Employee Disclosure of COVID-19 Vaccination Status

► Deadline to Complete Online Form: September 18, 2021

As an additional effort to maintain safe and healthy work environments, Montgomery County Executive Marc Elrich announced on August 4, 2021, the intention to establish a mandatory testing program for all Montgomery County Government employees who are not vaccinated.

To comply with this requirement, employees who are vaccinated must submit proof of vaccination via the online form, Employee Disclosure of COVID-19 Vaccination Status, by September 18, 2021. Employees who do not provide proof of vaccination by that date will be considered unvaccinated and may be required to participate in the mandatory testing program. The mandatory testing program is being bargained with our union partners and we will provide complete details of the testing process once the negotiations are complete.

Please log on with your AccessMCG* username and password and provide the requested information by September 18, 2021:
