicare pays benefits second:

- Employees with active current employment status age 65 or older and their Spouses age 65 or older (however, Domestic Partners are excluded as provided by Medicare).
- Individuals with end-stage renal disease, for a limited period of time.
- Disabled individuals under age 65 with current employment status and their Dependents under age 65.

**Determining the Allowable Expense When this Plan is Secondary to Medicare**

If this Plan is secondary to Medicare, the Medicare approved amount is the allowable expense, as long as the provider accepts reimbursement directly from Medicare. If the provider accepts reimbursement directly from Medicare, the Medicare approved amount is the charge that Medicare has determined that it will recognize and which it reports on an "explanation of Medicare benefits" issued by Medicare (the "EOMB") for a given service.
Medicare typically reimburses such providers a percentage of its approved charge – often 80%.

If the provider does not accept assignment of your Medicare benefits, the Medicare limiting charge (the most a provider can charge you if they don’t accept Medicare – typically 115% of the Medicare approved amount) will be the allowable expense. Medicare payments, combined with Plan Benefits, will not exceed 100% of the allowable expense.

If you are eligible for, but not enrolled in, Medicare, and this Plan is secondary to Medicare, or if you have enrolled in Medicare but choose to obtain services from a provider that does not participate in the Medicare program (as opposed to a provider who does not accept assignment of Medicare benefits), Benefits will be paid on a secondary basis under this Plan and will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating provider.

When calculating the Plan’s Benefits in these situations, and when Medicare does not issue an EOMB, for administrative convenience the Claims Administrator will treat the provider’s billed charges for covered services as the allowable expense for both the Plan and Medicare, rather than the Medicare approved amount or Medicare limiting charge.

**Medicare Crossover Program**

The Plan offers a Medicare Crossover program for Medicare Part A and Part B and Durable Medical Equipment (DME) claims. Under this program, you no longer have to file a separate claim with the Plan to receive secondary benefits for these expenses. Your Dependent will also have this automated Crossover, as long as he or she is eligible for Medicare and this Plan is your only secondary medical coverage.

Once the Medicare Part A and Part B and DME carriers have reimbursed your health care provider, the Medicare carrier will electronically submit the necessary information to the Claims Administrator to process the balance of your claim under the provisions of this Plan.

You can verify that the automated crossover took place when your copy of the explanation of Medicare benefits (EOMB) states your claim has been forwarded to your secondary carrier.

This crossover process does not apply to expenses that Medicare does not cover. You must continue to file claims for these expenses.

For information about enrollment or if you have questions about the program, call the telephone number listed on your ID card.
SECTION 11 - SUBROGATION AND REIMBURSEMENT

The Plan has a right to subrogation and reimbursement. References to “you” or “your” in this Subrogation and Reimbursement section shall include you, your estate and your heirs and beneficiaries unless otherwise stated.

Subrogation applies when the plan has paid Benefits on your behalf for a Sickness or Injury for which any third party is allegedly responsible. The right to subrogation means that the Plan is substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for the Benefits that the Plan has paid that are related to the Sickness or Injury for which any third party is considered responsible.

Subrogation – Example
Suppose you are injured in a car accident that is not your fault, and you receive Benefits under the Plan to treat your injuries. Under subrogation, the Plan has the right to take legal action in your name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those Benefits.

The right to reimbursement means that if it is alleged that any third party caused or is responsible for a Sickness or Injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to the Plan 100% of any Benefits you receive for that Sickness or Injury. The right of reimbursement shall apply to any Benefits received at any time until the rights are extinguished, resolved or waived in writing.

Reimbursement – Example
Suppose you are injured in a boating accident that is not your fault, and you receive Benefits under the Plan as a result of your injuries. In addition, you receive a settlement in a court proceeding from the individual who caused the accident. You must use the settlement funds to return to the plan 100% of any Benefits you received to treat your injuries.

The following persons and entities are considered third parties:

- A person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages.
- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages.
- The Plan Sponsor in a workers’ compensation case or other matter alleging liability.
- Any person or entity who is or may be obligated to provide Benefits or payments to you, including Benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers’ compensation coverage, other insurance carriers or third party administrators.
Any person or entity against whom you may have any claim for professional and/or legal malpractice arising out of or connected to a Sickness or Injury you allege or could have alleged were the responsibility of any third party.

Any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

You will cooperate with the Plan in protecting its legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:

- Notifying the Plan, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable.
- Providing any relevant information requested by the Plan.
- Signing and/or delivering such documents as the Plan or its agents reasonably request to secure the subrogation and reimbursement claim.
- Responding to requests for information about any accident or injuries.
- Making court appearances.
- Obtaining the Plan’s consent or its agents' consent before releasing any party from liability or payment of medical expenses.
- Complying with the terms of this section.

Your failure to cooperate with the Plan is considered a breach of contract. As such, the Plan has the right to terminate your Benefits, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to you or your representative not cooperating with the Plan.

If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.

The Plan has a first priority right to receive payment on any claim against any third party before you receive payment from that third party. Further, the Plan’s first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.

The Plan’s subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, your estate, your heirs and beneficiaries, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium and punitive damages. The Plan is not required to help you to pursue your claim for damages or personal injuries and no amount of associated costs, including attorneys' fees, shall be deducted from the Plan’s recovery without the Plan’s express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney’s Fund Doctrine" shall defeat this right.
Regardless of whether you have been fully compensated or made whole, the Plan may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which the Plan may collect include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule, any "Made-Whole Doctrine" or "Make-Whole Doctrine," claim of unjust enrichment, nor any other equitable limitation shall limit the Plan’s subrogation and reimbursement rights.

Benefits paid by the Plan may also be considered to be Benefits advanced.

If you receive any payment from any party as a result of Sickness or Injury, and the Plan alleges some or all of those funds are due and owed to the Plan, you and/or your representative shall hold those funds in trust, either in a separate bank account in your name or in your representative's trust account.

By participating in and accepting Benefits from the Plan, you agree that (i) any amounts recovered by you from any third party shall constitute Plan assets to the extent of the amount of Plan Benefits provided on behalf of the Covered Person, (ii) you and your representative shall be fiduciaries of the Plan (within the meaning of ERISA) with respect to such amounts, and (iii) you shall be liable for and agree to pay any costs and fees (including reasonable attorney fees) incurred by the Plan to enforce its reimbursement rights.

The Plan’s rights to recovery will not be reduced due to your own negligence.

By participating in and accepting Benefits from the Plan, you agree to assign to the Plan any Benefits, claims or rights of recovery you have under any automobile policy - including no-fault Benefits, PIP Benefits and/or medical payment Benefits - other coverage or against any third party, to the full extent of the Benefits the Plan has paid for the Sickness or Injury. By agreeing to provide this assignment in exchange for participating in and accepting Benefits, you acknowledge and recognize the Plan’s right to assert, pursue and recover on any such claim, whether or not you choose to pursue the claim, and you agree to this assignment voluntarily.

The Plan may, at its option, take necessary and appropriate action to preserve its rights under these provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer’s legal representative or other third party; filing an ERISA reimbursement lawsuit to recover the full amount of medical Benefits you receive for the Sickness or Injury out of any settlement, judgment or other recovery from any third party considered responsible and filing suit in your name or your estate’s name, which does not obligate the Plan in any way to pay you part of any recovery the Plan might obtain. Any ERISA reimbursement lawsuit stemming from a refusal to refund Benefits as required under the terms of the Plan is governed by a six-year statute of limitations.

You may not accept any settlement that does not fully reimburse the Plan, without its written approval.

The Plan has the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
In the case of your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries. In the case of your death the Plan’s right of reimbursement and right of subrogation shall apply if a claim can be brought on behalf of you or your estate that can include a claim for past medical expenses or damages. The obligation to reimburse the Plan is not extinguished by a release of claims or settlement agreement of any kind.

No allocation of damages, settlement funds or any other recovery, by you, your estate, the personal representative of your estate, your heirs, your beneficiaries or any other person or party, shall be valid if it does not reimburse the Plan for 100% of its interest unless the Plan provides written consent to the allocation.

The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by any third party. If a parent or guardian may bring a claim for damages arising out of a minor’s Sickness or Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.

If any third party causes or is alleged to have caused you to suffer a Sickness or Injury while you are covered under this Plan, the provisions of this section continue to apply, even after you are no longer covered.

In the event that you do not abide by the terms of the Plan pertaining to reimbursement, the Plan may terminate Benefits to you, your dependents or the participant, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to your failure to abide by the terms of the Plan. If the Plan incurs attorneys’ fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.

The Plan and all Administrators administering the terms and conditions of the Plan’s subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of its discretionary authority to (1) construe and enforce the terms of the Plan’s subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to the Plan.

**Right of Recovery**

The Plan also has the right to recover Benefits it has paid on you or your Dependent’s behalf that were:

- Made in error.
- Due to a mistake in fact.
- Advanced during the time period of meeting the Out-of-Pocket Maximum for the calendar year.
Benefits paid because you or your Dependent misrepresented facts are also subject to recovery.

If the Plan provides a Benefit for you or your Dependent that exceeds the amount that should have been paid, the Plan will:

- Require that the overpayment be returned when requested.
- Reduce a future Benefit payment for you or your Dependent by the amount of the overpayment.

If the Plan provides an advancement of Benefits to you or your Dependent during the time period of meeting the Out-of-Pocket Maximum for the calendar year, the Plan will send you or your Dependent a monthly statement identifying the amount you owe with payment instructions. The Plan has the right to recover Benefits it has advanced by:

- Submitting a reminder letter to you or a covered Dependent that details any outstanding balance owed to the Plan.
- Conducting courtesy calls to you or a covered Dependent to discuss any outstanding balance owed to the Plan.
SECTION 12 - WHEN COVERAGE ENDS

What this section includes:
- Circumstances that cause coverage to end.
- How to continue coverage after it ends.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, Montgomery County Government will still pay claims for Covered Health Services that you received before your coverage ended. However, once your coverage ends, Benefits are not provided for health services that you receive after coverage ended, even if the underlying medical condition occurred before your coverage ended.

Your coverage under the Plan will end on the earliest of:
- The date your employment with the Company ends.
- The date the Plan ends.
- The date you stop making the required contributions.
- The date you are no longer eligible.
- The date UnitedHealthcare receives written notice from Montgomery County Government to end your coverage, or the date requested in the notice, if later.
- The date you retire or are pensioned under the Plan, unless specific coverage is available for retired or pensioned persons and you are eligible for that coverage.

Coverage for your eligible Dependents will end on the earliest of:
- The date your coverage ends.
- The date you stop making the required contributions.
- The date UnitedHealthcare receives written notice from Montgomery County Government to end your coverage, or the date requested in the notice, if later.
- The date your Dependents no longer qualify as Dependents under this Plan.

Other Events Ending Your Coverage

The Plan will provide at least thirty days' prior written notice to you that your coverage will end on the date identified in the notice if you commit an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact including, but not limited to, knowingly providing incorrect information relating to another person's eligibility or status as a Dependent. You may appeal this decision during the 30-day notice period. The notice will contain information on how to pursue your appeal.

Note: If UnitedHealthcare and Montgomery County Government finds that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact Montgomery County Government has the right to
demand that you pay back all Benefits Montgomery County Government paid to you, or paid in your name, during the time you were incorrectly covered under the Plan.

**Coverage for a Disabled Child**

If an unmarried enrolled Dependent child with a mental or physical disability reaches an age when coverage would otherwise end, the Plan will continue to cover the child, as long as:

- The child is unable to be self-supporting due to a mental or physical handicap or disability.
- The child depends mainly on you for support.
- You provide to Montgomery County Government proof of the child's incapacity and dependency within 31 days of the date coverage would have otherwise ended because the child reached a certain age.
- You provide proof, upon Montgomery County Government's request, that the child continues to meet these conditions.

The proof might include medical examinations at Montgomery County Government's expense. However, you will not be asked for this information more than once a year. If you do not supply such proof within 31 days, the Plan will no longer pay Benefits for that child.

Coverage will continue, as long as the enrolled Dependent is incapacitated and dependent upon you, unless coverage is otherwise terminated in accordance with the terms of the Plan.

**Continuing Coverage Through COBRA**

If you lose your Plan coverage, you may have the right to extend it under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), as defined in Section 14, Glossary.

Continuation coverage under COBRA is available only to Plans that are subject to the terms of COBRA. You can contact your Plan Administrator to determine if Montgomery County Government is subject to the provisions of COBRA.

**Continuation Coverage under Federal Law (COBRA)**

Much of the language in this section comes from the federal law that governs continuation coverage. You should call your Plan Administrator if you have questions about your right to continue coverage.

In order to be eligible for continuation coverage under federal law, you must meet the definition of a "Qualified Beneficiary". A Qualified Beneficiary is any of the following persons who were covered under the Plan on the day before a qualifying event:

- A Participant.
- A Participant's enrolled Dependent, including with respect to the Participant's children, a child born to or placed for adoption with the Participant during a period of continuation coverage under federal law.
- A Participant's former Spouse.
Qualifying Events for Continuation Coverage under COBRA

The following table outlines situations in which you may elect to continue coverage under COBRA for yourself and your Dependents, and the maximum length of time you can receive continued coverage. These situations are considered qualifying events.

¹Subject to the following conditions: (i) notice of the disability must be provided within the latest of 60 days after a). the determination of the disability, b). the date of the qualifying event, c). the date the Qualified Beneficiary would lose coverage under the Plan, and in no event later than the end of the first 18 months; (ii) the Qualified Beneficiary must agree to pay any increase in the required premium for the additional 11 months over the original 18 months; and (iii) if the Qualified Beneficiary entitled to the 11 months of coverage has non-disabled family members who are also Qualified Beneficiaries, then those non-disabled Qualified Beneficiaries are also entitled to the additional 11 months of continuation coverage. Notice of any final determination that the Qualified Beneficiary is no longer disabled must be provided within 30 days of such determination. Thereafter, continuation coverage may be terminated on the first day of the month that begins more than 30 days after the date of that determination.

²This is a qualifying event for any Retired Participant and his or her enrolled Dependents if there is a substantial elimination of coverage within one year before or after the date the bankruptcy was filed.

Getting Started

You will be notified by mail if you become eligible for COBRA coverage as a result of a reduction in work hours or termination of employment. The notification will give you instructions for electing COBRA coverage, and advise you of the monthly cost. Your monthly cost is the full cost, including both Participant and Employer costs, plus a 2% administrative fee or other cost as permitted by law.

You will have up to 60 days from the date you receive notification or 60 days from the date your coverage ends to elect COBRA coverage, whichever is later. You will then have an additional 45 days to pay the cost of your COBRA coverage, retroactive to the date your Plan coverage ended.

During the 60-day election period, the Plan will, only in response to a request from a provider, inform that provider of your right to elect COBRA coverage, retroactive to the date your COBRA eligibility began.

While you are a participant in the medical Plan under COBRA, you have the right to change your coverage election:

- During Open Enrollment.
- Following a change in family status, as described under Changing Your Coverage in Section 2, Introduction.
Notification Requirements
If your covered Dependents lose coverage due to divorce, legal separation, or loss of Dependent status, you or your Dependents must notify the Plan Administrator within 60 days of the latest of:

- The date of the divorce, legal separation or an enrolled Dependent's loss of eligibility as an enrolled Dependent.
- The date your enrolled Dependent would lose coverage under the Plan.
- The date on which you or your enrolled Dependent are informed of your obligation to provide notice and the procedures for providing such notice.

You or your Dependents must also notify the Plan Administrator when a qualifying event occurs that will extend continuation coverage.

If you or your Dependents fail to notify the Plan Administrator of these events within the 60 day period, the Plan Administrator is not obligated to provide continued coverage to the affected Qualified Beneficiary. If you are continuing coverage under federal law, you must notify the Plan Administrator within 60 days of the birth or adoption of a child.

Once you have notified the Plan Administrator, you will then be notified by mail of your election rights under COBRA.

Notification Requirements for Disability Determination
If you extend your COBRA coverage beyond 18 months because you are eligible for disability benefits from Social Security, you must provide Human Resources with notice of the Social Security Administration's determination within 60 days after you receive that determination, and before the end of your initial 18-month continuation period.

The notice requirements will be satisfied by providing written notice to the Plan Administrator at the address stated in Section 16, Important Administrative Information. The contents of the notice must be such that the Plan Administrator is able to determine the covered Employee and qualified beneficiary(ies), the qualifying event or disability, and the date on which the qualifying event occurred.

Trade Act of 2002
The Trade Act of 2002 amended COBRA to provide for a special second 60-day COBRA election period for certain Participants who have experienced a termination or reduction of hours and who lose group health plan coverage as a result. The special second COBRA election period is available only to a very limited group of individuals: generally, those who are receiving trade adjustment assistance (TAA) or 'alternative trade adjustment assistance' under a federal law called the 'Trade Act of 1974. These Participants are entitled to a second opportunity to elect COBRA coverage for themselves and certain family members (if they did not already elect COBRA coverage), but only within a limited period of 60 days from the first day of the month when an individual begins receiving TAA (or would be eligible to receive TAA but for the requirement that unemployment benefits be exhausted) and only during the six months immediately after their group health plan coverage ended.
If a Participant qualifies or may qualify for assistance under the Trade Act of 1974, he or she should contact the Plan Administrator for additional information. The Participant must contact the Plan Administrator promptly after qualifying for assistance under the Trade Act of 1974 or the Participant will lose his or her special COBRA rights. COBRA coverage elected during the special second election period is not retroactive to the date that Plan coverage was lost, but begins on the first day of the special second election period.

**When COBRA Ends**

COBRA coverage will end, before the maximum continuation period, on the earliest of the following dates:

- the date, after electing continuation coverage, that coverage is first obtained under any other group health plan;
- the date, after electing continuation coverage, that you or your covered Dependent first becomes entitled to Medicare;
- the date coverage ends for failure to make the first required premium payment (premium is not paid within 45 days);
- the date coverage ends for failure to make any other monthly premium payment (premium is not paid within 30 days of its due date);
- the date the entire Plan ends; or
- the date coverage would otherwise terminate under the Plan as described in the beginning of this section.

**Note:** If you selected continuation coverage under a prior plan which was then replaced by coverage under this Plan, continuation coverage will end as scheduled under the prior plan or in accordance with the terminating events listed in this section, whichever is earlier.

**Uniformed Services Employment and Reemployment Rights Act**

A Participant who is absent from employment for more than 30 days by reason of service in the Uniformed Services may elect to continue Plan coverage for the Participant and the Participant's Dependents in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended (USERRA).

The terms "Uniformed Services" or "Military Service" mean the Armed Forces, the Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty training, or full-time National Guard duty, the commissioned corps of the Public Health Service, and any other category of persons designated by the President in time of war or national emergency.

If qualified to continue coverage pursuant to the USERRA, Participants may elect to continue coverage under the Plan by notifying the Plan Administrator in advance, and providing payment of any required contribution for the health coverage. This may include the amount the Plan Administrator normally pays on a Participant's behalf. If a Participant's Military Service is for a period of time less than 31 days, the Participant may not be required
to pay more than the regular contribution amount, if any, for continuation of health coverage.

A Participant may continue Plan coverage under USERRA for up to the lesser of:

- The 24 month period beginning on the date of the Participant's absence from work.
- The day after the date on which the Participant fails to apply for, or return to, a position of employment.

Regardless of whether a Participant continues health coverage, if the Participant returns to a position of employment, the Participant's health coverage and that of the Participant's eligible Dependents will be reinstated under the Plan. No exclusions or waiting period may be imposed on a Participant or the Participant's eligible Dependents in connection with this reinstatement, unless a Sickness or Injury is determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, the performance of military service.

You should call the Plan Administrator if you have questions about your rights to continue health coverage under USERRA.

Qualified Medical Child Support Orders (QMCSOs)

A qualified medical child support order (QMCSO) is a judgment, decree or order issued by a court or appropriate state agency that requires a child to be covered for medical benefits. Generally, a QMCSO is issued as part of a paternity, divorce, or other child support settlement.

If the Plan receives a medical child support order for your child that instructs the Plan to cover the child, the Plan Administrator will review it to determine if it meets the requirements for a QMCSO. If it determines that it does, your child will be enrolled in the Plan as your Dependent, and the Plan will be required to pay Benefits as directed by the order.

You may obtain, without charge, a copy of the procedures governing QMCSOs from the Plan Administrator.

Note: A National Medical Support Notice will be recognized as a QMCSO if it meets the requirements of a QMCSO.

Your Relationship with UnitedHealthcare and Montgomery County Government

In order to make choices about your health care coverage and treatment, Montgomery County Government believes that it is important for you to understand how UnitedHealthcare interacts with the Plan Sponsor's benefit Plan and how it may affect you. UnitedHealthcare helps administer the Plan Sponsor's benefit plan in which you are enrolled. UnitedHealthcare does not provide medical services or make treatment decisions. This means:

- UnitedHealthcare communicates to you decisions about whether the Plan will cover or pay for the health care that you may receive (the Plan pays for Covered Health Services, which are more fully described in this Employee Benefit Booklet).
■ The Plan may not pay for all treatments you or your Physician may believe are necessary. If the Plan does not pay, you will be responsible for the cost.

Montgomery County Government and UnitedHealthcare may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. Montgomery County Government and UnitedHealthcare will use individually identifiable information about you as permitted or required by law, including in operations and in research. Montgomery County Government and UnitedHealthcare will use de-identified data for commercial purposes including research.

Relationship with Providers

The Claims Administrator has agreements in place that govern the relationships between it and Montgomery County Government and Network providers, some of which are affiliated providers. Network providers enter into agreements with the Claims Administrator to provide Covered Health Services to Covered Persons.

Montgomery County Government and UnitedHealthcare do not provide health care services or supplies, nor do they practice medicine. Instead, Montgomery County Government and UnitedHealthcare arrange for health care providers to participate in a Network and administer payment of Benefits. Network providers are independent practitioners who run their own offices and facilities. UnitedHealthcare’s credentialing process confirms public information about the providers’ licenses and other credentials, but does not assure the quality of the services provided. They are not Montgomery County Government’s employees nor are they employees of UnitedHealthcare. Montgomery County Government and UnitedHealthcare are not responsible for any act or omission of any provider.

UnitedHealthcare is not considered to be an employer of the Plan Administrator for any purpose with respect to the administration or provision of benefits under this Plan.

Montgomery County Government is solely responsible for:

■ Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
■ The timely payment of the service fee to UnitedHealthcare.
■ The funding of Benefits on a timely basis.
■ Notifying you of the termination or modifications to the Plan.

Your Relationship with Providers

The relationship between you and any provider is that of provider and patient. You:

■ Are responsible for choosing your own provider.
■ Are responsible for paying, directly to your provider, any amount identified as a member responsibility, including Copayments, Coinsurance and any amount that exceeds Eligible Expenses.
- Are responsible for paying, directly to your provider, the cost of any non-Covered Health Service.
- Must decide if any provider treating you is right for you (this includes Network providers you choose and providers to whom you have been referred).
- Must decide with your provider what care you should receive.

Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and Montgomery County Government is that of employer and employee, Dependent or other classification as defined in this SPD.

**Interpretation of Benefits**

Montgomery County Government and UnitedHealthcare have the sole and exclusive discretion to do all of the following:

- Interpret Benefits under the Plan.
- Interpret the other terms, conditions, limitations and exclusions of the Plan, including this SPD, the Schedule of Benefits and any Addendums, SMMs and/or Amendments; and
- Make factual determinations related to the Plan and its Benefits.

Montgomery County Government and UnitedHealthcare may delegate this discretionary authority to other persons or entities including Claims Administrator’s affiliates that provide services in regard to the administration of the Plan. The identity of the service providers and the nature of their services may be changed from time to time in Plan Sponsor’s and the Claims Administrator's discretion. In order to receive Benefits, you must cooperate with those service providers.

In certain circumstances, for purposes of overall cost savings or efficiency, Montgomery County Government may, in its discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that Montgomery County Government does so in any particular case shall not in any way be deemed to require Montgomery County Government to do so in other similar cases.

**Information and Records**

Montgomery County Government and UnitedHealthcare may use your individually identifiable health information to administer the Plan and pay claims, to identify procedures, products, or services that you may find valuable, and as otherwise permitted or required by law. Montgomery County Government and UnitedHealthcare may request additional information from you to decide your claim for Benefits. Montgomery County Government and UnitedHealthcare will keep this information confidential. Montgomery County Government and UnitedHealthcare may also use your de-identified data for commercial purposes, including research, as permitted by law.

By accepting Benefits under the Plan, you authorize and direct any person or institution that has provided services to you to furnish Montgomery County Government and
UnitedHealthcare with all information or copies of records relating to the services provided to you. Montgomery County Government and UnitedHealthcare have the right to request this information at any reasonable time. This applies to all Covered Persons, including enrolled Dependents whether or not they have signed the Participant’s enrollment form. Montgomery County Government and UnitedHealthcare agree that such information and records will be considered confidential.

Montgomery County Government and UnitedHealthcare have the right to release any and all records concerning health care services which are necessary to implement and administer the terms of the Plan, for appropriate medical review or quality assessment, or as Montgomery County Government is required to do by law or regulation. During and after the term of the Plan, Montgomery County Government and UnitedHealthcare and its related entities may use and transfer the information gathered under the Plan in a de-identified format for commercial purposes, including research and analytic purposes.

For complete listings of your medical records or billing statements Montgomery County Government recommends that you contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from UnitedHealthcare, they also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, Montgomery County Government and UnitedHealthcare will designate other persons or entities to request records or information from or related to you, and to release those records as necessary. UnitedHealthcare's designees have the same rights to this information as does the Plan Administrator.

**Incentives to Providers**

Network providers may be provided financial incentives by UnitedHealthcare to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction, and/or cost-effectiveness.

- A practice called capitation which is when a group of Network providers receives a monthly payment from UnitedHealthcare for each Covered Person who selects a Network provider within the group to perform or coordinate certain health services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.

- Bundled payments - certain Network providers receive a bundled payment for a group of Covered Health Services for a particular procedure or medical condition. Your Copayment and/or Coinsurance will be calculated based on the provider type that received the bundled payment. The Network providers receive these bundled payments
regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment. If you receive follow-up services related to a procedure where a bundled payment is made, an additional Copayment and/or Coinsurance may not be required if such follow-up services are included in the bundled payment. You may receive some Covered Health Services that are not considered part of the inclusive bundled payment and those Covered Health Services would be subject to the applicable Copayment and/or Coinsurance as described in Plan Highlights.

If you have any questions regarding financial incentives you may contact the telephone number on your ID card. You can ask whether your Network provider is paid by any financial incentive, including those listed above; however, the specific terms of the contract, including rates of payment, are confidential and cannot be disclosed. In addition, you may choose to discuss these financial incentives with your Network provider.

**Incentives to You**

Sometimes you may be offered coupons, enhanced Benefits, or other incentives to encourage you to participate in various wellness programs or certain disease management programs, surveys, discount programs and/or programs to seek care in a more cost effective setting and/or from Designated Providers. In some instances, these programs may be offered in combination with a non-UnitedHealthcare entity. The decision about whether or not to participate is yours alone but Montgomery County Government recommends that you discuss participating in such programs with your Physician. These incentives are not Benefits and do not alter or affect your Benefits. You may call the number on your ID card if you have any questions. Additional information may be found in Section 7, Clinical Programs and Resources.

**Rebates and Other Payments**

Montgomery County Government and UnitedHealthcare may receive rebates for certain drugs that are administered to you in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet your Annual Deductible. Montgomery County Government and UnitedHealthcare may pass a portion of these rebates on to you. When rebates are passed on to you, they may be taken into account in determining your Copays or Coinsurance.

**Workers' Compensation Not Affected**

Benefits provided under the Plan do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

**Future of the Plan**

Although the Company expects to continue the Plan indefinitely, it reserves the right to discontinue, alter or modify the Plan in whole or in part, at any time and for any reason, at its sole determination.

The Company's decision to terminate or amend a Plan may be due to changes in federal or state laws governing employee benefits, the requirements of the Internal Revenue Code or
any other reason. A plan change may transfer plan assets and debts to another plan or split a plan into two or more parts. If the Company does change or terminate a plan, it may decide to set up a different plan providing similar or different benefits.

If this Plan is terminated, Covered Persons will not have the right to any other Benefits from the Plan, other than for those claims incurred prior to the date of termination, or as otherwise provided under the Plan. In addition, if the Plan is amended, Covered Persons may be subject to altered coverage and Benefits.

The amount and form of any final benefit you receive will depend on any Plan document or contract provisions affecting the Plan and Company decisions. After all Benefits have been paid and other requirements of the law have been met, certain remaining Plan assets will be turned over to the Company and others as may be required by any applicable law.

**Plan Document**

This Employee Benefit Booklet represents an overview of your Benefits. In the event there is a discrepancy between the Employee Benefit Booklet and the official plan document, the plan document will govern. A copy of the plan document is available for your inspection during regular business hours in the office of the Plan Administrator. You (or your personal representative) may obtain a copy of this document by written request to the Plan Administrator, for a nominal charge.

**Review and Determine Benefits in Accordance with UnitedHealthcare Reimbursement Policies**

UnitedHealthcare develops its reimbursement policy guidelines, in its sole discretion, in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that UnitedHealthcare accepts.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), UnitedHealthcare's reimbursement policies are applied to provider billings. UnitedHealthcare shares its reimbursement policies with Physicians and other providers in UnitedHealthcare's Network through UnitedHealthcare's provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by UnitedHealthcare's reimbursement policies) and the billed charge. However, non-Network providers are not subject to this prohibition, and may bill you for any amounts the Plan does not pay, including amounts that are denied because one of UnitedHealthcare's reimbursement policies does not reimburse (in whole or in part) for the service billed. You may obtain copies of UnitedHealthcare's reimbursement policies for yourself or to share with your non-Network Physician or provider by going to [www.myuhc.com](http://www.myuhc.com) or by calling the telephone number on your ID card.
UnitedHealthcare may apply a reimbursement methodology established by *OptumInsight* and/or a third party vendor, which is based on *CMS* coding principles, to determine appropriate reimbursement levels for Emergency Health Services. The methodology is usually based on elements reflecting the patient complexity, direct costs, and indirect costs of an Emergency Health Service. If the methodology(ies) currently in use become no longer available, UnitedHealthcare will use a comparable methodology(ies). UnitedHealthcare and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to UnitedHealthcare’s website at [www.myuhc.com](http://www.myuhc.com) for information regarding the vendor that provides the applicable methodology.

  - A strong desire to be of the other gender (or some alternative gender different from one's assigned gender).
  - A strong desire to be treated as the other gender (or some alternative gender different from one's assigned gender).
  - A strong conviction that one has the typical feelings and reactions of the other gender (or some alternative gender different from one's assigned gender).
- The condition is associated with clinically significant distress or impairment in social, occupational or other important areas of functioning.

**Diagnostic criteria for children:**

- A marked incongruence between one's experienced/expressed gender and assigned gender, of at least six months' duration, as manifested by at least six of the following (one of which must be criterion as shown in the first bullet below):
  - A strong desire to be of the other gender or an insistence that one is the other gender (or some alternative gender different from one's assigned gender).
  - In boys (assigned gender), a strong preference for cross-dressing or simulating female attire; or in girls (assigned gender), a strong preference for wearing only typical masculine clothing and a strong resistance to the wearing of typical feminine clothing.
  - A strong preference for cross-gender roles in make-believe play or fantasy play.
♦ A strong preference for the toys, games or activities stereotypically used or engaged in by the other gender.
♦ A strong preference for playmates of the other gender.
♦ In boys (assigned gender), a strong rejection of typically masculine toys, games and activities and a strong avoidance of rough-and-tumble play; or in girls (assigned gender), a strong rejection of typically feminine toys, games and activities.
♦ A strong dislike of ones' sexual anatomy.
♦ A strong desire for the primary and/or secondary sex characteristics that match one's experienced gender.

- The condition is associated with clinically significant distress or impairment in social, school or other important areas of functioning.

**Gene Therapy** – therapeutic delivery of nucleic acid (DNA or RNA) into a patient's cells as a drug to treat a disease.

**Genetic Counseling** - counseling by a qualified clinician that includes:

- Identifying your potential risks for suspected genetic disorders;
- An individualized discussion about the benefits, risks and limitations of Genetic Testing to help you make informed decisions about Genetic Testing; and
- Interpretation of the Genetic Testing results in order to guide health decisions.

Certified genetic counselors, medical geneticists and physicians with a professional society's certification that they have completed advanced training in genetics are considered qualified clinicians when Covered Health Services for Genetic Testing require Genetic Counseling.

**Genetic Testing** - exam of blood or other tissue for changes in genes (DNA or RNA) that may indicate an increased risk for developing a specific disease or disorder, or provide information to guide the selection of treatment of certain diseases, including cancer.

**Gestational Carrier** - A Gestational Carrier is a female who becomes pregnant by having a fertilized egg (embryo) implanted in her uterus for the purpose of carrying the fetus to term for another person. The carrier does not provide the egg and is therefore not biologically (genetically) related to the child.

**Health Statement(s)** - a single, integrated statement that summarizes EOB information by providing detailed content on account balances and claim activity.

**Home Health Agency** - a program or organization authorized by law to provide health care services in the home.

**Hospital** - an institution, operated as required by law and that meets both of the following:

- It is primarily engaged in providing health services, on an inpatient basis, for the acute care and treatment of sick or injured individuals. Care is provided through medical,
mental health, substance-related and addictive disorders, diagnostic and surgical facilities, by or under the supervision of a staff of Physicians.

- It has 24-hour nursing services.

A Hospital is not primarily a place for rest, Custodial Care or care of the aged and is not a nursing home, convalescent home or similar institution.

**Infertility** - A disease (an interruption, cessation, or disorder of body functions, systems, or organs) of the reproductive tract which prevents the conception of a child or the ability to carry a pregnancy to delivery. It is defined by the failure to achieve a successful pregnancy after 12 months or more of appropriate, timed unprotected intercourse or Therapeutic Donor Insemination. Earlier evaluation and treatment may be justified based on medical history and physical findings and is warranted after 6 months for women age 35 years or older.

**Therapeutic Donor Insemination (TDI)** - Insemination with a donor sperm sample for the purpose of conceiving a child.

**Injury** - bodily damage other than Sickness, including all related conditions and recurrent symptoms.

**Inpatient Rehabilitation Facility** - a long term acute rehabilitation center, a Hospital (or a special unit of a Hospital designated as an Inpatient Rehabilitation Facility) that provides rehabilitation services (including physical therapy, occupational therapy and/or speech therapy) on an inpatient basis, as authorized by law.

**Inpatient Stay** - an uninterrupted confinement, following formal admission to a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility.

**Intensive Behavioral Therapy (IBT)** - outpatient behavioral/educational services that aim to reinforce adaptive behaviors, reduce maladaptive behaviors and improve the mastery of functional age appropriate skills in people with Autism Spectrum Disorders. Examples include *Applied Behavior Analysis (ABA)*, *The Denver Model*, and *Relationship Development Intervention (RDI)*.

**Intensive Outpatient Treatment** - a structured outpatient mental health or substance-related and addictive disorders treatment program that may be free-standing or Hospital-based and provides services for at least three hours per day, two or more days per week.

**Intermittent Care** - skilled nursing care that is provided or needed either:

- Fewer than seven days each week.
- Fewer than eight hours each day for periods of 21 days or less.

Exceptions may be made in special circumstances when the need for additional care is finite and predictable.
**Kidney Resource Services (KRS)** - a program administered by UnitedHealthcare or its affiliates made available to you by Montgomery County Government. The KRS program provides:

- Specialized consulting services to Participants and enrolled Dependents with ESRD or chronic kidney disease.
- Access to dialysis centers with expertise in treating kidney disease.
- Guidance for the patient on the prescribed plan of care.

**Medicaid** - a federal program administered and operated individually by participating state and territorial governments that provides medical benefits to eligible low-income people needing health care. The federal and state governments share the program's costs.

**Medically Necessary** – health care services that are all of the following as determined by the Claims Administrator or its designee, within the Claims Administrator’s sole discretion.

- in accordance with Generally Accepted Standards of Medical Practice;
- clinically appropriate, in terms of type, frequency, extent, service site and duration, and considered effective for your Sickness, Injury, Mental Illness, substance-related and addictive disorders disease or its symptoms;
- not mainly for your convenience or that of your doctor or other health care provider; and
- not more costly than an alternative drug, service(s), service site or supply that is at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of your Sickness, Injury, disease or symptoms.

**Generally Accepted Standards of Medical Practice** are standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, relying primarily on controlled clinical trials, or, if not available, observational studies from more than one institution that suggest a causal relationship between the service or treatment and health outcomes.

If no credible scientific evidence is available, then standards that are based on Physician specialty society recommendations or professional standards of care may be considered. The Claims Administrator reserves the right to consult expert opinion in determining whether health care services are Medically Necessary. The decision to apply Physician specialty society recommendations, the choice of expert and the determination of when to use any such expert opinion, shall be within the Claims Administrator’s sole discretion.

The Claims Administrator develops and maintains clinical policies that describe the **Generally Accepted Standards of Medical Practice** scientific evidence, prevailing medical standards and clinical guidelines supporting its determinations regarding specific services. These clinical policies (as developed by the Claims Administrator and revised from time to time), are available to Covered Persons on **www.myuhc.com** or by calling the number on your ID card, and to Physicians and other health care professionals on **www.UHCprovider.com**.
**Medicare** - Parts A, B, C and D of the insurance program established by Title XVIII, *United States Social Security Act*, as amended by 42 U.S.C. Sections 1394, et seq. and as later amended.

**Mental Health Services** – services for the diagnosis and treatment of those mental health or psychiatric categories that are listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or the *Diagnostic and Statistical Manual of the American Psychiatric Association*. The fact that a condition is listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment for the condition is a Covered Health Service.

**Mental Health/Substance-Related and Addictive Disorders Administrator** – the organization or individual designated by Montgomery County Government who provides or arranges Mental Health and Substance-Related and Addictive Disorders Services under the Plan.

**Mental Illness** – those mental health or psychiatric diagnostic categories listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association*. The fact that a condition is listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment for the condition is a Covered Health Service.

**Network** - when used to describe a provider of health care services, this means a provider that has a participation agreement in effect (either directly or indirectly) with the Claims Administrator or with its affiliate to participate in the Network; however, this does not include those providers who have agreed to discount their charges for Covered Health Services. The Claims Administrator's affiliates are those entities affiliated with the Claims Administrator through common ownership or control with the Claims Administrator or with the Claims Administrator's ultimate corporate parent, including direct and indirect subsidiaries.

A provider may enter into an agreement to provide only certain Covered Health Services, but not all Covered Health Services, or to be a Network provider for only some products. In this case, the provider will be a Network provider for the Covered Health Services and products included in the participation agreement, and a non-Network provider for other Covered Health Services and products. The participation status of providers will change from time to time.

**Network Benefits** - for Benefit Plans that have a Network Benefit level, this is the description of how Benefits are paid for Covered Health Services provided by Network providers. Refer to Section 5, *Plan Highlights* to determine whether or not your Benefit plan offers Network Benefits and Section 3, *How the Plan Works*, for details about how Network Benefits apply.

**New Pharmaceutical Product** - a Pharmaceutical Product or new dosage form of a previously approved Pharmaceutical Product. It applies to the period of time starting on the
date the Pharmaceutical Product or new dosage form is approved by the *U.S. Food and Drug Administration (FDA)* and ends on the earlier of the following dates.

- The date it is reviewed.
- December 31st of the following calendar year.

**Non-Medical 24-Hour Withdrawal Management** - An organized residential service, including those defined in *American Society of Addiction Medicine (ASAM)*, providing 24-hour supervision, observation, and support for patients who are intoxicated or experiencing withdrawal, using peer and social support rather than medical and nursing care.

**Open Enrollment** - the period of time, determined by Montgomery County Government, during which eligible Participants may enroll themselves and their Dependents under the Plan. Montgomery County Government determines the period of time that is the Open Enrollment period.

**Out-of-Pocket Maximum** - for Benefit plans that have an Out-of-Pocket Maximum, this is the maximum amount you pay every calendar year. Refer to Section 5, *Plan Highlights* for the Out-of-Pocket Maximum amount. See Section 3, *How the Plan Works* for a description of how the Out-of-Pocket Maximum works.

**Partial Hospitalization/Day Treatment** - a structured ambulatory program that may be a free-standing or Hospital-based program and that provides services for at least 20 hours per week.

**Participant** - a full-time Participant of the Employer who meets the eligibility requirements specified in the Plan, as described under *Eligibility* in Section 2, *Introduction*. A Participant must live and/or work in the United States.

**Personal Health Support** – programs provided by the Claims Administrator that focus on prevention, education, and closing the gaps in care designed to encourage an efficient system of care for you and your covered Dependents.

**Personal Health Support Nurse** – the primary nurse that UnitedHealthcare may assign to you if you have a chronic or complex health condition. If a Personal Health Support Nurse is assigned to you, this nurse will call you to assess your progress and provide you with information and education.

**Pharmaceutical Product(s)** – *U.S. Food and Drug Administration (FDA)*-approved prescription medications or products administered in connection with a Covered Health Service by a Physician.

**Physician** - any *Doctor of Medicine* or *Doctor of Osteopathy* who is properly licensed and qualified by law.

Please note: Any podiatrist, dentist, psychologist, chiropractor, optometrist or other provider who acts within the scope of his or her license will be considered on the same basis as a Physician. The fact that a provider is described as a Physician does not mean that Benefits for services from that provider are available to you under the Plan.

Plan Administrator - Montgomery County Government or its designee.

Plan Sponsor - Montgomery County Government.

Pregnancy - includes all of the following:

- Prenatal care.
- Postnatal care.
- Childbirth.
- Any complications associated with the above.

Presumptive Drug Test – test to determine the presence or absence of drugs or a drug class in which the results are indicated as negative or positive result.

Primary Physician - a Physician who has a majority of his or her practice in general pediatrics, internal medicine, obstetrics/gynecology, family practice or general medicine.

Private Duty Nursing - nursing care that is provided to a patient on a one-to-one basis by licensed nurses in an inpatient or a home setting when any of the following are true:

- Services exceed the scope of Intermittent Care in the home.
- The service is provided to aCovered Person by an independent nurse who is hired directly by the Covered Person or his/her family. This includes nursing services provided on an inpatient or a home-care basis, whether the service is skilled or non-skilled independent nursing.
- Skilled nursing resources are available in the facility.
- The Skilled Care can be provided by a Home Health Agency on a per visit basis for a specific purpose.

Reconstructive Procedure - a procedure performed to address a physical impairment where the expected outcome is restored or improved function. The primary purpose of a Reconstructive Procedure is either to treat a medical condition or to improve or restore physiologic function. Reconstructive Procedures include surgery or other procedures which are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not changed or improved physical appearance. The fact that a person may suffer psychologically as a result of the impairment does not classify surgery or any other procedure done to relieve the impairment as a Reconstructive Procedure.

Residential Treatment – treatment in a facility which provides Mental Health Services or Substance-Related and Addictive Disorders Services treatment. The facility meets all of the following requirements:
- It is established and operated in accordance with applicable state law for Residential Treatment programs.
- It provides a program of treatment under the active participation and direction of a Physician and approved by the Mental Health/Substance-Related and Addictive Disorders Administrator.
- It has or maintains a written, specific and detailed treatment program requiring full-time residence and full-time participation by the patient.
- It provides at least the following basic services in a 24-hour per day, structured milieu:
  - Room and board.
  - Evaluation and diagnosis.
  - Counseling.
  - Referral and orientation to specialized community resources.

A Residential Treatment facility that qualifies as a Hospital is considered a Hospital.

**Retired Employee** - an Employee who retires while covered under the Plan.

**Semi-private Room** - a room with two or more beds. When an Inpatient Stay in a Semi-private Room is a Covered Health Service, the difference in cost between a Semi-private Room and a private room is a benefit only when a private room is necessary in terms of generally accepted medical practice, or when a Semi-private Room is not available.

**Shared Savings Program** – a program in which UnitedHealthcare may obtain a discount to a non-Network provider's billed charges. This discount is usually based on a schedule previously agreed to by the non-Network provider and a third party vendor. When this program applies, the non-Network provider's billed charges will be discounted. Plan coinsurance and any applicable deductible would still apply to the reduced charge. Sometimes Plan provisions or administrative practices supersede the scheduled rate, and a different rate is determined by UnitedHealthcare.

In this case the non-Network provider may bill you for the difference between the billed amount and the rate determined by UnitedHealthcare. If this happens you should call the number on your ID Card. Shared Savings Program providers are not Network providers and are not credentialed by UnitedHealthcare.

**Sickness** - physical illness, disease or Pregnancy. The term Sickness as used in this Employee Benefit Booklet includes Mental Illness or substance-related and addictive disorders, regardless of the cause or origin of the Mental Illness or substance-related and addictive disorder.

**Skilled Care** - skilled nursing, teaching, and rehabilitation services when:

- They are delivered or supervised by licensed technical or professional medical personnel in order to obtain the specified medical outcome and provide for the safety of the patient.
- A Physician orders them.
■ They are not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair.

■ They require clinical training in order to be delivered safely and effectively.

■ They are not Custodial Care, as defined in this section.

**Skilled Nursing Facility** - a Hospital or nursing facility that is licensed and operated as required by law. A Skilled Nursing Facility that is part of a Hospital is considered a Skilled Nursing Facility for purposes of the Plan.

**Specialist Physician** - a Physician who has a majority of his or her practice in areas other than general pediatrics, internal medicine, obstetrics/gynecology, family practice or general medicine.

**Spinal Treatment** - detection or correction (by manual or mechanical means) of subluxation(s) in the body to remove nerve interference or its effects. The interference must be the result of, or related to, distortion, misalignment or subluxation of, or in, the vertebral column.

**Spouse** - an individual to whom you are legally married or a Domestic Partner as defined in this section. Only Domestic Partners enrolled under the Plan on June 28, 2016 are eligible for coverage.

**Substance-Related and Addictive Disorders Services** - services for the diagnosis and treatment of alcoholism and substance-related and addictive disorders that are listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association*. The fact that a disorder is listed in the edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Health Service.

**Surrogate** - a female who becomes pregnant usually by artificial insemination or transfer of a fertilized egg (embryo) for the purpose of carrying the fetus for another person. When the surrogate provides the egg the surrogate is biologically (genetically) related to the child.

**Transitional Living** - Mental Health Services and Substance-Related and Addictive Disorders Services that are provided through facilities, group homes and supervised apartments that provide 24-hour supervision, including those defined in *American Society of Addiction Medicine (ASAM)* criteria, that are either:

■ Sober living arrangements such as drug-free housing or alcohol/drug halfway houses. These are transitional, supervised living arrangements that provide stable and safe housing, an alcohol/drug-free environment and support for recovery. A sober living arrangement may be utilized as an adjunct to ambulatory treatment when treatment doesn’t offer the intensity and structure needed to assist the Covered Person with recovery.

■ Supervised living arrangements which are residences such as facilities, group homes and supervised apartments that provide stable and safe housing and the opportunity to learn
how to manage activities of daily living. Supervised living arrangements may be utilized as an adjunct to treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

**Unproven Services** - health services, including medications that are determined not to be effective for treatment of the medical condition and/or not to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials are two or more treatments compared to each other, with the patient not being allowed to choose which treatment is received.

- Well-conducted cohort studies from more than one institution are studies in which patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.

UnitedHealthcare has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time, UnitedHealthcare issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at [www.myuhc.com](http://www.myuhc.com).

Please note:

- If you have a life threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment), UnitedHealthcare may, at its discretion, consider an otherwise Unproven Service to be a Covered Health Service for that Sickness or condition. Prior to such a consideration, UnitedHealthcare must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or condition.

The decision about whether such a service can be deemed a Covered Health Service is solely at UnitedHealthcare's discretion. Other apparently similar promising but unproven services may not qualify.

**Urgent Care** – care that requires prompt attention to avoid adverse consequences, but does not pose an immediate threat to a person’s life. Urgent care is usually delivered in a walk-in setting and without an appointment. Urgent care facilities are a location, distinct from a hospital emergency department, an office or a clinic. The purpose is to diagnose and treat illness or injury for unscheduled, ambulatory patients seeking immediate medical attention.

**Urgent Care Center** – a facility that provides Covered Health Services that are required to prevent serious deterioration of your health, and that are required as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

¹ Covered Health Services refer to the Plan's benefits for prescription drug products.
You, your Physician or your pharmacist must notify UnitedHealthcare to receive full Benefits for certain Prescription Drug Products. Otherwise, you may pay more out-of-pocket. See Notification Requirements in this section for details.

**Note:** The Coordination of Benefits provision described in Section 10, *Coordination of Benefits (COB)* does not apply to covered Prescription Drug Products as described in this section, except that Benefits for Prescription Drug Products will be coordinated with prescription drug benefits provided under Medicare Parts B and D.

**If a Brand-name Drug Becomes Available as a Generic**
If a Brand-name Prescription Drug Product becomes available as a Generic drug, the tier placement of the Brand-name Prescription Drug Product may change. As a result, your Copay may change. You will pay the Copay applicable for the tier to which the Prescription Drug Product is assigned.

**Notification Requirements**
Before certain Prescription Drug Products are dispensed to you, it is the responsibility of your Physician, your pharmacist or you to notify UnitedHealthcare or its designee. The reason for notifying UnitedHealthcare or its designee is to determine if the Prescription Drug Product, in accordance with UnitedHealthcare's approved guidelines, is each of the following:

- It meets the definition of a Covered Health Service as defined by the Plan.
- It is not an Experimental or Investigational or Unproven Service, as defined in Section 14, *Glossary*.

The Plan may also require you to notify UnitedHealthcare or its designee so UnitedHealthcare can determine whether the Prescription Drug Product, in accordance with UnitedHealthcare's approved guidelines, was prescribed by a Specialist Physician.

**Network Pharmacy Notification**
When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for notifying UnitedHealthcare. If UnitedHealthcare is not notified before the Prescription Drug Product is dispensed, you can ask UnitedHealthcare to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. You may seek reimbursement from the Plan as described in Section 9, *Claims Procedures*.

When you submit a claim on this basis, you may pay more because you did not notify UnitedHealthcare before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge (for Prescription Drug Products from a Network Pharmacy), less the required Copayment and/or Coinsurance and any Deductible that applies.

To determine if a Prescription Drug Product requires notification, either visit [www.myuhc.com](http://www.myuhc.com) or call the number on your ID card. The Prescription Drug Products requiring notification are subject to UnitedHealthcare's periodic review and modification.
Benefits may not be available for the Prescription Drug Product after UnitedHealthcare reviews the documentation provided and determines that the Prescription Drug Product is not a Covered Health Service or it is an Experimental or Investigational or Unproven Service.

UnitedHealthcare may also require notification for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits associated with such programs. You may access information on available programs and any applicable notification, participation or activation requirements associated with such programs through the Internet at www.myuhc.com or by calling the number on your ID card.

**Identification Card (ID Card) - Network Pharmacy**

You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by UnitedHealthcare during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you will be required to pay the Usual and Customary Charge for the Prescription Drug at the pharmacy.

You may seek reimbursement from the Plan as described in Section 9, *Claims Procedures*, under the heading, *How to File a Claim*. When you submit a claim on this basis, you may pay more because you failed to verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Copayment and/or Coinsurance, and any deductible that applies.

Submit your claim to:

Optum Rx  
P.O. Box 29077  
Hot Springs, AR 71903

**Benefit Levels**

Benefits are available for outpatient Prescription Drug Products that are considered Covered Health Services.

The Plan pays Benefits at different levels for tier-1 and tier-2 Prescription Drug Products. All Prescription Drug Products covered by the Plan are categorized into these tiers on the Prescription Drug List (PDL). The tier status of a Prescription Drug Product can change periodically, generally quarterly but no more than six times per calendar year, based on the Prescription Drug List Management Committee's periodic tiering decisions. When that occurs, you may pay more or less for a Prescription Drug Product, depending on its tier assignment. Since the PDL may change periodically, you can visit www.myuhc.com or call UnitedHealthcare at the number on your ID card for the most current information.

Each tier is assigned a Copay, which is the amount you pay when you visit the pharmacy or order your medications through mail order. Your Copay will also depend on whether or not
you visit the pharmacy or use the mail order service - see the table shown at the beginning of this section for further details. Here's how the tier system works:

- Tier-1 is your lowest Copay option. For the lowest out-of-pocket expense, you should consider tier-1 drugs if you and your Physician decide they are appropriate for your treatment.

- Tier-2 is your highest Copay option. Consider a tier-2 drug if no tier-1 drug is available to treat your condition.

For Prescription Drug Products at a retail Network Pharmacy, you are responsible for paying the lowest of:

- The applicable Copay.
- The Network Pharmacy's Usual and Customary Charge for the Prescription Drug Product.
- The Prescription Drug Charge for that Prescription Drug Product.

For Prescription Drug Products from a mail order Network Pharmacy, you are responsible for paying the lower of:

- The applicable Copay.
- The Prescription Drug Charge for that particular Prescription Drug Product.

**Retail**

The Plan has a Network of participating retail pharmacies, which includes many large drug store chains. You can obtain information about Network Pharmacies by contacting UnitedHealthcare at the number on your ID card or by logging onto [www.myuhc.com](http://www.myuhc.com).

To obtain your prescription from a Network Pharmacy, simply present your ID card and pay the Copay. The Plan pays Benefits for certain covered Prescription Drug Products:

- As written by a Physician.
- Up to a consecutive 31-day supply, unless adjusted based on the drug manufacturer's packaging size or based on supply limits.
- When a Prescription Drug is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copay that applies will reflect the number of days dispensed.

If you purchase a Prescription Drug from a non-Network Pharmacy, you will be required to pay full price and will not receive reimbursement under the Plan.

**Note:** Network Pharmacy Benefits apply only if your prescription is for a Covered Health Service, and not for Experimental or Investigational, or Unproven Services. Otherwise, you are responsible for paying 100% of the cost.
Mail Order

The mail order service may allow you to purchase up to a 90-day supply of a covered maintenance drug through the mail from a Network Pharmacy.

To use the mail order service, all you need to do is complete a patient profile and enclose your Prescription Order or Refill. Your medication, plus instructions for obtaining refills, will arrive by mail about 14 days after your order is received. If you need a patient profile form, or if you have any questions, you can reach UnitedHealthcare at the number on your ID card.

The Plan pays mail order Benefits for certain covered Prescription Drug Products:

- As written by a Physician.
- Up to a consecutive 90-day supply, unless adjusted based on the drug manufacturer's packaging size or based on supply limits.

You may be required to fill an initial Prescription Drug Product order and obtain one refill through a retail pharmacy prior to using a mail order Network Pharmacy.

**Note:** To maximize your Benefit, ask your Physician to write your Prescription Order or Refill for a 90-day supply, with refills when appropriate. You will be charged a mail order Copay for any Prescription Order or Refill if you use the mail order service, regardless of the number of days' supply that is written on the order or refill. Be sure your Physician writes your mail order or refill for a 90-day supply, not a 30-day supply with three refills.

**Designated Pharmacies**

If you require certain Prescription Drug Products, UnitedHealthcare may direct you to a Designated Pharmacy with whom it has an arrangement to provide those Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you will be subject to the Non-Network Benefit for that Prescription Drug Product.

**Want to lower your out-of-pocket Prescription Drug costs?**
Consider tier-1 Prescription Drug Products, if you and your Physician decide they are appropriate.

**Assigning Prescription Drug Products to the PDL**

UnitedHealthcare's Prescription Drug List (PDL) Management Committee is authorized to make tier placement changes on UnitedHealthcare's behalf. The PDL Management Committee makes the final classification of an FDA-approved Prescription Drug Product to a certain tier by considering a number of factors including, but not limited to clinical and economic factors. Clinical factors may include, but are not limited to, evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or notification requirements should apply. Economic factors
may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, available rebates and assessments on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are most cost effective for specific indications as compared to others, therefore, a Prescription Drug Product may be listed on multiple tiers according to the indication for which the Prescription Drug Product was prescribed, or according to whether it was prescribed by a Specialist Physician.

The PDL Management Committee may periodically change the placement of a Prescription Drug Product among the tiers. These changes generally will occur quarterly, but no more than six times per calendar year. These changes may occur without prior notice to you.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Covered Person is a determination that is made by the Covered Person and the prescribing Physician.

Note: The tier status of a Prescription Drug Product may change periodically based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please access www.myuhc.com through the Internet or call the number on your ID card for the most up-to-date tier status.

Prescription Drug, Prescription Drug List (PDL), and Prescription Drug List (PDL) Management Committee are defined at the end of this section.

Prescription Drug List (PDL)
The Prescription Drug List (PDL) is a tool that helps guide you and your Physician in choosing the medications that allow the most effective and affordable use of your Prescription Drug Benefit.

Prescription Drug Benefit Claims
For Prescription Drug Product claims procedures, please refer to Section 9, Claims Procedures.

Limitation on Selection of Pharmacies
If UnitedHealthcare determines that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your selection of Network Pharmacies may be limited. If this happens, UnitedHealthcare may require you to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the designated single Network Pharmacy. If you don't make a selection within 31 days of the date the Plan Administrator notifies you, UnitedHealthcare will select a single Network Pharmacy for you.
Supply Limits
Benefits for Prescription Drug Products are subject to supply limits as stated in the table under the heading Prescription Drug Product Coverage Highlights. For a single Copayment and/or Coinsurance, you may receive a Prescription Drug Product up to the stated supply limit. Whether or not a Prescription Drug Products has a supply limit is subject to UnitedHealthcare's periodic review and modification.

Note: Some products are subject to additional supply limits based on criteria that the Plan Administrator and UnitedHealthcare have developed, subject to periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply.

Special Programs
Montgomery County Government and UnitedHealthcare may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as adherence/compliance to medication or treatment regimens and/or participation in health management programs. You may access information on these programs through the Internet at www.myuhc.com or by calling the number on your ID card.

Prescription Drug Products Prescribed by a Specialist Physician
You may receive an enhanced or reduced Benefit, or no Benefit, based on whether the Prescription Drug Product was prescribed by a Specialist Physician. You may access information on which Prescription Drug Products are subject to Benefit enhancement, reduction or no Benefit through the Internet at www.myuhc.com or by calling the number on your ID card.

Rebates and Other Discounts
UnitedHealthcare and Montgomery County Government may, at times, receive rebates for certain drugs included on the PDL, including those drugs that you purchase prior to meeting any applicable deductible. As determined by UnitedHealthcare, the Plan may pass a portion of these rebates on to you. When rebates are passed on to you they may be taken into account in determining your Copays.

UnitedHealthcare and a number of its affiliated entities, conduct business with various pharmaceutical manufacturers separate and apart from this Outpatient Prescription Drug section. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this Outpatient Prescription Drug section. UnitedHealthcare is not required to pass on to you, and does not pass on to you, such amounts.

Coupons, Incentives and Other Communications
At various times, UnitedHealthcare may send mailings or provide other communications to you, your Physician or your pharmacy that communicate a variety of messages, including information about Prescription Drugs. These communications may include offers that enable you, at your discretion, to purchase the described product at a discount. In some
instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

UnitedHealthcare may not permit certain coupons or offers from pharmaceutical manufacturers to reduce your Copayment and/or Coinsurance. You may access information on which coupons or offers are not permitted through the Internet at www.myuhc.com or by calling the number on your ID card.

Glossary - Outpatient Prescription Drug Products

**Brand-name** - a Prescription Drug Product: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that UnitedHealthcare identifies as a Brand-name product, based on available data resources including, but not limited to, Medi-Span, that classify drugs as either brand or generic based on a number of factors. You should know that all products identified as a "brand name" by the manufacturer, pharmacy, or your Physician may not be classified as Brand-name by UnitedHealthcare.

**Chemically Equivalent** - when Prescription Drug Products contain the same active ingredient.

**Designated Pharmacy** - a pharmacy that has entered into an agreement with UnitedHealthcare or with an organization contracting on its behalf, to provide specific Prescription Drug Products. The fact that a pharmacy is a Network Pharmacy does not mean that it is a Designated Pharmacy.

**Generic** - a Prescription Drug Product: (1) that is Chemically Equivalent to a Brand-name drug; or (2) that UnitedHealthcare identifies as a Generic product based on available data resources including, but not limited to, Medi-Span, that classify drugs as either brand or generic based on a number of factors. You should know that all products identified as a "generic" by the manufacturer, pharmacy or your Physician may not be classified as a Generic by UnitedHealthcare.

**Network Pharmacy** - a pharmacy that has:

- Entered into an agreement with UnitedHealthcare or an organization contracting on its behalf to provide Prescription Drug Products to Covered Persons.
- Agreed to accept specified reimbursement rates for dispensing Prescription Drug Products.
- Been designated by UnitedHealthcare as a Network Pharmacy.

**New Prescription Drug Product** - a Prescription Drug Product or new dosage form of a previously approved Prescription Drug Product, for the period of time starting on the date the Prescription Drug Product or new dosage form is approved by the U.S. Food and Drug Administration (FDA) and ending on the earlier of the following dates:

- The date it is assigned to a tier by UnitedHealthcare's PDL Management Committee.
- December 31st of the following calendar year.

**PDL** - see Prescription Drug List (PDL).

**PDL Management Committee** - see Prescription Drug List (PDL) Management Committee.

**Prescription Drug Charge** – the rate the Plan has agreed to pay UnitedHealthcare on behalf of its Network Pharmacies, including the applicable dispensing fee and any applicable sales tax, for a Prescription Drug Product dispensed at a Network Pharmacy.
**Prescription Drug List (PDL)** - a list that categorizes into tiers medications, products or devices that have been approved by the U.S. Food and Drug Administration. This list is subject to UnitedHealthcare's periodic review and modification (generally quarterly, but no more than six times per calendar year). You may determine to which tier a particular Prescription Drug Product has been assigned by contacting UnitedHealthcare at the number on your ID card or by logging onto www.myuhc.com.

**Prescription Drug List (PDL) Management Committee** - the committee that UnitedHealthcare designates for, among other responsibilities, classifying Prescription Drug Products into specific tiers.

**Prescription Drug Product** - a medication, or product that has been approved by the U.S. Food and Drug Administration (FDA) and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or Refill. A Prescription Drug Product includes a medication that, due to its characteristics, is appropriate for self-administration or administration by a non-skilled caregiver. For purposes of Benefits under this Plan, this definition includes:

- Inhalers (with spacers).
- Insulin.
- The following diabetic supplies:
  - Standard insulin syringes with needles.
  - Blood-testing strips - glucose.
  - Urine-testing strips - glucose.
  - Ketone-testing strips and tablets.
  - Lancets and lancet devices.
  - Glucose meters including continuous glucose monitors.
- Certain vaccines/immunizations administered in a Network Pharmacy.

**Prescription Order or Refill** - the directive to dispense a Prescription Drug Product issued by a duly licensed health care provider whose scope of practice permits issuing such a directive.

**Therapeutically Equivalent** - when Prescription Drug Products have essentially the same efficacy and adverse effect profile.

**Usual and Customary Charge** - the usual fee that a pharmacy charges individuals for a Prescription Drug Product without reference to reimbursement to the pharmacy by third parties. The Usual and Customary Charge includes a dispensing fee and any applicable sales tax.

ATTACHMENT I - HEALTH CARE REFORM NOTICES

Patient Protection and Affordable Care Act ("PPACA")

Grandfathered Health Plan Notice

This group health plan believes this Plan is a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your Plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the Plan Administrator at (240) 777-5076. You may also contact the U.S. Department of Health and Human Services at www.healthreform.gov.
ATTACHMENT II - LEGAL NOTICES

Women’s Health and Cancer Rights Act of 1998

As required by the Women's Health and Cancer Rights Act of 1998, the Plan provides Benefits under the Plan for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Services, as you determine appropriate with your attending Physician:

■ All stages of reconstruction of the breast on which the mastectomy was performed.
■ Surgery and reconstruction of the other breast to produce a symmetrical appearance.
■ Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Services (including Copayments and any Annual Deductible) are the same as are required for any other Covered Health Service. Limitations on Benefits are the same as for any other Covered Health Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under Federal law, group health Plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the Plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain prior authorization or notify the Claims Administrator. For information on notification or prior authorization, contact your issuer.
